

BP-British Petroleum-Part-1

the brainwashers, rapist, kidnappers and slave-makers using the illegal project Calypso

This document was created on: 13.03.2019 and Completed on: 4th of July 2020, happy Independence Day to all!

I decided to split the page into 2 pages for the following reasons:

1. To avoid that one page be over 100 pages
2. To have a logical categorization of the subjects, which is as follow:
 - 2.1. Part-1 what they did to me
 - 2.2. Part-2 the hidden reasons why they did that to me including some proves

For more detailed information see the page "BP-British Petroleum-Part-2".

The illegal project Calypso

This document is divided into 2 sections as follow:

Short version

This page is about BP-British Petroleum and their hidden very destructive network, where they used their criminal powers to brainwash me, enslave me under one of their hidden agents, destroy my logic and then kidnap me to USA, where they kept me as slave raising a son of one of their hidden criminals in Germany, Saudi Arabia or Jordan.

Who is member of their hidden network?

1. MI6
2. CIA
3. Members of my fake family in Jordan such as the following families that are hidden members of the Jordanian royal family: Bdeir/Budier, Abokurah, Malas and others
4. Members of my fake family in Saudi Arabia such as the following families that are hidden members of the Saudi Arabian royal family: Baroudi, Kheir, Bdeir/Budier, Abokurah, Khayat/Taylor, Ali and others
5. CIA and/or MI6 (CIA similar organization in UK) and/or BND (CIA similar organization in Germany) and/or AIVD (CIA similar organization in Netherlands) and their agents that pretended to be either members of my fake family or my friends, such as Nick Naggar and his official wife (that I suspect to be fake wife) Alia/Anita Naggar/Köse, (Köse is Turkish), Afrah/Mona/Moni Najjar, Fadia/Fifi Nagar, Hyatt/Hayat Baroudi, Mohamad Attar, Dr. Farzat Baroudi, Jalal Baroudi, Jawdat Baroudi, Dr. Sami Assassa and others, whereby some of them are in Saudi Arabia, others are in Jordan, others are in Egypt, others are in Germany, others are in USA, others are in UK and others are in all 4 countries as well as in other countries!
6. FBI in USA
7. Many members of various governments such as the Baroudi in Connecticut

8. Many petroleum companies such as: Shell, Chevron, Texaco, Exxon (in Europe and elsewhere it is Esso), ARAMCO (where members of my fake family works such as my fake sister Fadia Nagar and her alleged husband Dr. Alaa Ali), Koch Industries in USA, Jordan Petroleum company (it is controlled by some members of my fake family at that time it was the Bdeir/Budier family and most probably also Abokurah and Malas families) and many others that are small to very large companies and the reason I know that is because all of these mentioned companies and in one way or another set me up in coordination with the BP-British Petroleum brainwash, with the exception of Exxon, I never directly had anything to do with them, yet I included them because they are major competitor and simultaneously major business partner since at least 1950s
9. Many IT companies, from small to large, and the reason I know that for fact is because they set me up through these companies, starting in Germany and the company UDF in Stuttgart and Munich, and continued in USA and after kidnaping me from Germany to USA that set me up very destructively in help and coordination of BP-British Petroleum. These setup I did not understand at that time, but today I do, they were meant to blackmail my biological family members in various USA states such as Connecticut, New York, Massachusetts, California, Louisiana, Texas, Indiana, Pennsylvania, Washington, D.C. and a couple others, where I always realize I was either ticked to go there or I was not needed they just wanted me to be present and to be seen, which makes BP-British petroleum a blackmailer to Americans, because that is what they were doing blackmailing members of my biological family in USA
10. As a result of these blackmail attempts, unknown started to either attack me to push me away where ever I was offered a project or set me up to leave the city or even the entire country USA and these very destructive attacks and setups were performed in Bridgeport, Fairfield, and various other cities in Connecticut, New York, Allen Town, Chicago, Wichita, Kansas City, Semi Valley, New Orleans, Evansville, Washington D.C., Chicago, Houston and others

BP-British Petroleum had a project with the Syrian government called Calypso. They used their disposable company named SCS-Scientific Control Systems in Germany to perform this illegal project Calypso to provide the Syrian government with satellite computers to control the Syrian population in a totally illegal manner and unethical and absolutely against human and privacy rights. But also , this project Calypso was an illegal project and against the laws in Europe and USA because it was to negotiate with terrorists and trade technology for hostages, yet it was as coverup that they are delivering these high-technology satellite computers as possibly trade for hostages, whereby the word Calypso is from the old Greek story named Calypso where they detained Odysseus on the island of Ogygia for seven years=trading for hostages, yet I believe they were using the trade for hostages as a coverup, they wanted that the Syrian government keep the Syrians under strict control, which they did. To perform this project, they had to have the approval of the ex-USA president Ronald Reagan and his vice president George H.W. Bush and their administration and both covered up my kidnapping to USA and kept me on a short leash by force of the evil fake national security laws. And the reason I know that these not very nice presidents were involved in this project and 100% approved it, is because this project can only be performed with American military communication satellites, and that is only possible with the approval of the USA president and the American military that kept me as slave since 1970, with the exception of between September 1977 and December 1983, where I was free for this short period of time in my entire 67 years of life, which very much equals slavery at least from 10/11 January 1960 , which is my kidnapping date as child, and until I was able to relocate to the city Den Haag/The Hague in March 2016, and ever since I am trying to get free and understand what brought me to this country called The Netherlands where I was locked up most of the times since 11 February 2001, which is the date that the American government brought me here to the Netherlands by force for a re-brainwash and continuous lockup between jails, prisons and refugee camps. All this means also, that the German

government, and this is for me very unfortunate, very sad and very disappointing because I loved Germany, or at least the government of the so called Free State of Bavaria approved it and took a part in brainwashing me, enslaving me and kidnapping me to USA and the best prove of that, is that I was set up severely by the Dutch and Germany immigration among others to give me in 2002 a lifelong ban of ever entering Germany, which I was not able to lift it, yet they lift it in a most bizarre situation in November 2018 and back dated to 2014!

Below and in the section "More detailed version" you will see how they brainwashed me, enslaved me under one of their whores and then kidnapped me by force from Germany to USA in September 1986 and then blamed it on me and as a backup blamed it on the Syrian government that was their client in the project Calypso, and as a backup blamed it on the CIA/MI6 and British Petroleum whore woman named Najlaa Mahmoud that they enslaved me under and as an additional backup blamed it on the church and the members of my fake family that allegedly persecuted me because they set me up to become Christian enable they can have a reason to persecute me, brainwash me and kidnap me to USA to blackmail my biological family, that until today I do not know who they are, but I have an educated guess that I will leave out because I have no facts to prove it.

Blame it on the church, because they set me up countless times very destructively against the church and through the church in 1980s, between 1999 and 2003 and again in 2008-2013, which I will leave out, with minor setups with other churches to force my mind to hate the church and stay distant of it, I do not hate the church, in matter of fact I loved the church and I still love the church, but and very unfortunately I am distant of it because I do not understand Dutch good enough and I do not like Netherlands or the Dutch language because it was forced upon me and I was locked up most of the 18 years I was forced to live in this country, which was 13 years and persecuted until 2016. Setting me up with the church had at least 3 reasons:

1. To force me to think it is all because I allegedly became voluntarily Christian and as distraction of their evil agents that pretended to be members of my fake family
2. Some members, my guess around 10 or so, of the church where I get baptized in the city Unterschleissheim in Germany in 1976 were with either the CIA, MI6, BND and/or members of my fake family or even biological family and did not want me there in the same city to not see them
3. To prevent me to go back to this church in Unterschleissheim, where I discovered that some members of my fake family lives in and around there in that city called Unterschleissheim under other fake identities, in sort of a hideout identity of their official Saudi Arabian, Jordanian CIA agent's, MI6 agent's and hidden royal family's identities!
4. To not be among Christians that may help me and protect me from their very vicious and destructive setups and attacks

The process that the BP-British Petroleum used to brainwash me (December 1983-1986) and kidnapped me in September 1986 from Germany to USA was to achieve the followings:

1. To prevent me of visiting members of my fake family that I thought to be my biological family in Jordan, Saudi Arabia, Egypt, Switzerland, UK and in Germany, whereby in Germany I had more members of my fake family and biological family than I thought, and I did not know about them
2. To prevent me of discovering that members of my fake family are either CIA, MI6, BND or even AIVD agents in Jordan, Saudi Arabia and Egypt, and very possibly also in Switzerland, Germany, UK and USA. Which sounds paradox, but it is not, here is a small example why: the UK MI6 sends agent to the Middle East to live and become locals and work for their interests, they also send agents to Germany and this since at least when they won the 2nd world war, but also have countless agents in USA, in that they send them to Germany or to many countries of the middle east that then they get

the citizenship and go to USA to help control as much parts as they can, while pretending to be Germans, Jordanians, Saudi Arabians, Omani, EUA and so on

3. To prevent me to discover that some members of my fake family that claimed to have left Egypt shortly after me in 1970 but they never left Egypt
4. To prevent me to discover that I have a twin that took my place in Egypt after they took me to Germany in 1969 and very possibly also took my place in Germany after they kidnapped me in 1986 from Germany to USA, or he goes often to Germany and they did not want me to see him/her or that someone else get my attention to it
5. To kidnap me to USA enable they can use me as a blackmail object against my biological family
6. To force me to raise one of their children of their hidden agents in Germany, Middle East and/or Houston, Texas
7. To use me as a decoy for the mother of my fake son that was almost identical look as the woman whore they enslave me under on 24 December 1984, in matter of fact I strongly believe that this CIA & MI6 and BP-British Petroleum whore agent named Najlaa Mahmoud that pretend to be Syrian had 100% 2 almost identical lookalikes that exchanged places with her and without me noticing at that time
8. Above all, they 100% destroyed all my existent in Germany, including my friendships, the woman I loved, my residence permit after living there for 17 years, my profession by stealing al the designs and specifications that I either wrote or collected between 1979 and 1984, which was a unified design for multi-lingual computer systems, and this to prevent me of ever working in this field again to prevent me to go back to the Middle East, all these documents that they stole from me, were my private intellectual property and I was not able to recover them ever after that. Among others because they immediately thereafter enslaved me under the control of their whore agent Najlaa Mahmoud that totally controlled my life and made sure to get rid of anything that it can prove amu thing of my past

In USA, they already had a preplanned life for me, which was most sadistic, destructive and Nazi like.

Since BP-British Petroleum kidnapped me to USA to use me as a blackmail object against my biological family, and since they were also trying to coverup that I have an identical twin or even triplet, I strongly believe that they also were involved in kidnapping me as child on 10/11 January 1960.

And that makes BP-British Petroleum a children kidnapper, brainwasher, rapist, slave makers and also adult brainwasher slave makers, rapist and kidnappers and blackmailers and thieves of intellectual properties and thieves of lives and setting up their victim to look like a terrorist, drug lord, spy and member of organized crime organization, which very much says that they are actually an organized crime institution and the below details proves that.

Notes

Note-1: I really struggled to write this page and to complete it for the past nearly 3 months, either I was prevented to write or the more I write the more I remember, the more I discover the more I get depressive because of all my loses, above all human loses, that I cannot replace such as my actual biological family, my friends, that I thought were my friends from the church in Unterschleissheim, the woman I loved and wanted to marry and it turned out she was set on me to distract me of the church, my employers that I never wanted to leave, but I was forced to leave to prevent me to go to the Middle East to visit my family that turned out to be my fake family and my kidnappers that were enslaving me, losing my home and residence permit in Germany after living there for 17 years, and much more, and that is very depressive for me. How would you feel if you get up in the morning and find out that the woman you love is dead, your friends are dead, your family is dead, your home country does not exist anymore, your profession is lost in the midst of all this, this is what happened to me when I find out that my brother is not only not my brother, but also that they are 2 lookalike and each is worse than the other and more dangerous than the other and the same for the fake mother, and fake 3 sisters and the rest of this criminal fake family!

Note-2: This page has the following problems: it is not perfect, it is too long, it has some situations repeated twice possibly 3 times, however I am leaving it as it is, because and most of it is based on facts, with the exception where you read the words Nazis, it is most probably a sign of my anger, because I cannot verify who is Nazi and who is not, even if it is based on the theory that many Nazis that were waging wars in the Middle East, never left the Middle East and conspired to control countries such as Syria, some parts of Jordan and above all Saudi Arabia, and this due to the behavior of the governments in these countries, which it is not a human being behavior nor it is a Muslim behavior, it is a behavior of scare tactics and punishments to control the population with the help of USA, the UK and their allies that enslave people in these countries while pretending to be Muslims, such as members of my fake family, enable to steal not only the natural resources and the land, but to use the people as cheap labor, because human are the biggest natural resources of our lives, while preventing them to advance in life, which is very visible in Egypt, Jordan, Lebanon, Saudi Arabia and other countries to prevent the population to rise against them=hidden slavery as they did to me, but also as they have been doing in the Middle ages, and that is why these countries have laws from the middle ages that were designed to suppress them and control them!

This page is about the illegal project Calypso that was officially performed by BP-British Petroleum, CIA, MI6 (British similar to CIA) and BND (German similar to CIA), and most probably also by AIVD, where I was dragged there by force, brainwashed and enslaved under the CIA whore Najlaa Mahmoud, then kidnapped to USA to use me to blackmail my biological family in USA, during which I was forced to live as an illegal alien with absolute no rights what so ever, during which I was severely brainwashed, tortured mentally and physically and raped, while repeatedly destroying my profession, my social life and my entire life. The torture that they performed upon me in USA, I do not dare to write it down, because no one will believe me, however I wrote some of it, which you can find below and, in the page, "Slavery in USA".

This project was to deliver Satellite computers networked together that were depending on American satellites, allegedly to protect from terrorism, but in reality it was to control the Syrian population, whereby it is very possible that it was for the ex-Soviet Union to help them get their population under control, and Syria was used only as a proxy, or they also delivered both simultaneously. However, I am

only aware of the Syrian delivery and read the incident of allegedly illegally transporting IT equipment's in 1984 (which was during the project Calypso) from West Germany to East Germany=Ex-Soviet Union.

In short below is mainly the detail how they brainwashed me and kidnapped me from Germany to USA, the little info about the Calypso project is only to show how these nasty people misuse anything in life to enslave other people.

The section below was added on 14 and 22.04.2019, and thereafter

This complaint is addressed to the following institutions:

1. BP-British Petroleum
2. The British Government and the British Royal family that owns and operate the BP-British Petroleum, Jordan and parts of Saudi Arabia
3. The German Government due to the BND involvement and destructive setup to brainwash me, enslave me under the CIA & MI6 whore Najlaa Mahmoud, but also due to all of the involved that I am complaining about performed these very vicious and most destructive attacks against me in Munich, Germany between December 1983 and September 1986, not to mention that this was a repetitive action of 1970-1977 that was performed by the CIA, MI6 and BND but it was different situations using different methods, yet the absolute same destructive brainwash strategies
4. The US Government due to the involvement of the CIA in the most destructive way to brainwash me, enslave me under the CIA and MI6 whore Najlaa Mahmoud and then kidnap me to USA where they kept me as a slave for 15 years, which was a repetitive action of 1970-1977 that was performed by the CIA, MI6 and BND in Munich Germany where they enslaved me under their agent Anita Disbray to keep me under their evil control
5. The EU commission for allowing such atrocities to be performed against an innocent civilian in the EU-European Union alias at that time the former European Common Market, where I totally was in love with, trusted blindly and looked up to EU as the only way to freedom in our world!

This is the ground-zero for brainwashing me, enslaving me under the CIA & MI6 whore named Najlaa Mahmoud (from allegedly the Al-Jadied Family in Syria but in reality is from Saudi Arabia with 100% 2 lookalikes that exchanged places with her in Germany and in USA (=identity theft), that lived in Fairfield and Bridgeport, Connecticut and in Houston Texas and most probably she still live in USA or Germany or somewhere else right now) and then kidnapped me to USA in September 1986, where they kept me as enslaved illegal alien for 15 years and then dumped me by force in the Netherlands on 11.02.2001, where I was locked up for 13 years as refugee and illegal alien, during which I was severely tortured mentally, physically, socially and professionally until I was able to relocate to the city Den Haag/The Hague on 1 March 2016, and ever since I am fighting to be free, to get justice and to find my biological family!

Please note, that BP-British Petroleum and in cooperation with many members of my fake family, the CIA, MI6 and BND, performed not only severe damages to my person and destruction to my life, but also performed many damages, directly and/or indirectly to other innocents, such as my ex-girlfriend Adelheid Kuczka, my friend and ex-work colleague at Siemens AG Khalid Mian, my friend Juergen Sing, my friend Detlev Fischer and others. Since I cannot speak for them and they do not see what happened, I will only concentrate on what the very evil and inhuman BP-British Petroleum did to me, while now and then showing some of the damages they performed upon others just to isolate me of them, while blaming it on me. Above all and today 40 years later I am still complaining and through my complaint I might unintentionally hurt others that are innocents through my complaint.

Pre-explanation [\(Go to Index\)](#)

The first thing to mention here is that through the situations described below, it is very clear to see the followings:

1. The coordinated severe and most destructive brainwash with hidden telepathy control by creating various very destructive and tortures setups situations
2. The Networking between the various companies and institutions in the Middle East that are either owned or operated through various members of my fake family with companies and institutions around my life in Germany such as Siemens AG, BP-British Petroleum, DEC-Digital Equipment Corporation, CIA, MI6, BND and most probably also a hidden construction and Engineering companies in Syria and elsewhere that are owned and operated by the hidden Jordanian and Saudi Arabian royal family members that pretended to be Syrians and related to me, such as the Baroudi Family, Kheir Family, Bdeir/Budier Family, Abokurah family and Malas family and others, just as they were also in the hidden involved in the Saudi Arabian Port Authority Project and used their evil and most destructive networking and influences to remove me from my employer Siemens AG enable to prevent me to visit them in Jordan, Saudi Arabia and above all in Egypt where they have my twin that took my place over as Mohamad Nuzhat Najar (Najar is also written as Najjar, Nagar, Naggar and possibly also other unknown to me variations such as adding an additional letter "A" either after the letter "N" or after the letter "J", and therewith it will be double "A"=Naajaar/Najaar, Naajar while replacing the J with "JJ" or with "G" or with "GG"=falsifying the identity, yet in Arabic it is always written the same with no possible variations, with the exception of the name Nuzhat that have only 2 variations in Arabic either ends with the letter "T" or with the letter "H"=Nuzhat or Nuzhah. The variations comes only when translating it to Latin languages such as English, just as my fake 3 sisters and fake brother do and each has a different spelling variation: me as Najar, my fake sister in Washington D.C. Afrah/Mona Najjar, my fake brother in various US States and in Germany as well as in the Middle East as Mohamad Nashaat Naggar and his lookalike is Nick Naggar, My fake sister Fadia Nagar in the UK possibly also in Germany and most definitely in the Middle East and my fake sister Suhair Bdeir/Budier in Jordan and elsewhere unknown to me), and that is why they forced me with brainwash and fear in December 1990 to change my name in USA first to Michael N.

Najar and in 2002 in Netherlands to Nuzhat Najar under the pretention now I am allegedly Christian and the first so called honor name Mohamad is not Christian=brainwash, just as all my fake uncles that are 100% CIA and MI6 agents have the so called honor name Mohamad in addition to their first name to show as if they are real Muslims, yet all their doings and behavior is 100% anti-Islam, anti-Muslim, Anti-Saudi Arabs, anti-Jordanian, anti-Egyptian and anti-Arabs by enslaving them by force and fear of the religion Islam and therewith they make a very bad name for Islam, just as they do bad names for Christians and Jewish by using similar strategies

3. The cooperation between various members of the church where I was baptized a few years earlier in 1976 and the various institutions that were controlling my life very destructively such as BND, CIA and MI6 that were working on the project Calypso and later even the cooperation with the Dutch AIVD and the Dutch Immigration named IND
4. Telepathy very destructive manipulation and control
5. That the evil Dutch IND, COA and Stichting Welzijn that kept me locked up and controlled my life from 11 February 2001 and until I was able on 1 March 2016 to relocate to the city Den Haag/The Hague, they were doing nothing else but helping covering up for my fake family that are working among others for them as well as covering up for the BP-British Petroleum by forcing me to attack the Bush Family, the Rockefeller family, Exxon Corporation and many others. They did that by forcing me with brainwash and telepathy to recognize what was done to me within their own controlled environment by among others using fear, mental and physical torture, but also and by destroying my relation to the church, my friends in Germany and possibly and in USA and above all to force me to recognize that my family is not my family but rather my fake family and my kidnappers and I should live with it and forget it!!!!
6. I was total lost between all these criminals and had zero percent chance to be free of them and their evil and very destructive brainwash and most destructive control, which will be very clear in the below described situations

This is about the company SCS-Scientific Control Systems that was 100% subsidiary of BP-British Petroleum. Based on my knowledge and at that time, SCS was the largest IT consulting company in Germany, there was other companies that were much larger but their business in Germany was smaller. Since BP-British Petroleum dissolved the company SCS-Scientific Control Systems as a mean of covering up for their criminal acts, I am calling the company SCS by the parent company name, which is BP-British Petroleum, and that especially because BP-is even more related to my fake family than the SCS company and has more benefits of kidnapping me than SCS, in other words they were using SCS against me is if SCS is an iron manipulating and destruction tool

This company called SCS was a very successful IT consulting company with over 2000 Employees, in Munich, Stuttgart, Hamburg, Frankfurt and other cities. After the project completed, which was after they kidnapped me from Germany to USA in 1986, my guess it was 1989 or in the begin of 1990s, they dissolved the company by selling it to Deutsche Telecom in the begin of 1990 or so and created a new company with different name, because SCS was the company that was performing all the major internal IT solutions for BP-British Petroleum and they cannot live without it, so my guess they created a new company, transferred most of their jewel employees and then sold the rest to Deutsche Telecom, my guess they sold it (dissolved it) because they cannot afford it to be associated with the illegal project Calypso.

Side information, just in case you do not know, BP-British Petroleum is British company and ranked at various times in our lives between 1st to 7th place in the worldwide largest petroleum companies in the world. Shell is Dutch company and It was founded by British and it is still having British Involvements and

it is also ranked at various times of our lives between 1st to 4th place in the worldwide largest petroleum companies in the world. Shell, Texaco, Chevron, Standard Oil and Exxon/Esso (and others) are very strong business partners that perform many illegal activities to maintain their control in the Middle East, Africa, Asia and South and North America, one of the joint and networked destructive action is brainwashing me, enslaving me repeatedly and kidnapping me twice in 1960 and in 1986 while being so evil and responsible for forcing me to be refugee from 1960 to 2013 in Egypt 9 years, in Germany 17 years, in USA 15 years and in the Netherlands 13 years, this is how evil their networking is, and I am only busy with my own life and trying to be free, I do not know what they do to others but through my life I can imagine it to be very destructive to others as they were to me, for more facts about these very savage companies see this page that I found on the Internet, **History of petroleum companies in our world:** <http://najar.eu/Oil-Company-Histories.aspx>

Between 2001 and 2016 I was severely brainwashed and tortured mentally as well as physically in the Netherlands, during which they forced my mind to believe that the Syrian were associated with many kidnaped Americans, Germans, British, French, Dutch and other civilians that were held hostages for partially 9 years, and that the Calypso Project was a blackmail project trading hostage for technology and services. Brainwash is something very filthy and dangerous for the wellbeing of a human being state of mind as well as physical wellbeing. Today I know it was possibly not the case, because today I am in Den Haag/The Hague and I can think more freely than before, and I really do not care what the project was, if it was illegal or legal, trading for hostages or money or for drugs or for gold, what I care about is that they tortured my life from 01.01.1984 and increased it dramatically starting 17.01.1984 to current times through their very destructive criminal acts against me. While forcing my mind to attack their enemies or opponents or the group of people they do not like, such as, Jewish, Muslims, Christians, Rockefeller (the competition) Exxon, Bush family and many others, that I have no direct link to what so ever, only indirect in that I was forced to live in Houston, Texas USA, where most or the large petroleum companies are represented in and around Houston, and that the Bush family also and partially lived/lives in Houston, Texas, USA, or at least ex-president George H. W. Bush, where he was performing business with Kuwait, Saudi Arabia and other countries in the Middle East through the investment company called I think Black stone or something like that, and this is a public knowledge to be found on the Internet.

For more information on the kidnapped British, Dutch, French and possibly also Germans and American civilians as mentioned above, see the Wikipedia article "Lebanon hostage crisis" under: https://en.wikipedia.org/wiki/Lebanon_hostage_crisis

This page will show that BP-British Petroleum has conspired with others to perform many crimes.

But first what is considered a crime?

A crime is:

1. When someone or an institution conspire with others to harm a person or persons
2. When someone or an institution steal the intellectual property of others and claim it is his/theirs
3. When someone or an institution conspire with others to brainwash someone
4. When someone or an institution conspire with others to destroy his friendship and social life of a person
5. When someone or an institution conspire with others to force a person to action he does not want to do
6. When someone or an institution conspire with others to destroy the residence permit of a person

7. When someone or an institution conspire with others to make a person look like a spy and make him look like as if he is betraying the country he lives in with it is alleged enemies with the goal to discredit him
8. When someone or an institution conspire with others to brainwash a person, enslave him under a woman agent and then kidnap him to a foreign country to prevent him of visiting his family, that later turned out to be his kidnappers (and not his family) and were placed in Jordan and Saudi Arabia among others by the British Government with fake identities as alleged Syrians, Egyptians, Lebanese, Saudi Arabians, Kuwaitis and others
9. When someone or an institution conspire with others to kidnap a child and later kidnap him again as an adult to another country to use him as a blackmail object against his biological family in that country
10. When someone or an institution conspire with others to force a person to believe that the alleged new baby of the woman he is enslaved under, is his biological baby, in reality is a baby of someone else that they need to hide, such as hidden royal family members or the son of a hidden agent in the Middle East or Europe and they have thousands of those, also in Germany and USA, such as my fake sister in Washington D.C. with her fake 5 children, possibly only one of them is hers
11. When someone or an institution conspire with others to kidnap a person as a mean to not allow the person to discover that he has a twin (possibly triplets) that took his identity in Egypt, in other words they used the person as a place holder for 10 years until his twin was grown up close to them and is loyal to them and was raised in the UK, USA, Germany and/or the Netherlands, then used him to replace the person in Egypt.
12. When someone or an institution conspire with others to steal everything that a person has as a mean to force him to cut his relation to the past and that he has nothing to remind him of situations of his past, that is also a crime but also that he has no physical prove of the past, such as fake photos or real photos and other artifacts
13. When a person or an institution conspire with others to force a person to be a refugee for additional nearly 30 years, then this is also a crime
14. When a person or an institution conspire with others to cover up for a fake family and kidnappers
15. When a person or an institution conspire with others to coverup for fake identities
16. When a company conspire with foreign agents, in this case BP-British Petroleum with CIA + MI6 + BND + the Syrian military intelligent that were involved in this project named Calypso, against one of their own employees/consultants that meant no harm to any one and went far and beyond the possibilities available to serve BP-British Petroleum project, then it is not only a crime but also immoral, unethical and sadistically mean and pure evil
17. When BP=British Petroleum conspire against one person, because he was officially Muslim and suddenly became Christian and was officially persecuted because of this, during which they tried hard to force their victim, me to blame the Jewish and Israel for all of that and much more, then BP-British Petroleum is anti-Christ and anti-Christian, anti-Muslim, anti-Jewish and anti-humanity and anti-freedom and that is maybe not a crime by law, but it is crimes against an innocent man and against humanity
18. Last but not least, when a person or an institution sell products and services to a country that is listed on the embargo list and are not allowed to receive high tech products and services, yet they receive it through BP-British Petroleum, then it becomes an international crime, at least between the Western countries that created this embargo and the evil BP-British Petroleum
19. And other crimes

All of the mentioned above crimes were performed by BP-British Petroleum in cooperation and coordination with others against me!

A small note: Syria was always considered publicly to be a terrorist financing and training country or even terrorist breeding country, and this not by me, but rather by USA and all major western European countries such as Germany, UK, Netherlands, France and others but also it was known to be harboring known and wanted terrorists that performed many terrorist acts against Germany, UK, France and other countries. And that is why they were on the USA and European Embargo list. Simultaneously to this project Calypso in Germany, there was an international incident where a large truck full loaded with computers and related electronics was going from, at that time, West Germany (West European and USA ally) to East Germany (ally of the ex-Soviet Union) and the custom control would not allow the truck to pass through unless they inspect it, but some Russian diplomats claimed it to be a diplomatic transport, which is according to international laws no one is allowed to look in it, and the truck was there for at least one week, I forgot what happened after that, I just remember that some shady sales person from Siemens AG (I will leave his name out), that I brought into this project to deliver the multilingual monitors that I developed for Siemens AG 2 years earlier in 1981/82, he approached me and asked me if I am interested to sell for him to one certain client because he is not allowed by law to sell him, and I asked him who was it, he said Russia, further he said they need 24 thousand PCs and I would love to sell it to them, today I have no doubt in my mind what so ever that BP-British Petroleum asked him to approach me, sort of a trap, but I most definitely refused. Also, today I will not be surprised if that full loaded truck with electronics was from BP-British Petroleum as a part of the Calypso project.

The project name itself Calypso, point to Russia, companies like BP-British Petroleum love these kinds of dramatic names!

All the above were performed by BP-British Petroleum in cooperation with other companies and institutions from the CIA, MI6, BND and many members of my fake family that are business partners and possibly also family wise related to BP-British Petroleum, the result of this nasty and very evil plan is locking me up as a refugee for additional nearly 30 years, where they also used their connections in the Netherlands, especially with the IND (immigration Authority), COA (refuge management prior to approval) and Stichting Welzijn (refugee management after approval, and this is one company of many others), where I was locked up as a refugee for 13 years in countless refugee camps, jails and prisons.

Also, please note that in all the above-mentioned points, the word conspired with others is mentioned, meaning organizing the crimes, which makes the BP-British Petroleum and their number one allies the MI6, CIA, BND and AIVD are nothing else than organized crimes institutions, and the below mentioned details are the prove, whereby most of them or even all of them are 100% verifiable by any government official or influential person(s)!

Short prehistory ([Go to Index](#))

On 10/11 January 1960 I was kidnapped, most probably from USA (other possibilities are: Germany, UK or the Netherlands). I was placed within a fake family that was set together out of various families mixed with CIA & MI6 agents (possibly also from BND and AIVD agents). They were 16 adults above 18 and 5 children under 10 years old. The strange thing no children between 10 and 18 years old!

They caused me a total amnesia and performed a few acts, that I am skipping, and in case I discover that I had a total amnesia, to force my mind to think it is due to (forced upon me by plan) the head injury I had in spring of 1960, which was almost immediately after arriving in Cairo Egypt. Through the total amnesia I lost also my logic and speech capability and every single memory from prior to 10/11 January

1960, where they replaced it with fake memories by either using telepathy and forcing a dream upon me and then talk with me about it as if it was reality and then I would believe it to have been reality, or by telling me a story and saying do you remember this and that, which I do not remember but I took their words for it and believed it to have been my history. For details see the page “Kidnaping me as a child” and the page “My fake family, the kidnappers”.

They falsified my identity to Syrian and then took me to Egypt as a fake Syrian.

I was taken to Cairo, Egypt, where I lived for almost 10 years, as a multipurpose decoy and place holder for a twin or even a triplet. In Egypt I was severely mistreated, as a part of a long-term brainwash and memory blockade through fear and shame, among other by raping me by men and disgusting older women, and make it look like as if I am rapping the women and as if I am voluntarily sleeping with men=to force me to think as if I am a homosexual, which I am most definitely not.

Should I be ashamed of all the nasty things that other did to me?

Most definitely not. They should be ashamed for mistreating children and adults!

All the persons I get to know in Egypt as alleged neighbors or relatives from Syria I never saw in my life prior to January 1960 and thereafter, including my fake mother, 3 fake sisters and one fake brother, fake grandparents, fake uncles, fake aunt and fake cousins, that all of them gradually came into my life between 15 January 1960 and 1968 while I was living in Cairo, Egypt, yet I was brainwashed with the fake memory to believe I knew them, which is explained in more details in the page “My fake family, the kidnappers”, grandparents, 5 uncles and one aunt and some of their children that at that time were around 14 and grew in 1980s to 25 and now possibly several hundreds, because each men of these nasty persons marry simultaneously 4 wives, and if he needs more, then he can divorce all 4 and marry another 4, an example King Saud of Saudi Arabia had allegedly 49 wives and 105 children, that is what I read in an Egyptian newspaper prior to 1970. Children for them means nothing except more slaves that they can use for their advantages.

On 10.10.1969 I was taken to Munich, Germany in the most memory and logic destructive trip that lasted until march 1970 when I landed in the American military base called McGraw kaserne in Munich, Germany for a re-brainwash and enslaving me under the control of the CIA & MI6 agent named Anita Disbray that made sure I always stay under control and totally isolated of the general public, which lasted 7 years. During this evil trip they took me on 10.10.1969 to Frankfurt, then Munich and on around 12 December 1969 took me on a brainwash trip to implicate me as if I am related to top terrorist group at that time called PLO-Palestinian Liberation Organization and bring me back after one month, where they did much more than that, which you can also read it under the page “Slavery in Germany”.

Among others I was locked up in Germany as a refugee and cannot leave the country because I have no legal papers and the German government (or at least the immigration in the Free State of Bavaria, where the CIA have more influence and control in Bavaria than the CIA influence and control in Washington D.C.) was helping in keeping my refugee application under review for 7 years, and therewith I cannot go back to Egypt and discover the twin that took over my place, but also I cannot visit members of my family that turned out to be my fake family and kidnappers!

In November 1975 They set me up to become Christian for a re-brainwash and to have a reason to persecute me and blame everything that yet to come and they do to me, including what the BP-British

Petroleum did to me in the name of Islam as cover up for the other actual reasons that are mentioned within, such as kidnapping me as a child, setting together a fake family out of 21 persons including me and another 4 children under 10 years old, and therewith and officially I became Christian on Easter Sunday of 1976 at the Evangelical Lutheran Church in the city of Unterschleissheim, 20 km north of Munich, Germany. Since the woman I was enslaved under had telepathy and was controlling my life and isolating me by force and not allowing me to have friends, she was also controlling my mind, therefore once she left I did not know what to do, because my mind was dependent on her telepathy commands, yet and since she left after I became Christian, the church covered up for that and I was surrounded by persons that kept me busy and distracting me of her. Simultaneously, my fake family forced me to think that she, the woman I was enslaved under and named Anita Disbray, forced me to become Christian, which it sound plausible since she was my official wife since 1973, and prior to that we were together and lived together since 20 August 1970, she was officially a Christian Methodist from the UK and had telepathy, yet it was planned by the CIA and my fake family to set me up to become Christian and their allies to have a reason to persecute me and remove me from the country where I became Christian and suddenly had many friends. By forcing me to think that Anita Disbray forced me to be Christian was nothing else but a brainwash trick to distant her from Jordan and Saudi Arabia, where she is either from or have close relatives there. She was with no doubt much older than she told me, officially she was born on 24 August 1948, meaning 4 years older than me, but I believe she was much older, possibly 45-55 years old, she was dark blond, blue eyes, eye glasses, and under 160 cm, and under 46 kg, and since I had a total amnesia and they prevented me to grow logic to force me to be easier to control and I was living the last almost 10 years in Egypt within a population much darker than her and me, I was not capable at that time to tell really how old she was, among others also because I was brainwashed to accept and believe what others tell me. Look at the internet and see some of the famous actresses' photos some of them are 50-60 years old, yet they look like 20-25 years old!

Ever since I became Christian, I had so many troubles and problems and I did not know why I am having them, which was also a brainwash trick among others to force my mind to love my time with Anita Disbray, where I did not have all these problems and not even anywhere near that, yet she systematically and always destroyed any friendship that I started, be it at work or in school where I learned Computer programming, while controlling my mind with telepathy to avoid that I recognize anything from my past and to prevent anyone else to use telepathy on me and to force me to think about the past enable to find more about me= severe mental and logical problems due to this kind of hidden telepathy slavery!

September 1977, she disappeared of my life and I never seen her thereafter except once for a round 30 minutes in 1979 at the divorce court in Munich, Germany. Another one of her evil goals was to not allow me to be involved with any German woman to keep me isolated but also because they planned to kidnap me to USA and if I am married to a German woman, then I would get the German citizenship, and no one can kidnap me so easily, or prevent me to go back to Germany, which I tried very desperately since 1986 to go back to Germany that I considered to be my home, but they were much more powerful than me. And above all and the reason these evil people prevented me to have German friends or girlfriend, is to avoid that the family of my girlfriend protect me against these evil criminals, and therefore they always forced me to be with a woman that was either allegedly foreigner or was orphan, such as Adelheid Kuczka, where they were able to not only manipulate my life but also hers in a very negative and destructive way, and no one was there of her family or my family to protect us from these savages, and as you will see below they are much more than savages, they are concentrated evil and criminals!

Why did I want to go back to Germany and why did I considered it to be my home?

The short answer is: because I met so many genuine people that do not lie, deceive or try to destroy a piece of your life, and that was the first time ever that I saw that, and without knowing why I just fell in love with it and saw everyone as my friend.

The longer answer: because I considered it to be my home, because it was the only place where I saw good things that I loved, such as the church, my ex-German friends, my ex-German girlfriend, my best employers, and so on. Maybe there are better ones than all of them put together, but for me it was enough. Above all, it is because I started to lose the brainwash that they forced upon me since kidnapping me on 10/11 January 1960. The brainwash that they performed upon me it was like eye blinders, where I was not allowed and was not able to see life as it is, but starting 1976 the blinder went gradually away, as if I was blind and now I see, and everything I saw was suddenly very lovable, and therewith I fell madly in love with my life starting 1976 and this happiness was ended by force on 17.10.1984 and reinforced on 24.12.1984 through the evil BP-British Petroleum actions against me. And this is the best way I can explain it.

The prehistory is getting to long, please see the details in the page Slavery in Germany. Details such as suddenly I was able to travel and was sent through my employer to Saudi Arabia, where many members of my fake family are from while pretending to be Syrians, such as the Baroudi family, Khayat family, the Kheir family, the Bdeir/Budier family and others. And that I went to the Middle East including Egypt starting 1980, did not suit the CIA, MI6, BP-British Petroleum and above all each nasty member of my fake family as listed in the page "My fake family, the kidnappers", because I tried to visit them, and was able only to visit a hand full of them which caused me a lot of life destruction that they blamed it on others or on me.

Introduction to the project Calypso ([Go to Index](#))

Pre History: I was working for the German company Siemens AG in Munich from Mai 1978 to 31.12.1981, where then I was forced to leave the company because they sent me to Saudi Arabia on Business where many members of my fake family are officially originated from and have other identities

among others pretending to be Syrians as my family, and the same is valid for those members of my fake family that are from Jordan and Egypt. They did not like me going to the Middle East and see them, because the following reasons:

1. Some of them are members of the CIA, MI6 and possibly also from BND and AIVD, such as Jalal Baroudi, Jawdat Baroudi, Hani Baroudi, my fake mother Hyatt/Hayat Baroudi, my 2 fake sisters, Fadia Najar and Afarah Najar, my fake brother and his lookalikes Mohamad Nashaat Najar alias Nick Naggar, and others (they also write their names as Najjar, Nagar and Naggar, but never as Najar, I did not translate my name to Najar, but rather these criminal did)
2. The family that I was forced to believe it is my biological family and I was placed within them starting 10/11 January 1960, are a fake family that were set out of several families mixed with CIA and MI6 agents and possibly also some of them are also member of BND and AIVD, they were 16 adults above 18 years old and 5 children under 10 years old including me, and they all were pretending to be one family, grandparents with their children and grandchildren that were partially adults such as my 2 fake sisters and a couple of fake cousins. But it was 100% a fake family as described in the pages "Kidnapping me as a child" and "My fake family, the kidnappers"
3. They did not want me to see that many members of my fake family that I knew them from 10/11 January 1960 to current time in 1980s, were members of the Jordanian and Saudi Arabian royal families and the housing I saw them in is just a second residence, possibly one out of many or a shared second residence or a borrowed residence and did not want me to drop in without announcement and realized that they do not live there!
4. Did not want me to discover that in 1969 and after they took me from Egypt to Germany, a twin brother with the name Mohamad Nuzhat Najar took my place
5. Did not want me to discover that they are not Muslims, because now I not only know how Muslim behave, but also Christians, Jewish, Hindu and Buddhist or even atheist
6. Did not want me to discover that they have Europeans and American habits, because in the meanwhile I was forced to live within the American military base in Munich for 2.5 Years for a re-brainwash from 1970-1972 and also within many Europeans, among others because my employer Siemens AG, sent me on business trips to France, Italy, Switzerland's, Saudi Arabia, several cities in Germany including at that time West Berlin, and also the UK (went there privately to visit my sister Fadia Najar/Nagar, that turned out to be my fake sister and one of my kidnappers)
7. And other reasons

Therefore, the CIA, MI6 and members of my fake family used their evil networking to force Siemens AG to set me up and let me go on 31.12.1981. Yet I continued to work in my specialty that I gained through Siemens AG, which is design and development of multi-lingual computer systems and particularly the mixture of the Latin languages (=western European countries), Slavish languages (South Eastern ex-Soviet Union, such as former Yugoslavia) and Urdu languages (=Indian Urdu, Pakistani, Farsi, Afghani and Arabic) and that they did not want, because it means I would travel again to the Middle East, and therefore they used their evil networking through the CIA, MI6, BND, Syrian military Intelligence and BP-British Petroleum that was performing the project Calypso in Munich to brainwash me, destroy all my relations in Germany to isolate me, enslave me under one of their evil whore agents named Najlaa Mahmoud and then remove me from Germany by kidnapping me from Germany to USA in September 1986, where they kept me as brainless slave and illegal alien for 15 years, then dumped me by force in the Netherlands where I was locked up illegally for additional 13 years.

Location of the project Calypso ([Go to Index](#))

This is the location of the headquarter of the project calypso development:

1. Address: Leopoldstraße 139-145, 80804 München/Munich Germany. It is one long building with 3 floors
2. Above us was IBM offices (at that time the European headquarter was in Paris, France and as I recall they either moved the headquarter for Europe from Paris, France to Munich or moved only their headquarter for Germany from Stuttgart for Munich, Germany to this location)
3. Below us was Microsoft Offices (at that time was still very small, yet they were working very closely with IBM to develop the so called PC-DOS and IBM original version of MS-DOS and the perversion of Windows, and that is why they were always next to IBM)
4. Other offices of SCS from other cities where involved but only from the background and as subcontractors

As far as I recall SCS and Calypso project was on the second floor.

Purpose of Calypso project ([Go to Index](#))

The project Calypso was allegedly to help the Syrian government to fight terrorism, in reality the software and databases were designed to keep track of every Syrian, everyone he is related to, every family member of the persons he is related to, his friends, the family of his friends and their entire connections, his education, his profession, his employer, the family of his employer, his medical connections, such as his doctor his surgeries his medicine and so on!

The system is officially illegal in USA and in Europe, yet and in the last 48 years of my life between Germany, USA, Netherlands and the UK I discovered that they perform absolutely the same about the entire population in USA and Europe enable to prevent anyone else to come to power, and that is illegal and criminal and against all laws of privacy. Don't take my word for it, just ask yourself how your doctor know so much about you, for example in the Netherlands, officially you have to give your approval for it, yet it is fact all the medical history of each individual person lives in the Netherlands or have been treated officially in the Netherlands is in a similar database, where every doctor has access to it, but also the police, the AIVD and others. Sorry I get side tracked.

The BP-British Petroleum subsidiary company called SCS-Scientific Control System was designing and developing this project as a turnkey computer project, including training the staff that were all a mixture between Syrian military intelligence, military officers and police officers from various cities from Syria, and possibly some of them were Russians disguised as Syrians or even Americans or British disguised as Syrian and the prove for that is the CIA where agent Najlaa Mahmoud that they enslaved me under, she is 100% related to Americans and British, her entire family, consisting of higher Syrian military staff and government officials and business people are a mixture of European and Americans, some of them were even officially born in USA and elsewhere such as Rima Khodor/Chodor/Chodr/Khodr (or other spellings), allegedly passed away a few years back, yet in 1988 She was American born and raised in Syria and came back to USA as an American citizen and the daughter-in-law of the CIA & MI6 where agent Najlaa Mahmoud alias Khodor alias Jadied families alias allegedly family of the prior leader of Syria that was arrested by the Syrian military in 1970 and placed in prison until his death in 1990s, enable to take over his place as Hafez Al-Assad the ex-president of Syria and the father of the current evil president of Syria named Bashaar Al-Assad that is responsible along with the CIA and MI6 for the civil war in Syria enable they can stay in control by either killing everyone else or forcing Millions of people to be refugees=slaves in Jordan, Lebanon, Europe and else were. Sorry I get side tracked!!

The entire system must have a response time of seconds to maximum one minute, which was impossible at that time, yet we made it possible. And to do that we had to use American satellites, and no one can use that without the approval of the American government and in particular the congress of USA with their security committees as well as the American military and the CIA, which very much means, whatever the Syrian do, the Americans have a copy of it. At that time, there was only American commercial satellites and possibly also Russian satellites, and in both cases the military was in control, this mean this project was not 100% under the control of only the BP-British Petroleum, but also all these institutions that also broke the laws that at that time president Reagan and his vice president George H. W. Bush and the congress made it to law to not deal with terrorist, and therewith they broke their own law, which very much means the laws are made only to prevent others to work freely!!!

Also delivering the hardware that was 100% under embargo, which was PDP-1124 and VAX mini computers from the company DEC-Digital Equipment Corporation mini computers, at that time DEC was the largest and best mini computer manufacturer in the world. DEC was dissolved in around 1995 when the company Compaq Corporation purchased DEC, and shortly thereafter HP-Hewlett Packard purchased Compaq Corporation, and therewith they covered their tracks.

Small side notes: in Mai 2000 I was offered a job illegally by the company Compaq Corporation for one purpose only to force my mind to think that only the Syrian government is responsible for brainwashing me and kidnapping me from Germany to USA, they even forced me to send several faxes from Compaq Corporation faxes at their headquarter in Houston, Texas to force my mind to believe in what they were brainwashing me to think, and this because sometime between January and March 2000 I sent a written complaint to every congress man/woman and senator about the CIA brainwashing me, enslaving me under their whore agent Najlaa Mahmoud and then kidnapping me from Germany to USA, as a result they started to brainwash me and force me to blame everything on Mossad (the Israeli Secret Service) and on the Syrian military intelligent from the project Calypso!!

It is true, I often read about it that the Syrian government has kidnapped some people from Germany, the UK and took them to Syria. But kidnapping an alleged Syrian and a residence of Germany, from Germany to USA by the Syrian that is not only false and fake but also severe brainwash attempt by the CIA and FBI in USA in the period mentioned above in the year 2000.

Members of the Calypso project ([Go to Index](#))

The following are the person's name that I can remember and the companies that were involved in this project:

1. Me at that time as Mohamad Nuzhat Najar
2. BP-British Petroleum as the main contractor
3. SCS-Scientific Control Systems from Hamburg, Frankfurt, Stuttgart and others, note that my evil fake uncle called Dr. Farzat Baroudi that worked very closely with the CIA & MI6 to set me up and make me look like as if I am related to terrorism enable to give the CIA, MI6 and BND a reason to persecute me and isolate me of the rest of the world to protect the identity of these criminals as they are listed in the page "My fake family, the kidnappers". This Dr. Farzat Baroudi that used to live on Waldweg (street) in Hamburg has performed repeatedly severe damages to me physically, mentally and is the cause of locking me up. He has telepathy, which very much means his children not only also have telepathy, but that they are as evil as him, his wife's name was Anna and allegedly from Koeln, I even met her not very nice parents!!

4. DEC-Digital Equipment Corporation, that worked very closely with many members of my fake family in Jordan and Saudi Arabia, where members of my fake family were the main distributors in these countries, above all and in Germany that biggest reseller of Dec computers was the company Siemens AG, which I never understood, because they had their own mini computers developed with the Japanese company Fujitsu and I worked on them during my employment at Siemens AG, meaning Siemens AG was selling their own product and the competition at the same time!
5. German government (BND, CIA and MI6 were all over my life at that time)
6. USA government (BND, CIA and MI6 were all over my life at that time)
7. UK Government (BND, CIA and MI6 were all over my life at that time)
8. Siemens AG delivering the multi-lingual monitors that I developed for them between 1981 (was still an employee) and 1982 (was not employee any more as a consultant)
 - 8.1. Mr. Rebhan sales manager at Siemens AG in Bogenhausen in Munich
 - 8.2. Mr. Helmut Pfefferkorn, sales representative at Siemens AG in Bogenhausen
9. Wenger Electronics, a swiss company delivering high speed multi-lingual printers based on my design, they were manufacturing one of the best printers on the market, yet it was pricy and did not make it against all the Japanese printers, and therefore the company does not exist anymore, but the family Wenger still exist in other businesses, they among others manufacture the best backpack that was able to find in the market, bit pricy, but it is worth every penny. It makes me happy to see others being free and are able to go into other business if one fail, I was always prevented to!
10. Syrian government the official client
11. A French company I believed was named Carrier for the specialized computer Air conditioning and fire protection, however I may have confused it with other projects
12. Others that I forgot
13. Mr. Schilbach as the German project leader, he was the brother of Mr. Schilbach a Director at Siemens AG, he was the one who contacted me first and dragged me to this project, yet I doubt it that Siemens AG had anything to do with brainwashing me, enslaving me and kidnaping me to USA, even though they set me up to leave the company and I was forced to just to prevent me to go to the Middle East and visit members of my evil fake family. I doubt that Siemens AG had anything to do with my brainwash and kidnapping because they did absolutely the opposite between May 1978 and 31.12.1981 in that they helped me dramatically to lose my brainwash while trying to let me see who is my family really and in doing so, the others caused me severe destruction to my life, others such as CIA, BND, MI6, BP-British Petroleum and members of my evil and most destructive fake family I have ever seen in my life or heard of!
14. Lieutenant colonel Labied Salameh (also written Labeed or Labiid) of the Syrian Military intelligent, was the Syrian project leader. He was most sleazy and disgusting person that conspired with them to brainwash me and enslave me under the CIA and MI6 where named Najlaa Mahmoud that pretended to be Syrian while simultaneously she had 100% 2 lookalikes one of them was Saudi Arabian and the other from UAE-United Arab Emirate, a wife of some CIA and MI6 Sheikh that hide her children with her lookalike nanny
15. Mr. Schuette, very unfortunately I forgot his first name, he was my work colleague and was responsible for the design of the database, where we together worked on it. He was previously employed by Siemens AG
16. There were many Syrians military and police staff, all were officers, that came to train for 6-12 months, many came with their wives and children, very unfortunately I forgot their names! And the only way I forget their names, even though they were all over my life, is that some of them or even all of them had telepathy and controlled my mind each time I am in their evil and disgusting presence!
17. There were many other staff, including secretaries, but I forgot their names, see the note below

Note to forgetting: during this period of time I was totally lost and controlled hopelessly with telepathy, which leads to memory loses, because when someone take control of another person's mind, the mind is busy with the thoughts of the other and does not register many things. Very unfortunately this is the reality of our lives!

Later on.....

Relation of my fake family with the project Calypso ([Go to Index](#))

All this is verifiable.

Best is when I list them:

1. UK established (among others) Jordan in around 1910 and re-established it after the second world war along with Israel through a General, I believe his name was Belfort, and they control it even today, all Jordanian officials are nothing else but their employees
2. Between the Bdeir/Budier, Abokurah, Malas, Tabaa and other families, they control all the economy, by either being a CEO, member of the board or chairman of the board and this for all major companies that were established by British, Americans and other Europeans but mainly British such as:
 - 2.1. Military
 - 2.2. Airline
 - 2.3. Airport
 - 2.4. Airport Services
 - 2.5. Banks and money exchange
 - 2.6. Electric companies (established by Westinghouse corporation)
 - 2.7. Water companies
 - 2.8. Telephone companies
 - 2.9. Public transportations
 - 2.10. Taxis
 - 2.11. Engineering
 - 2.12. Construction and construction materials
 - 2.13. Jordan Petroleum (BP-British Petroleum)
 - 2.14. Jordan Phosphor (mainly for weaponry)
 - 2.15. Sheraton hotels
 - 2.16. Islamic Educational college
 - 2.17. And many others

More than half of the above companies (excluding military) were allegedly controlled and managed by the families of my fake 2 sisters, the Bdeir/Budier and Abokurah families. This information was given to me by these mentioned families.

And therewith they are also the main distributor/representatives of Boeing, Airbus, military companies in UK, Germany and USA, Microsoft, DEC-Digital Equipment Corporation later Compaq and later HP, Siemens AG, General Electric, BMW, VW, Mercedes, Honda and the list is endless = royalties, because this is what royalties do, they force to own all major companies and enslave others to work for them in these companies!

They also built and run the Islamic Education college of Jordan, among others in Amman, Jordan. Their name is at the entrance as the builders: Mohamad Ali Bdeir and Abokurah, both families of my 2-fake sister in Jordan that are my kidnappers just before 10/11 January 1960. My 2-fake sister in Jordan are Suhair Bdeir/Budier and Afrah/Mona Abokurah alias Afrah Mona Najjar alias Moni Najar one of my kidnappers from 10/11 January 1960 and now lives in Washington D.C. under the protection of USA government. Is this what governments do these days: protect the criminals and punish/lockup the victims??

They were officially the only main business partner and resellers for DEC-Digital Equipment, Siemens AG and many others as mentioned above. Please note, they continuously add new fake names to avoid that it be too obvious that they are royal family members and/or UK puppets that sell any one for a few Dinar (Jordanian currency) more to enrich their selves while enlarging their stomach, they have no moral values, no ethical values no religious value, the only thing they see is Dinars, Dollars, Pounds, Euros, yens and others, this is the only family that they know, don't take my word for it, Prince Mohamad of Jordan was driven crazy as they used him as target practice for telepathy and to train his brothers and then locked him up for at least 2 years or maybe more in a Swiss mental hospital, also they did the same with his real nephew alias my fake nephew Khalid Abokurah and then locked him up for life in a mental hospital in Egypt, and they tried twice to lock me up in a mental hospital, once in March 2000 in Houston, Texas, but someone helped me out of their evil plan, that I believe it was the FBI because they wanted to know more about my history, and they tried again in August 2003, this time they locked me up for 6 weeks in a mental hospital in Germany called Haar and used the church that I loved so much in the city Unterschleissheim and in particular an unknown priest to get my attention to the pastor I loved very much and named Herbert Lange and they tried hard to make him look bad, which I will skip the details but you can see the details in the page "Thank You" under Pastor Herbert Lange; and also used my baptized witness Mr. Schneider, at that time Mr. Schneider was the chairman of the church board, all to force me to hate the church, now I may dislike this church in Unterschleissheim because I know 100% they were helping my fake family, yet I still love the church in general, because it is one of the few options people have to get together and be honest with each other's.

Why did they do that to me and lock me up in a mental institute in Germany and used the church I loved most to call the police that then lock me up in a mental institute for 6 weeks?

Very simple to prevent me to ever come back because evil member of the Jordanian and Saudi Arabian royal families that pretended to be my family, have second housing and other business interest in the small city called Unterschleissheim and the best way to keep me out is to make me look that I am crazy and unwanted here and this is 100% NOT Christian, nor it is Muslim or Jewish ways nor it is Hindu or Buddhist way, nor it is humane, but it is their way!!

Calypso on the news in end summer 1984 ([Go to Index](#))

Sometime in Early spring, maybe February or March of 1984, the German project leader named Mr. Schilbach (a younger brother to a Siemens AG director with the same name) came up to me and said, this gentleman and this lady are from the Cable TV News (name forgotten, but at that time I believe there was only one or maximum 3) and want to know what we do, so please show them your work and the multi-lingual design and development (English/French and Arabic) that you are performing on this project, give them a demonstration. Which I did that lasted around 30 minutes, during which they were

asking me questions related to this project and my design/development of the Software and Hardware and were taking a video at all times, from the time they entered the offices and until left it.

The German Magazine called "The Stern", headquartered at that time in Hamburg, had an article over Calypso. In Hamburg, where my fake and very evil and most destructive uncle named Dr. Farzat Baroudi also lived on Waldweg in Hamburg. He was and with absolutely no doubt what so ever was working for one or all of the following institutions: BND, CIA or MI6, where they all set me up in 1969 to look like as if I am related to top terrorist enable to have control over my life (in the name of a fake national security threat) as an alleged suspect, but also I had several also very destructive situations in Hamburg related to this crazy, mentally sick and dangerous man that caused me also severe mental and physical pain, his wife named Anna from Koeln as well as his children (names forgotten) would most definitely be as dangerous as him if not even worse, it is inheritable=Hidden Jordanian and/or Saudi Arabian royal family members that are working for the CIA and MI6!

The magazine "Stern" that is now owned by the largest publishing company in Europe and possibly also is the largest publishing house in the world named Bertelsmann Verlag/Publishing; had an article over the project Calypso. The article was in less than one column, and possibly it is based on the Cable TV News interview that was performed 2-4 months earlier and mentioned above. Please note that at that time Cable TV in Germany was new and not yet well established.

During this period of this Stern magazine article, we had 6-8 high ranking Syrian officials, visiting the project for further negotiations and planning, they were military and/or military intelligence general and several police generals from various cities such as from Damascus, Aleppo, latakia and others. I was involved with these nasty people only one time, when the project leader Mr. Schilbach asked me to take them out for dinner, which I did to a nearby Bar/Bistro that had allegedly good food, and I get to know only through this evil project. The next day we saw the new Stern Magazine with the article about Calypso project, and until this time I did not know that the project was secret project, but the situation and behavior of these people should have told me something but I was troubled with too many forced upon me problems that had one goal only to prevent me of thinking and to concentrate on these problems=brainwash method to force the victim not to pay attention to details. In the same day as the Stern came out with this article, all of the generals left promptly within the same day back to Syria, even though it was planned for them to stay another week for more meetings and planning as well as several planned demonstrations, one of them I was preparing. where the project leader was out of control and very upset about the Stern magazine article, which today it does not make any since to me at all, first he allow a detail interview and demonstration of what we are developing to the Cable TV news, that spent nearly 1-2 hours filming the offices and even the design and developments, where the stern had only small article with no video or photos or even an interview or even names, just that there was an un announced visit of several high military and police officials from Syria by the company SCS and questioning why it is not official and why is it so secretive, as I said it was less than one column and in one page of this magazine they can fit either 3 or 4 columns, meaning was less than a quarter of a page.

In short it was a paradox situation, on one side they performed a details interview with video and photos and on the other side no interview yet maybe around 100 words without video or photos, yet everyone was upset and scared that things may become more public!!

As I said I never questioned the situation, because I was totally under telepathy control while also having to fight against many forced upon me situations as you will see below, and that makes the BP-British Petroleum one of the nastiest companies I have ever seen in my life if not the nastiest and filthiest

company ever in this world. Sorry but I am still very disappointed of the situations, because they stole my life these evil disgusting criminals and vicious animals!

Destruction setups in cooperation with many ([Go to Index](#))

(over 200 destructive setups were performed in cooperation and coordination with the evil BP-British Petroleum, yet I am adding only some of them)

These very destructive setups were created among others with and/or by the CIA, MI6, BND, Syrian military intelligent, 2 Syrian Ambassadors and a very nasty and sleazy Syrian consul named Walid Trapolsi/Trapolsy (meaning from Tripoli and that in itself has possibly several meaning for this name to be used in my life and now, which is related to drug lords), as well as members of my fake family from Jordan and Saudi Arabia such as the Bdeir/Budier, Abokurah, Kheir, Malas, Baroudi families.

I do not know the best way to list only the relevant destructive setups they performed upon me, so in the next pages I am listing them as points, starting with point 1 to approximately point 50, and I cannot help it if these evil and very destructive people created far more than 100 brainwash and slavery setups, I am just listing some of them, less than one half or even less than one third!

Many of the following mentioned setups were nothing else than distraction of telepathy control to force me to do something I do not want such as:

1. Leave my ex-German girlfriend Adelheid Kuczka that I loved very much and wanted to marry
2. Leave the church that I loved very much, and continued at that time to keep relations with them
3. Leave my friends that I loved very much, and many of them were related to the church mentioned above
4. Leave Germany that I loved very much and considered to be my home and the only home I ever had in my life and that is among others thanks to the church, my employer Hoegel Studio Technik and Siemens AG, my new friend of the church and my girlfriend Adelheid Kuczka (See the page "Thank you" for more details) that all of them made me feel home because they treated me good, while I was with them at that time only!!
5. To be free, because suddenly I started to be free from 1976 to December 1983, thanks to those mentioned above
6. To prevent me of going to the Middle East, because I suddenly had travel documents and was able to visit members of my family in Jordan, Egypt and Saudi Arabia, that turned out to be my fake family, my kidnappers, all of them were and still are either members of the CIA, MI6, AIVD and BND or set there by British, Americans and others to protect their properties in the Middle East while controlling the governments in the Middle East, which will be very clear at least through this page

No brainwash can force me to leave the above 4, the only way to force me to leave the above 4, is by either taking me by force of police or force of telepathy and both are 100% kidnapping. This is what makes BP-British Petroleum, the CIA, MI6, BND and members of my fake family as mentioned in the page "My fake family, the kidnappers" an organized crime families and organized crime institutions, because they at least organized the destruction of my life through this evil project and the evil BP-British Petroleum, by brainwashing me, raping me, enslaving me and then kidnapping me from Germany to USA to prevent me of visiting my fake family members that lived in the Middle east under different identity but also those who live in Germany under fake identities and are pro-Americans and pro-British and their allies that were controlling Germany among others with military and these fake persons since 1945, and they did not want me to see them under their other identities, but also not to discover that I

have a twin or triplet that took over my identity in the Middle East and most probably also in Germany and they want to prevent me by all means to see that, and last but not least to use me as a blackmail object and to blackmail my biological family in USA, which makes the BP-British Petroleum a black mailer and a criminal enterprise that used their connection in USA to keep me enslaved while forcing me to get jobs where members of my biological family works or own the business, such as UtiliCorp United in Kansas City, Kansas, Koch Industries in Wichita, Kansas, Gibraltar Savings in Semi Valley, California, and the list goes on to Indiana, Pennsylvania, Washington D.C., Connecticut, Texas and others, and that is only an educated guess, which all will be very clear that it was planned among others by BP-British Petroleum because Petroleum related companies were all over my life, especially in Texas, such as Chevron, Texaco, Koch Industries, indirectly also Shell, Associated Canvas Products, Inc that builds straps and containers for the petroleum companies, and others.

Very unfortunately the above mentioned 4, that I loved very much, betrayed me or were forced to betray me, because who can force me with telepathy can also force others with telepathy, even force several or many in the church, and that also you can see clearly through the below mentioned and man planned brainwash and telepathy situations!

Here are a list of brainwash and destruction situation that was forced upon me 100% by BP-British Petroleum in cooperation with the BND, CIA, MI6 and several members of my fake family, and in the order I remember them, whereby a couple may have been from 1983 or even 1981, meaning just before the Calypso project, yet they were 100% as preparation of this destructive project, even they may have not yet knew what project to use to brainwash me, enslave me and kidnap me from Germany to USA, yet they already planned to do so and were waiting for the right project:

1. The first thing you should always remember when you read the below points is that BP-British Petroleum, CIA, MI6, BND and members of my fake family are sexist have absolutely no regards for women what so ever and use them always as a second-rate street prostitutes, which is very visible in my below complaints
2. The second thing to remember is that the same group of people and organizations as mentioned in point number one are people and institutions that hate Jewish, hate Christians and hate Muslims and that is why they repeatedly blame Jewish, Muslims and Christians for their own destructive doings, immoral and absolutely unethical behavior and criminal actions as described below, and this is among others because they think of their selves as masters and the only smart ones and everyone else is stupid and their slaves that should do what they planned for him/her/them by force of deceive, power of police and immigration, networking and telepathy and all the below actions are the proves of that
3. This point is added just to show that I never in the world wanted ever to go to USA, in matter of fact, I totally disliked USA because of the obvious reasons I was brainwashed by their military and CIA in Munich. In around April 1982, the lookalike of my original fake brother Mohamad Nashaat Nagger that was forced upon my life by the CIA in around September 1970 while I was forced to live and work in the American military base named McGraw Kaserne in Munich, Germany, to force my mind to think that all members of my fake family that were living with me in Egypt allegedly all left Egypt in 1970, and that was not the only lookalike that was forced upon me, also a lookalike of my fake mother Hyaat/Hayat Baroudi and my fake sister Fadia Nagar in the UK all were a lookalike of the originals, yet not identical lookalikes, but through all the brainwash I was prevented to notice the difference. To the point this lookalike of my original fake brother was officially working for the company called Avon Cosmetics in the city Eching, Germany but I suspect he was not working for Avon, but rather Avon was helping the CIA by pretending to be employing him. Avon Cosmetics wanted allegedly to transfer this fake brother to USA allegedly because he is so good in

programming of mainframe, which was a 100% lie, he was not a programmer at all. I tried to talk him out of it to go to USA and listed to him all the negative things I learned about USA through the American military base, I even get him a new job interview at the company ADV/ORGa with the department manager named Peter M. Lembke that was my previous department manager at Siemens AG from June 1978 to 31.12.1981, and allegedly was let go. And this new job would even pay him a monthly salary of nearly 10 Thousand Deutsch mark, where his alleged current salary at Avon Cosmetics was allegedly 3 Thousand Deutsch Mark. And this alone shows that he was not working for Avon Cosmetics and his alleged relocation to USA was nothing else but a scam and brainwash. He refused the job offer. I have to trust someone, and even though Siemens AG and this particular boss worked together, but used him as the front to force me to leave my Employment at Siemens AG because my evil fake family the Baroudi, Abokurah, Kheir, Bdeir/Budier, Malas and others asked Siemens AG to let me go and not to send me to the Middle East any more, and maybe they gave Siemens AG a long term extension to this project of Saudi Port's Authority, that started with 35 Million US Dollars in 1978 just after they employed me and was extended to over 2 Billion US Dollars in the year 2002/2003

4. Short prehistory: from Mai 1978 and until 31.12.1981 I was working at the Company Siemens AG, which was my first IT job. During which I learned how to design and develop multi-Lingual computer systems. My employer sent me to Saudi Arabia to test what I designed, during which I made stop in Jordan to visit my 2 sisters living there, not knowing that they are not my biological sisters but rather my kidnappers. Therefore, all family members (fake family =kidnappers) in Saudi Arabia and Jordan did not want to see me in the Middle East because they have different identities as I was told and they are members of the Saudi Arabian and Jordanian royal families while also they are all originated from Europe and USA and did not want me to know that, also some of them were working for and with the CIA, MI6 and possibly also for BND and AIVD, and they did not want me to discover that, also some of them have telepathy and keep a strict household that no one without telepathy can be among them to not allow other to see through their eyes what they do, talk about or how they behave. Therefore they set me up in cooperation, and very unfortunately with Siemens AG to lose my job at Siemens AG, which I did, yet I never stopped working on my specialty, which was design and development of multi-lingual computer systems and IT solutions, and that too they did not want me to do because then there is a chance that other companies would send me on business to the Middle East and that they did not want, and therefore they set me up in this evil project called Calypso that was performed by BP-British Petroleum. Many members of my fake families are the official country distributor or representative and/or business partners of many companies such as Siemens AG, BP-British Petroleum, and countless others, and above all they are officially the allies of Western Europe and USA and therewith have direct connection to the CIA, MI6, BND, German, British, USA and the Dutch government as business partners but also as royalties and as members of the governments of Saudi Arabia and Jordan, and that was used to brainwash me, enslave me under the CIA and MI6 whore agent Najlaa Mahmoud and then remove me from Germany and entire Europe by kidnapping me to USA and keeping me by force as an illegal alien with no right what so ever in the country I very much dislike, yet today and very unfortunately I strongly suspect to have been born in the USA and severely mistreated by them.
5. Starting to work on the Calypso project: I was called in December 1983 by Mr. Schilbach that claimed he has heard of me through his brother at Siemens AG that I am good in multi-lingual projects and he allegedly needs my help only in translating a few IT related documents from Arabic to English or English to Arabic, whereby I was not a translator, but they 100% placed me in a position to be desperate for a job of any kind enable to force me to take this job enable to use it to destruct my life and steal the little freedom I had and force me into slavery. He said I accept you for

this project, now the Syrian project leader must accept you, because they had a condition about all employees from our company, which is: They cannot be Syrian, because it is a sensitive project and do not want that Syrian in Europe get involved in, but you are an exception because of your exceptional experience in the multi-lingual IT design and you have been in Germany for 14 years. It was all sweet talks to lure me in to the brainwash box called BP-British Petroleum Calypso Project. Please note that the word Calypso comes from an old Greek story named Calypso where they detained Odysseus on the island of Ogygia for seven years, in my case it became 15 years on the island called USA and then additional 16 years in the Netherlands until 1 March 2016. Mr. Schilbach said today is Friday and the Syrian project leader will be here next Monday, meaning in 2 days, if he accepts you, then you can start January First, 1984. Two days later I went for an interview with the Syrian project leader named Lieutenant Colonel Labeed Salameh of the Syrian military intelligence, he just spoke with me a couple of minutes and said I accept you, he did not ask me any technical questions what so ever, he just asked me where I am from and how long have I been in Germany (which was to confirm the statements of Mr. Schilbach as mentioned above), that was all the questions that he asked me = it was a brainwash setup and I never saw it coming. Mr. Schilbach offered me a consultancy job for around 70 or 90 Deutsch Mark an hour or maybe less, very unfortunately I cannot remember the actual amount, I just remember that I was making around 16 Thousand per month including over time, and I was making a lot of over times actually I was spending most of my time on this evil and very destructive project, destructive for me and for at that time around 12 Million Syrians. The rest of my time I was either sleeping 4-6 hours, daily, or with my ex-girlfriend Adelheid Kuczka for around 3-5 times per week or with other friends. After a week of starting I realized they needed much more than just translating a few pages, they needed a new design for a real multi-lingual computer system, which I told the project leader and he said go ahead and do that, and this alone shows that the German project leader either did not know what he was doing or he was setting me up while making himself look stupid, because then I was forced to gradually bring all the self-made documents for the design of a multi-lingual computer system that I already used for Siemens AG, AEG, Kontron, Silver Reed, Nixdorf, ECMA, ASMO and in cooperation also with Siemens AG, ICL, IBM, Olivetti and several other companies (Nixdorf now owned by Siemens AG, it was the second largest computer company in Germany specialized among others for ATM machines and computerized cashier boxes) and other companies. My document that I took from home, they were my own intellectual property, but these criminals at BP-British Petroleum knew already what I had at home, because I created a standardized document and was selling it for 20-50 Thousand for businesses, but also was distributing it for free to the standard organizations such as ECMA (=European Computer Manufacturer Associations in Geneva Switzerland) and ASMO (Arabic Standardization and Metrology Organization headquartered at that time in Amman, Jordan and managed by the evil Syrian Ambassador Dr. Zafer Al-Sawaf, which was a sub organization of the Arab League=UNO for Arab countries only) and other standard organizations, I just wanted to help as many companies and as quick as possible to create a good multi-lingual computer systems for at least 50 countries that speak Latin languages such as English, Germany, French and so on, Slavic languages such as former Yugoslavia and former Czechoslovakia or Urdu languages, such as Arabic, Farsi, Pakistani and so on, because I wanted to help the Arab countries have a computer in their own language to increase the education possibilities and the advancement possibilities of the so called Arabs that were all suffering severely under these criminals that were hidden agents of USA and Europe, but also to help as many European companies as possible to go into these, at that time, closed markets and open only for the Americans, British and some of other European controlling families that own 99% of all natural resources of these countries and keeping the population 100% enslaved while preventing good education to not allow them to advance and to keep them limited to Natural resources. I took

gradually all my multi-lingual computer systems documents to the office to help me create a design for the keyboards, monitors and the computer itself (Software), and I was 100% tricked and forced to bring every single multi-lingual document from home, enable to force me to leave this specialty and to keep me far away business wise and other wise from the Middle East business. In other words, they really did not need me in this project they just wanted to steal everything I have ever developed, and I am selling now to force me to cut all my business with the Middle East to not visit members of my fake family that were among others set by these evil company. And on 18 October 1984 they fired me and confiscated all my document by force, which was a big box of approximately 100 cm x 100 cm, I tried to recreate them, which was practically impossible, because of mainly 2 reasons: **Reason-1:** I collected all these documents since 1978 from all over the world, from standard institutions to companies such as IBM, ICL, Olivetti, and many others from various countries that I did not even visit such as Canada, USA, Iran, India, Scandinavian countries and so on. And these criminals planned to steal and stole all of them from me. **Reason-2:** because they enslaved me under one of their whore agent, where her entire family were 100% CIA, MI6, BND this whore agent name was Najlaa Mahmoud, that was 100% controlling my life with their help from the background and destroying anything that they did not want me to have, such as old photos, that today I know it was fake photos, or photos of the CIA agent Anita Disbray that the CIA enslaved me under between August 1970 and September 1977, see Slavery in Germany for details about Anita Disbray. This disgusting and smelly whore was throwing away things of my apartment that I cherish and replacing them by brainwash things, here is an example, I bought a painting of an unknown artist on the street in Munich, that was of a naked standing beautiful lady that had red hair, it was around 30 x 40 cm small. I bought it and placed it in my living room or maybe bedroom because it reminded me of my at that time German girlfriend Adelheid Kuczka, this CIA and MI6 whore named Najlaa Mahmoud throw this painting away without asking me and replaced it of a painting of herself naked laying down on her side where you can see her vagina and her disgusting bosom and her entire disgusting naked body, the painting was around 60 cm x at least 120 cm. This means this alleged Muslim woman stood naked in front of an artist to be painted naked, and now hanging her naked photo in my living room for anyone to see her disgusting naked body, and when I say disgusting, I mean literally disgusting looking. 100% no Muslim woman would do that, because they have Islamic values that teaches them to be kosher, and this photo alone show that the evil CIA & Mi6 and my evil fake family bought this whore of the street!

6. **Note:** Sorry that the above point is longer than I anticipated and it has cursing, but this is what I felt about this whore then in 1984 but I was prevented to say it, and this is how I feel about her now, and thinking about her makes me want to puke, but I had to place related things to show how evil BP-British Petroleum is. All other situation will be much shorter
7. Labeed Salameh with an Israeli spy and Mossad. This is a setup to force my mind to think that the Israeli Mossad (similar or CIA), along with former Soviet Union are the ones who are responsible for working with the Syrian military intelligence to brainwashing me. I cannot remember all the details, but somehow the Syrian project leader lieutenant Colonel Labeed Salameh was again in Munich and asked me to take him out. Therefore, I took him to dinner to the same Bar/Bistro that I took the generals mentioned above, which was close to the office and not crowded, yet very good food. In there and somehow, we get to know a young lady, much younger than us, I was 32 years old, he was around 35-45 years old, and the young lady was around 18-22 years old and very small in size and outgoing=whore like, she was very engaged with him and talking with him about all kind of things, after dinner, she invited him to her apartment for a cup of coffee. I drove them both to her apartment on Schleissheimer street, that turned out to be around 100 meters from where I live on Winzerer street in Munich, Germany, which was somehow odd. The next day somehow, I had many thoughts about this incident, I cannot recall why, except it was when I was at work at BP-British

Petroleum offices, most probably some nasty person with telepathy forced it upon me while most probably others in the office were also talking about Israel and Mossad, therefore I warned this Syrian Project leader that this young lady is most probably a Mossad spy trying to get to him. His answer was don't worry about it. Most probably this disgusting man called Lieutenant Colonel Labeed Sallameh had telepathy and forced these thoughts and behavior upon me as distraction of BP-British Petroleum, CIA, MI6 and BND that were all over the project, because if I say something I think it is coming from me and I may believe in it, in reality it was not my business who this evil man sleep with, but it was 100% an attempt of all these evil people to force my mind to blame Jewish and Israeli for the very destructive behavior of BP-British Petroleum and their Syrian contractors. I never ever before thought about spying, Mossad, CIA, MI6 or any of these things, yet here and now I was forced to as distraction of the evil BP-British Petroleum, MI6, BND and CIA, which it become a routine that they always tried hard to use others that they do not like to take the blame for their very nasty and destructive actions.

8. This is linked to the above point and it is with no doubt a telepathy very destructive brainwash. Somehow, I was forced to be continuing to try to peruse the situation and forced to think that I need evidence that the Syrian project leader Lieutenant Colonel Labeed Salameh is with this Israeli spy as protection for myself (which really does not concern me, I am an IT man), and I was forced to call a friend of mine for help. His name was Juergen, I keep his last name out, and I get to know him from the church where I was baptized a couple of years earlier. Today I strongly believe that the church set me up to get to know this young man enable to link me in one way or another to the ex-Soviet Union, because he was originated from Poland and was immigrated to Germany, allegedly just 1-3 years prior I get to know him in 1977, he was working in digital photography at that time and his main and only hobby was photography. I was forced to ask him on a specific day to follow Lieutenant Colonel Labeed Salameh and take a photos of him with this alleged Israeli spy. Even so I took him to the right spot and on the right moment, yet he did not take a photograph, claiming somehow it did not work. Then many thoughts were forced upon me, that he was covering up for this Syrian project leader. Which absolutely did not make any since what so ever, unless he is a Russian spy and Syria is controlled by Russian and he was trying to protect the Russian interest, which all is confusion and is not my business, but that is what brainwash is, they mix things together and force it upon their victims=brainwash. They with no doubt used telepathy to force me to think whatever they want, and the reason I know it is telepathy, is because I never thought like that ever before, and I do not care about things that does not concern me, because this is how they brainwashed me to think. Telepathy force is much stronger than me and anyone else that does not have telepathy. The goal of this entire incident was 2 things: **First** to start to destroy my friendships, **second** to make it look like that my friend is working with them and covering up for them, which was absolutely not true. Whoever uses telepathy on me can also use it on others. These are small incidents, but when you look at all of them together, then you will see the big picture
9. The Jewish bar and Russian Restaurant. This will show that these nasty persons are trying to portray me as a spy and traitor to Germany, which I was not to any country what so ever. I am just against those you did all these planned destruction upon my life, because they are criminals and performed criminal acts and are 100% dangerous for the well beings of others. Here too, this situation alone is nothing, but with others it is very visible that they planned it. Suddenly I started to go to a Jewish or Israeli Bar, that was close to the office. It was obvious that it was Jewish or Israeli, because the name of it and as far as I recall was "Shalom Club" I believe it was on the corner of Leopold street and Potsdamer street in Munich, but also the people who sing in it were singing often or most of the time while I was in it, I believe singing in Hebrew language and other time in other languages such as Spanish or French. There was a life singer that used to come from other

country and sing in this very small and overcrowded bar that was in the basement. Somehow, I was forced to go there and sit in some corner and cry, as if I am Jewish from Israel and missing home, yet at that time I did not know why I was crying. This show how some person with telepathy are very nasty and love to play around with other people's minds. Also and very suddenly I was going alone frequently to Russian restaurant near the offices of the project Calypso, as if I miss Russian food, yet I never had Russian food before in my life, I learned a couple of meals of this restaurant that was only 100-150 Meters of the Jewish Bar, whereby the Jewish Bar was around 100-150 meters of the Offices of BP-British Petroleum project Calypso, as if some nasty person at work and have telepathy is forcing me to go to these places. If someone is watching me or following me, then they will think I am Jewish Russian that is missing home, and that is why I go there frequently and sit in a corner and cry=vicious telepathy attacks. I have nothing against Jewish or Russians, yet I have something against these nasty persons that I cannot see and force me to these situation as part of setting me up, very unfortunately, the FBI did similar things to me a couple of years later in 1988 in USA and after I was kidnapped from Germany in 1986 by setting me up with a Jewish-Russian woman and her family that befriend the evil CIA and MI6 whore Najlaa Mahmoud that they enslaved me under through this evil project called Calypso, but at least I was able to see that it was the FBI, because they get me into a controlled environment to test me and watch me and this controlled environments was my housing on Queen street in Bridgeport Connecticut that allegedly was owned by an Italian named Enzo and also the FBI get me a job at Dun And Bradstreet headquarter, at that time it was at 306 Danbury Rd Wilton, CT 06897, USA, I believe they relocated to Dun & Bradstreet Corporation, John F Kennedy Parkway, Short Hills, Millburn, New Jersey, USA. And there with the FBI had me 100% in a controlled environment in a housing through them and employer through them and an agent working always in the next office. It is all based on the brainwash strategy: Keep on repeating it until the victim believe it, just as CNN ad of this is an apple and not banana, and several apples makes a case. And this page is a case of many destructive attacks by BP-British Petroleum, CIA, MI6, BND and members of my fake family. Why would someone follow me or monitor me? Because the project Calypso was officially and in the hidden trading technologies for hostages, and if the Syrians are keeping over 200 hostages in a section in Lebanon that they controlled, and the hostages were from USA, UK, France, Netherlands, and from other countries, then at least these countries will be monitoring these evil Syrian Military staff involved in the project Calypso to try to find leads where the hostages are located to free them, and therewith they are also and 100% monitoring me!

10. The telephone call to Labeed Salameh. Another time, which must have been around begin October 1984, because by then I totally lost control over my life and mind, with all the brainwash setups and telepathy control. Lieutenant Colonel Labeed Salameh, the Syrian project leader, told me, he does not trust BP-British Petroleum, He has to go to London and he wants me to call him in London and tell him if and when ever they change the project on him, I said a definite no. one week later I found myself will-less, leaving the office of BP-British Petroleum and going to the phone booth next to them, around 25 meters, and calling this Syrian project leader trash named Luitenant Colonel Labeed Salameh and told him something, I know it was not important, yet, I was forced to call him, because I did not want to and I tried hard to resist my own thoughts, but no one without telepathy can stop another person with telepathy of forcing him to do anything, and that is fact, period. I have no reason what so ever to lie, I gave up long time ago to go back home to Germany, already in the begin of 1990s, while I was forced to be locked up as an illegal alien in USA, and I am not trying to show that I am a good man, I am just showing how it is and that companies like this evil company BP-British Petroleum are never to trust, they are slave makers and destruction of life of innocent people, the others that were conned and destructed by BP-British Petroleum, CIA, MI6,

- BND and members of my fake family cannot speak for their selves, but I can and I am doing it today, because I was prevented for the last more than 35 years.
11. Michael Angelo Restaurant-Incident-1. Is an upper priced Italian Restaurant specialized in Steak and good sea food that I discovered while I was working for this evil company called BP-British Petroleum. I believe it is closed now. It was on the same street and on the same side, around 500 meters towards Munchener Freiheit. I started to go there with my Girlfriend Adelheid Kuczka. I was setup twice as a mean to stop me to go there and force me to cut my entire relation with my girlfriend and anything that can remind me of her. The very nasty and evil lookalike of my original fake mother named Hyatt/Hayat Baroudi (which I did not recognize at that time), came to visit me in around September 1984, allegedly from Saudi Arabia where she was allegedly living with her nephew named Dr. Basam Baroudi, one of my original kidnappers of 10/11 January 1960 and was around 18 or 20 years old pretending to be 16 or 17, which it did not make any since that she lived with him, but I am skipping it. Somehow, she said she would love to meet Syrians, so I invited, the Syrian project leader Lieutenant Colonel Labeed Salameh for dinner and took her along. She was all covered up like some Muslim do, from head to toe except her face and hands were not covered, she did not used to do that, and she gave the reasoning that when she went to Saudi Arabia to visit her brother she went for pilgrimage to Mecca and ever since she covered herself, she also was fatter, in other words this unknown to me whore woman and lookalike of my original fake mother pretended to be my mother and giving me wrong reasoning for her new and most odd behavior. But I did not question all these things at that time neither I noticed that she was not the same person as the original whore fake mother that kidnapped me on 10/11 January 1960. Anyway, she sat there and avoided to look at the Syrian project leader and avoided talking to him, and I never understood why, because she loved to talk, she talks more than any other person that I have ever seen before, in matter of fact and in 1970s, when she kept on coming to Germany once a while and some times when I take her to shopping, she would talk to a stranger and ask him in Arabic "are you Arab", and that only to show as if she is Arab, what can I say, these people are hired actors and actresses from the worst and most dangerous kind. Today I recognize that she knew the Syrian project leader and wanted to avoid that I notice that and that is why she did not look at him and avoided to talk to him and on the other side they wanted to leave it like that in my mind for later to discover that she knew him and that she allegedly complained to the Syrian government that the Germans brainwashed me to become Christian and now the Germans are allowing the Syrian to brainwash me back to Islam = brainwash situation
 12. Michael Angelo-Incident-2. The sales manager at Siemens AG that was responsible for the project calypso was named Mr. Rebhahn and his office was at Siemens in Bogenhausen, in East of Munich offices, he was the boss of the sales person assigned to the project Calypso and called Pfefferkorn. I had a meeting with Mr. Rebhahn that ended very successfully. Later on in the same day I went with my at that time girlfriend Adelheid Kuczka to the Michael Angelo restaurant, and since they had excellent wine, and most of them were aged at least 5-10 years, I bought him a good bottle of Brunello wine from this restaurant, it was from 1958, meaning aged for 26 years and I paid 800 Deutsch mark for it, which equals around 800 Euro today. The following day I had another meeting with Mr. Rebhahn and gave him the bottle as a thanks gift for the good cooperation. Later on, he calls me and tell me that wine was so bad, it was like vinegar and he had to throw it away, which was impossible, because I went to that restaurant more than 20 times, and their wine was always excellent. Later on, I recognize that it was a part of the schemes to make me hate to go to the Restaurant Michael Angelo
 13. Michael Angelo-Incident-3. The manager of the restaurant Michael Angelo was always friendly to me, and often he invites me to a free drink such as sambuca or aged grappa, and that because I used to spend at least 300-1200 Deutsch Mark each time I go there, depending how many persons

were with me. One day in End of September he calls me at the office, I never gave him my number, and he said, the guest I had with me last time, he came with a young lady and had dinner(possibly it was meant to force me to think it is the same young lady that pretended to be Israeli spy whore), he meant the Syrian project leader Liutenant Colonel Labeed Salameh, and when he gave him the bill, the Syrian Project leader gave him a bag of fresh truffle and said keep the change, it sounds like a cheap joke, the restaurant manager ask him what is that, he said truffles, one kilo in Germany is over one thousand Deutsch Mark, the restaurant manager said no I cannot accept this, because the owner buy all the food and no one else is allowed, you have to pay the bill with money or credit card, then he gave him my card and said this is the man I was with last time, you remember him, he said yes, The Syrian project Leader said call him and he will pay for it and he left. So, I am calling you to pay for it. My response was no I am not going to pay for it, I pay only when I am in the restaurant and order food and drinks. He insisted that I pay the bill and I refused. It was something between 300 and 400 Deutsch Mark, ever since I never went to that restaurant again. And that was just before the final kill, destroying my relationship with my girlfriend Adelheid Kuczka and enslaving my mind hopelessly with telepathy

14. The Sales man from Siemens AG named Pfefferkorn, I am leaving out his first name. Even though he was somehow sleazy, but I liked him because of one reason only, because I loved my ex-employer Siemens AG and anything that comes from Siemens AG, because they gave me many good things, above all self-confidence in that they taught me a lot of things that was not really related to my work, but above all they taught me how to design and develop multi-lingual computer Systems, among others by sending me to their at that time head company called Siemens Albis in Basel, Switzerland where I designed and developed the first 24 language computer printing system in cooperation with the company Data Products in Dublin, Ireland, for the company Hoffmaan La Roche (later on the company was split in to 2 companies). Anyway, This Mr. Pfefferkorn, I was having dinner with him after a long meeting, and he started to talk about his wife and his father. He said his wife is Jewish and his mother was also Jewish even though his father was a Nazi, I said yes, right a Jewish marries a the murderer of her people, he said you don't believe me, then come with me, I will show you my wife, and he took me home with him for a drink at around 20:00 or 21:00 hours, he was living in a small house in an area called Gruenwaldt that is famous for being wealthy and famous people housing area. Not far from him lived Dr. Sami Assassa, a very sleazy and dangerous man that claim to be Syrian and him and my fake uncle from Saudi Arabia married 2 sisters, this mean he is related to this fake family and was introduced to me just after I became Christian enable he have legitimacy to persecute me with telepathy. He was wealthy, by allegedly selling Oriental carpets but he is also claimed that he makes deals between German companies and Saudi Arabian companies such as Siemens AG, AEG and so on, I cannot prove it, yet I know this piece of trash of human being called Dr, Sami Assassa is connected to brainwashing me as well as using telepathy on me, and then using my fake mother as scapegoat, meaning I will suspect only what I see, and since this evil woman that claimed to be my mother was always around when something very terrible happen to me, they were counting on it that I blame her and only her for it and think that she complained to the Syrian government that the Germans have brainwashed me to be Christian and that is why the Syrian are re-brainwashing me, enslaving me under the CIA & MI6 whore Najlaa Mahmoud and then kidnapping me to USA and not to Syria! But it is as I am saying it, first it was the CIA, BND and MI6 that brainwashed me and enslaved me in the American military base called McGraw Kaserne in Munich, later it became some members of the church that are covering up for my fake family and the CIA, MI6 and BND, and later they added BP- British petroleum and the project Calypso.
15. The Syrian project leader does not stop to set me up. I cannot remember the exact details, but suddenly I was giving ten thousand Deutsch Mark check to the Syrian project leader Luitenant

Colonel Labeed Salameh, and I absolutely do not know why. This is telepathy force, among other to make me look like I am cooperating or conspiring with the Syrians against the Germans. I bought this check from Deutsch Bank located next to the office of the evil and very sleazy Dr. Sami Assassa, next to the Syrian Airline office and was opposite the hotel where the Syrian Project leader was staying, which was and to my knowledge and at that time the most expensive hotel in town called Bayerischer Hof, there was only one in town with this name. After the person who had telepathy and forced me to write and send this check led go of me, I went immediately back to the Deutsche bank and tried to cancel the check, and I was luckily successful, yet the Deutsche bank contacted me 2 weeks later and said, even though they placed a stop on this check, yet his bank cashed it for him and asked the Deutsche bank to contact me and request that I pay this amount including cancelation fees, I said I am not going to do that, I canceled it on time, and if the other bank did not pay attention, then it is their problem, Deutsche Bank said, you are not obligated to pay the amount, because it was their mistake, and if you do not pay it, they can do only one thing, request of Labeed Salameh to refund the money. And I did not pay it.

16. 2 Polish around my life that are performing damages to my life: Juergen as mentioned above with the taking photo attempt. Juergen was my friend and I liked him very much, he was maybe 6-7 years younger than me, yet he was my friend because I loved the church where I was baptized and used to even call it my church, because I trusted every single one of its members blindly, not knowing that a couple or even a few more than 10 were conspiring with my fake family and the CIA against me, which will be very visible between 2001 and 2003, where they were among others the reason why I was banned of ever entering Germany ever again, and all attempt to lift this ban was unsuccessful, yet they lifted it in October or November 2018 backwards starting 2014 in a very odd situation. Back to Juergen, I loved that guy, he was a very nice man and a gentleman, yet they repeatedly set me up to destroy my relationship with him and with anyone else related to that church, even after kidnapping me to USA they created a very damaging financial situation between him and me, I was able to fix it, but it took several months. I never heard of him since that setup in 1988. The second Polish person in my life was my ex-German girlfriend that I was madly in love with, I do not know if she was born in Germany or Poland, all I know is that her alleged mother was born in Poland and in Germany she gave her daughter to a Catholic orphan home, where Adelheid Kuczka was raised, which is odd, because Adelheid Kuczka and based on what she told me, was Evangelical Lutheran like me, yet she was trying very hard to keep me away from the church, later on BP-British Petroleum totally destroyed my relationship with her, once and for all times, which is visible in the below points, who did that? It was the evil and nastiest company I have ever met, seen or even heard of in my life: BP-British Petroleum!
17. The alleged technology trade for hostage's brainwash. This situation started later in 1998/1999 in USA as a mean to force me to voluntarily leave USA, which I did not want, actually I ran from USA because unknown, "plural" were torturing me with telepathy and I did not know how to stop them, they scarred the life out of me and I just wanted to escape them, who were they? I believe they were members of my fake family, members of my biological family that did not want me there, the CIA, BP-British Petroleum and above all and no matter what, I believe it was the CIA & MI6 Whore Najlaa Mahmoud and her hidden family as well as my fake son Abdulhamid Najar that I was separated of him by force in Summer 1999, and I strongly believe someone else in the Netherlands replaced him, meaning another lookalike that does not even look like him, but when a 12 years old disappear and then reappear as 17 years old, I used to think his look changed due to he grew older, but I was mistaken, among others because I was severely stressed as he came into my life on 27 December 2002 in the evil refugee camp Ter Apel, where the Dutch immigration severely brainwashed me, tortured me mentally and physically between 11 February 2001 and 27 December 2002 to force me to recognize what was done to me in their own controlled

environment, these savages, were 100% covering up for BP-British Petroleum, CIA, MI6, members of my fake family and others. What happened to me in USA between 1998 and 2000, has several situations that force me to believe that these situations were created through my fake son, or someone with telepathy wanted me to think so. The fact remains, whenever I met with this fake son, bad things happens to my life. I get side tracked, sorry. Back to the subject, only starting summer 1999 and while I was forced to live in Houston Texas at 10350 Lands End Drive apartment 26 and 27, some nasty person started to attack me with telepathy and force his thoughts upon me while pretending to be helping me, during this period they started to force my mind to think that the Calypso project was trading technology and services for hostages, where I started to dig and see what ever thoughts that I am having if they are correct, among others on the internet and discovered that there were many Americans, Dutch, French, British and Germans kidnapped between 1979 and 1982 and kept as hostages in Lebanon, some for 8 or more years, and since I trusted the German government and also the American government that they are allegedly against Syria, I believed in this forced upon me theory of hostages for technology. Later on, when the Americans delivered me to the Netherlands by force for a re-brainwash, the new brainwash reinforced these forced upon me thoughts that I do not have any facts in them what so ever, except what is in this page and in the other pages

18. The 6-8 Syrian Generals in my life along with the Cable TV interview and the Stern magazine article as mentioned above are not prove for trading hostages for technology, yet Syria was 100% on embargo and were not allowed to receive connection to American satellites, yet they did give them all that and more to help them suppress their own people in Syria and that is a real fact I know of this evil project
19. All these evil Syrian military staff suddenly around my life as distraction of the BP-British Petroleum, CIA, MI6 and BND. Evil because I hate military, they are nasty, sadistic and dangerous people for the safety of innocent individual living in the Western countries, as they repeatedly enslaved me under one of their whores such as Anita Disbray, Adelheid Kuczka, and the CIA, MI6 and BP-British Petroleum whore named Najlaa Mahmoud, whereby I genuinely loved Adelheid Kuczka and do not consider her to be whore, because I saw how she lived in her own apartment, which I cannot say about the others that were literally forced upon me from outside Germany to prevent me of having ties to Germany because they planned to kidnap me to USA to blackmail my biological family in USA
20. Me living in a hotel and one of these criminal Syrian military staff suddenly living in my apartment along with his wife and children. I do not know how the following situation happened, was it also force of telepathy or was I stupid and wanted to help someone that was in reality trying to damage my life. Maybe both. Yet I strongly believe this situation was especially manufactured to damage me. One of the Syrians that came from Syria for training on the project Calypso, he was complaining that allegedly the Syrian government set him up (which was to give my brain a hint that everything that is happening to me is also through the Syrians setups), and now he came for training along with his wife and 2 children, that he allegedly cannot live without, and cannot afford to live in a hotel, and even though the Syrian government paid for the plane tickets yet not paying for the hotel and he cannot afford it on his salary, allegedly these military officers between lieutenants and major, they get a monthly salary under 50 Dollars, which is not even enough for one night for all 4 of them, he said if he can have a place for a week or so until he can find an apartment, will be great (it was a setup that until today I do not understand it) I suddenly volunteered and offered him my apartment for 1 week and I will move into a hotel for this period, I moved to a hotel Holiday In next to the offices of the Project Calypso, on the same street, only 200 meters north of the offices. He did not leave my apartment after 1 week, but rather after 4 weeks and only after repeated request to leave, especially that I noticed that his friends have an

apartment. Possibly this setup to have a reason to place microphones in my apartment and then blame it on the Syrians. This is the only explanation I was able to think off for this setup, because I do not believe the reason they gave me, they were all liars and actors and I do not trust any one of these people, I am sorry, but I am placing them all in one pot, because they all military intelligence and have at least one thing in common: follow orders no matter what, and I was being severely attacked by all these people

21. Suddenly I am drinking excessively, where I never bought alcohol for my home but rather milk in the cases and juice also in cases. Suddenly I was drinking alcohol at lunch time and dinner, which I never used to do except a couple of times on Sunday, which is a tradition in Germany to go to a restaurant directly after the church service and have discussion over the church or get to know others from the church, during which they drink a so-called Weiss beer and they call this time "Frühschoppen". In Matter of fact and after I became Christian I reduced my alcohol consumption dramatically, because the CIA and the whore they enslaved me under trained my mind on alcohol by brainwash tricks, see slavery in Germany on how they did that. Yet here and now and since I started to work on this evil project called Calypso, where I have to take the clients and sub contactors to lunch or dinner and each time with alcohol, as if someone is trying to show that I have bad Christian habits, and this was definitely not Christian nor it was Jewish or Islamic, it was pure brainwash to blame my odd behavior on alcohol or even on Christianity. The CIA did the same thing to me in 1970-1972, where they forced me to drink alcohol with brainwash tricks and telepathy, for more info, see Slavery in Germany page.
22. During the project Calypso and around summer 1984, suddenly I am going to prostitute houses, where I never did that before, except when my fake family raped me among other by an old disgusting prostitute, but also the American military sent me to prostitute house and to another prostitute working as employee in the kitchen and that was before 1971. Which was a part of the brainwash, and here and now in summer 1984 the same evil people are using the same strategies=CIA/MI6. Here and now and after starting to work on this evil project Calypso, some one was 100% forcing me with telepathy to go to whore houses, and 80% to a specific place, where I was forced to request a specific woman that I always want to have sex only with her, she was not even nice looking. This telepathy brainwash was to force my mind to think that I do not like my girlfriend Adelheid Kuczka otherwise I would not go to a prostitute house, but also to force others who are monitoring me to think that I also do not like my girlfriend Adelheid Kuczka. I was going at least once a week, sometimes 2-3 times a week, another side effect of all this, prostitution situation and excessive alcohol drinking, is making me go to bed very late, sometimes at 5 in the morning or not sleep at all, which makes me tired and more susceptible to brainwash and telepathy control. In short, my life was totally in chaos and I was not able to defend myself
23. George Estefan, as an alleged Lebanese business man, I strongly suspect him to be a big drug lord that uses his money to invest in legitimate business. I can't really recall how I get to know this nasty man, in any case he was living in Geneva, Switzerland, where my fake uncle Jalal Baroudi that I suspect him to be from the Jordanian, Saudi Arabian and Spanish royal family, was also living in Geneva Switzerland's, and pretending to be full time employee of the Syrian consulate, which he was most definitely not, the way he lived no Syrian consul can afford it. In any case, I believe I was somehow setup to get to know this George Estefan as distraction of my fake uncle and his not very nice children that all lived in Geneva. Possibly I get to know him through the corrupt Syrian project leader of the project Calypso. In any case he gets me involved in his private IT project that turned out to be a set up to discredit me, which I will leave out. He came 1-2 times to visit me in Munich and the first thing he asked me is to take him to a prostitute house, where I had no idea where they are and had to look around in telephone book. I should have said no, but these criminal forces their victim with telepathy. I did take him to a higher up prostitute house that I found in newspaper,

- which was very disturbing to me. In short, this project was meant to distract me to my specialty, which was design of multi-lingual computer systems to prevent me of going to the Middle East!
24. The Hamburg spy equipment. The Syrian project leader Lieutenant Colonel Labeed Salameh asked me to help him and locate some manufacturer for intelligence microphones (spying equipment's) I found a company for him, I believe was called PK or PKI Electronics in Hamburg, and somehow, I get a sample and kept it until I lost everything in USA in 1999/2000, which very much made me look like as if I am spy or at least that is what they want me to think = brainwash. Another time he wants me to look for a company that manufactures taximeter, another times he wants to buy 200 Mercedes and 300 allegedly to use as a taxi, and another time to do this and that, in short it was all to distract me of the design of multi-lingual computer systems and to prevent me of going to the Middle East. And this is the Syrian project leader at the BP-British Petroleum criminal company that have designed all the above and below as cover up for my fake family that are 100% related to them business wise and very possibly also family wise. Many of the things he asked me to help him with I did not do and refused. I know at that time BP-British Petroleum was owned by the government of UK, but the government of UK and no matter how it looks like is 100% owned and operated by the British Royal family and that is why it is called United Kingdom
25. The Jordanian Secret Service and Jalal Baroudi. When I went to Jordan to visit my evil fake 2 sisters Suhair Bdeir the mother of Reem Bdeir alias the double of princes Haya of Jordan or both are the one and the same person, many nasty things happened to me, here are 2 of them: 1. my fake brother-in-law Abdulghani Abokurah, which is a hidden Jordanian royalty and business partner and related family wise to among others with the Bdeir/Budier family the family of my other fake sister Suhair Bdeir. Mr. Abokurah introduced me to his neighbor he was allegedly the director of the Al-Mukhabarat, sort of a mixture of FBI and CIA or best explained as Stassi or SS from Hitler time. This man, also pretended to want to give me a project, which is to get him some spying equipment's above all monitors connected to computers, but I had to decline because it was out of the scope of my specialty, but it was a brainwash setup of some kind that I did not understand 100% until recently, possibly to show me that my brother-in-law wanted to help me business wise but I refused, which is a very stupid scheme they used with me several times, last time it was in summer 2013 with my fake sister in Brighton and Hove, England named Fadia Nagar and her stupide and nasty daughter named Esmat Shawki set me up in a similar scheme, but I will skip because it is not related directly to this situation yet indirectly because this fake sister is related to ARAMCO and ARAMCO is related to BP-British Petroleum and the project Calypso except it is the same people on different time and place and same scheme of brainwash. 2. Each time I go to visit my fake sisters in Jordan, they confiscate my passport in the airport and ask me to go and pick it up at the Al-Mukhabarat building (Secret Service building), which had the goal to make my visit uncomfortable as possible to prevent me to visit my fake sisters and the evil Abokurah and Bdeir/Budier families alias hidden Royalties and CIA & MI6 set agents, sort of hidden colonialists and the best prove for that, is that they have countless Palestinian refugees since 1967 and partially even since 1948 and later. One of these times at the Al-Mukhabarat building when I went there to pick up my passport that they confiscated as I arrived in the airport, they said that some boss wants to speak with me and that he has my passport. I went to his office and he wanted me to go to Geneva, Switzerland and ask my uncle Jalal Baroudi, that pretend to be full time Syrian consul, to work with them against Syria, in other words to spy for them on his own country. I was very insulted for that and refused and said you go and ask him yourself, because I will not, he said if you help us, then we also we will help you, we know that you are trying to start business with Jordanian companies, and we can open the doors for you, I said and if I do not help you what then, he said then we will not help you to establish business in Jordan and we will prevent you of doing business in Jordan. I said so be

it, I will not help you, I took the passport and was very upset. Today I know that this was a severe brainwash situation as follow:

- 25.1. To make my fake sisters and their families (that in reality control Jordan) look like powerless and have no saying in Jordan, and they created many other situations to prove that.
 - 25.2. To make it look like as if I am failing to do business in Jordan because of Al-Mukhabarat and not because these 2 nasty women that pretend to be my sisters are nothing else than nannies for hidden royalty children and the royal family does not want me to recognize that, very unfortunately I recognized that after the year 2000
 - 25.3. To make my fake uncle Jalal Baroudi look like he is really Syrian consul and is working for the Syrians and therewith take any association between them in Jordan and whatever is happening to me in Germany of them and blame it only on Syrian
 - 25.4. To make my uncle Jalal Baroudi not related to royalties in Jordan and Saudi Arabia and to reinforce the lie that he is allegedly a full time Syrian Consul. In matter of fact and alone through these situations it points out that this nasty man and fake uncle of mine is from the Jordanian royal family and his wife possibly from The Saudi and both of them originated (originally) from Europe and USA.
 - 25.5. To make it harder on me to come back to Jordan to visit my fake sisters
 - 25.6. To add more confusion to my life in Jordan as distraction of all other nasty situations they added to my life
26. Women brainwash, please note that they used the same evil telepathy and brainwash strategies on me as the CIA & MI6 used on me in summer of 1970 enable to enslave me under the CIA & MI6 whore agent Anita Disbray, meaning same strategy = equal the same evil people:
- 26.1. The Saudia (Saudi Arabian Airline) Stewardess named Saiedah from Tunis, at that time the headquarter of the PLO. Somehow, they set me up to get to know this stewardess in the plane to Saudi Arabia. This was in 1981, she was a stewardess and she approached me in the plane and tried hard to link me to her. She even visited me in my hotel room in Jeddah, I have no doubt in my mind what so ever that she was set on me, but by who, here are the possibilities:
 - 26.1.1. My brother-in-law Abdulghani Abokurah from Jordan was at that time the CEO of the Jordanian Airline called Alia and set me up at least 3 times in Jordanian airline in Germany and going to Jordan
 - 26.1.2. My fake sister Fadia Nagar allegedly now lives in Hove, UK, which I believe she is the replacement of the original fake sister that never left Egypt or even Saudi Arabia. Or even Yemen where they always send many to a country they want to steal, and that would explain why the alleged children of hers do not look anything like their Egyptian father. This fake sister set me up in 1968 with a young lady named Esmat Khodary/Chodori that was the alleged niece of the Egyptian Airline CEO at that time, his name I forgotten, but he owned the building he lived in right next to the famous movie theater called Metro downtown Cairo, Egypt that was also owned by him. Esmat Khodary was 19, while I was 16. This set up and originally was meant to force me to think that I am allegedly homosexual and that they are helping me, in reality they raped me by men and disgusting women as a mean of a long term brainwash, which I am skipping here, but they were pretended to be helping me by getting me together with this lady, meaning helping me against their own doings, which is typical tricks of these criminals. But also, and most probably this Esmat Khodary was used to cover up that my twin took over my place by being his

girlfriend and therewith everyone else would believe she still with me or I am still with here. These Airline CEO work together to negotiate certain agreements, especially when some of them are also owners of many other businesses in the airports such as food supply and tax-free shops, luggage management and transportation and so on, which I did not see that at that time. But this is not the only partnership as business this Egyptian Airline CEO has with my fake brother-in-law Abdelghani Abokurah, the most important thing that they have together a partnership in is 100% in brainwashing me as described above and both were covering up for the twin that they were preventing me to find out about

26.1.3. My fake uncle the evil Jawdat Baroudi that was Saudi Arabian and pretend to be Syrian. He was working for the Saudi Government as an internal affair judge or judge consultant, and that was one of many other jobs he was performing at that time, and he along with others created countless very destructive setups starting December 1969 but also each time I go to Saudi Arabia on business, they even one time arrested me and wanted to force me to go to Mecca for pilgrimage, which was only a scare tactics created by these criminal members of my fake family, and all that is thanks to these nasty fake family members, the CIA and MI6

26.2. Bashaar Dubish Alleged niece of Seif Aldin Bdeir/Budier. Suddenly a man comes to Munich, allegedly from Syria and tells me he is the nephew of my brother-in-law Seif Aldin Bdeir/Budier that lives in Jordan and asking me for help, which he is allegedly a business man dealing with tailoring material and want to buy material in Germany and want me to help him by that, anything just to distract me of my profession while repeatedly using tailoring as blackmail of my actual biological family that one of them I believe called Taylor and translated his name to Arabic and was calling himself Fuad Khayat=Tailor=Schneider=Snijderin (English + German + Dutch). Bashaar Dubish brought his 19 years old younger sister and both of them suddenly are staying at my apartment, which I did for my (fake) brother-in-law, in reality they were trying to get me to fall for this 19 years old Syrian girl, where she was dressing very revealing in my presence. Yet I was madly in love with at that time with my girlfriend Adelheid Kuczka. They tried repeatedly to visit me, but I pretended to be out of town because I did not like the presence of his sister, I felt totally uncomfortable with her behavior. Today I know they also meant to force my mind to think as reinforcement of their lies that the Bdeir/Budier family are Syrians and not Jordanian royal family members. This is what these disgusting hidden royal family members do, they hide their identities enable to mix with people and brainwash them and then blame it on others

26.3. Sawaf Palestinian secretary. In Jordan and between 1981 and 1985, I was working with ASMO (Arabic Standardization and Metrology Organization, which was a sub division of the so-called Arab League (equivalents to UNO-United nations but only for the so-called Arab countries). The secretary general of ASMO was a Syrian Ambassador named Zafer Al-Sawaf, that was a friend of my fake brother-in-law Seif Aldin Bdeir/Budier. And both of them conspired many things against me, among others to send me to Egypt because Arab countries did not speak at that time with the Egyptian government because Egypt made peace with Israel and asked me to go Egypt to get the standard that I was working on since 1979 approved also by Egyptian government. Which I did travel there in spring or summer 1982, yet I had so many difficulties to do anything or even to survive in Cairo, that I failed in every aspect, from visiting friends, family members to doing any business

what so ever, in matter of fact some evil person or group of persons were severely persecuting me with telepathy during which I was like stoned, but at that time I did not know it was telepathy. I never understood what happened to me in Egypt during this trip until I started to discover and understand telepathy as well as discover that I was kidnapped on 10/11 January 1960 and taken to Egypt with fake Syrian identity, not to forget I did not know that I had a twin that took over my place in Egypt after they took me to Germany in 1969 and I was totally isolated by the evil American military, re-brainwashed and enslaved under one of their agent named Anita Disbray that totally controlled my life, while pretending to be suppressed by me. Today I understand what happened in Egypt, my fake brother Mohamad Nashaat Najar/Najjar/Nagar/Naggar never left Egypt and the American military in end summer of 1970 brought a lookalike of him that today calls himself Nick Naggar, but also my fake mother never left Egypt, my fake sister Fadia Nagar never left Egypt and above all there is a new person, my twin that took over my identity and place in Egypt and they did not want me to see that. And that alone shows that the Bdeir/Budier family, Abokurah family = Jordanian royal family were using their friend the Syrian Ambassador and secretary general of ASMO to send me to Egypt as a mean of blackmail to those persons that never left Egypt yet they all told me they left Egypt in 1970. And this alone also shows that this is not one family but rather several that compete with each other and also blackmail each other's while partnering together to enslave the countries in the Middle East, which they did very successfully and are still doing until today in Yemen and Syria and who knows maybe tomorrow in Iran!. I get side tracked. The nasty Syrian Ambassador Zafer AL-Sawaf or Sawaf, set his stupid secretary on me as a mean of brainwash, along with my 2 fake sisters in Jordan Suheir Bdeir/Budier and Afrah/Mona/Moni Abokurah, they were trying very hard to force my mind to think that I love this stupid secretary because she has similarities with my ex-wife and CIA agent named Anita Disbray that the CIA enslaved me under in August 1970 until September 1977, but I never loved that woman, I was forced to think so, the only woman I really loved was my at that time current girlfriend Adelheid Kuczka. They were trying hard to make that CIA agent whore Anita Disbray, that performed many damages upon my life, look good to prevent me of discovering that she also related to them somehow, I do not know how, but I know she is related to these savages. They performed many very destructive telepathy attacks on me to force me to think that I am in love with this stupid Palestinian secretary, and stupid not because she was Palestinian, but rather because she was helping them, possibly she get paid for it

- 26.4. The Palestinian setup and refresh brainwash. The Syrian Ambassador Dr. Zafer Al-Sawaf mentioned above also conspired with my fake sisters and their husband on this brainwash, by using his secretary, name forgotten, an alleged Palestinian, short around 155-160 cm and very thin, maybe 45 kg. They tried hard to link me with her, or even to force my mind to think I want to marry this piece of trash actress. This will show how powerful telepathy brainwash is, on the one side they force me with telepathy to think I want this woman and on the other side they attack me why do you want this woman, is it because you still love your ex-wife and she reminds you with her, because she has similarity with her. Hereby they mean the woman that the CIA severely brainwashed me and enslaved me under her and named Anita Disbray that I strongly suspect her to have been far above 45 years old maybe even 55 years old yet, she pretended to be only 4 years older than me in 1970, while I was 17 years old, suffering under a severe brainwash through the CIA, and had total amnesia, losing all my logic that helps me recognize things such who is 50 years old and who is 24 years old, where I had no chance to see through all

these very destructive schemes. Anita Disbray left my life in September 1977 and never seen her after that, except once in the divorce court in 1979. Her job was to isolate me which she did and destroyed any friendship I have ever made between August 1970 and September 1977. In the above-mentioned brainwash situation with the Palestinian secretary was to force my mind to think I am still in love with Anita Disbray and that is why I allegedly want this stupid Palestinian whore woman, and she was stupid not because she was Palestinian, but rather because she was scheming with them against me. I believe she called me once or twice to Munich, or I was forced to call her from Munich once or twice to show as if I am related to Palestinians and to show as if I love Arab women, but I loved my German girlfriend Adelheid Kuczka, they all were nowhere close to match up to her, and this because she was simple, and straight forward, they were sleazy and liars, she loved her daughter and behaved accordingly, they see their children as objects to use as tools of power. In 1984 I was prevented in Jordan to succeed in any business what so ever, and no family would ever do that to one who loves them, and in this process they set me up to start a business Partnership with some Palestinian, just to show and refresh the setup from December 1969, that these people created for me, these people I mean the nasty Bdeir/Budier, Abokurah, Malas, Baroudi, Kheir families as well as all my fake sisters and my fake mother. This partnership with this Palestinian business man, it did not work, and it was designed not work, yet it showed as if I am related to Palestinian groups that at that time were considered to be terrorist, unjustly I may add, but it added to my Palestinian connection, not to mention the Alami family the family of my niece Basma Bdeir/Budier/Alami the sister of Reem Bdeir alias the double of princes Haya of Jordan or both are one and the same person, meaning this Alami family is never Palestinian and the Jordanian royal family just pretended to be marrying with Palestinians as a sign for peace in Jordan. This Alami family allegedly came in 1967 escaping the war in Israel with nothing but their cloths, and in Jordan, they suddenly owned many major businesses, small at that time, yet major, such as supplying food to the Airplanes at the Airport, having shops in the Airport duty free zone, owning currency exchange in the airport and elsewhere including in Kuwait and the list goes on and on, and I am happy for them, yet they are not Palestinians. Last, I have seen of them was in summer 1986, where I went to Jordan to visit my (fake) 2 sisters and their fake families, with the exception of once in July/August 2013, where I saw one of them, at least that is what I believe he was based on his look, his accent, the relation of my fake sister Fadia Nagar in Hove, UK and the setup they performed upon me during this period, which was my fake niece Esmat Shawki pretended to be marrying a Jewish man, where I do not think anything wrong with that, because I do not see Jewish, Muslims or Christians in people, I see their doings good or not, and this was one of their evil doing brainwash setups in 2013 to force my mind to think of the Bdeir and Abokurah families as Jewish and Israeli, which sister will create such a brainwash setup about her other 2 sisters unless she hates them for one reason or another, in matter of fact and in summer 2013 they bumped up my head with a lot of very negative and bad stories about the Abokurah and Bdeir families such as the Alami family is Jewish and Israeli, or the other sister kept her mother locked up starving and hit her, or that she stole the jewelry of the other sister and of her own mother and so on, but I never believed in all these stories, because I know the Abokurah and Bdeir/Budier families would never do something like that, even though they helped dramatically in destroying not only my life but also creating many conflicts between me and the people I loved in Germany, yet I am fair and I know they would never do all these things, because they do not need it. One time in summer 2013 in

Brighton, UK my fake sister Fadia Nager and her fake children went to a clothing store in Brighton, allegedly because each one of these criminals want to buy clothing for the wedding party of her fake daughter Esmat Shawki, and while we were in that shop, a man approached us, he looked like Makram Alami in Amman Jordan, the husband of my fake niece Basma Bdeir, and he greeted us in Arabic and English, based on his accent he was Jordanian, based on his look he was from the Alami family, he just said hello and how is the weather and said goodbye I see you at the wedding, my fake niece Esmat Shawki said, no my uncle is not coming he is busy with other things on this day, I was standing right there and I was living at their home, I was forced to relocate there in June/July 2013 from the Netherlands to show as if we are related, but neither this woman was my biological sister, nor she was the same sister as from Egypt nor her nasty children are my niece and nephews. In short, she disinvited me to her alleged wedding without asking me, instead they took me to a cheap hotel for a family dinner before the wedding. Then I was forced to leave Brighton sometimes before the wedding around 10 August 2013. Last but not least and maybe in 2014 or 2015 they lied again and sent me a message and said that my fake niece Esmat Shawki left her new Jewish husband because they did not get along and he was looking for a slave woman which Esmat Shawki is not. They all are so evil, they like to force other to be Muslim, yet they are not Muslim, they use telepathy to enslave others enable they can live free with the money they steal by conning other people just as they stole everything from me. While she was pretending to be married to a Jewish, her brother Essam Shawki was pretend to be going in a partnership with a Russian business man, which is a 100% coordination between them, the Dutch IND and the CIA, that repeatedly tried to relate me to Jewish and or Russian, and there is nothing wrong to be Jewish or Russian, but there is something wrong and very evil when a Saudi Arabian and Jordanian royal family members that are originated from the UK, USA, Germany, Netherlands and from other parts of Europe pretend to be originated from countries they hate such as Israel or Russia. Anyway, this stupid and criminal fake niece named Esmat Shawki, did not marry a Jewish man and there was no wedding, it was only a brainwash talk. I feel sorry for them, because their intelligence is limited to crimes and they are not capable to build something with honesty, I wonder why!

- 26.5. Randah Mufleh. Also, in Jordan. My fake niece a very nasty and evil one named May Abokurah, probably now her name is different because she is married, last I heard is that she was married to an Iraqi ex-royal family member, which very much means they support the ex-royalties from Iraq and that is why they created the evil war in Iraq through ex-president George W. Bush, but that is not my business. Back to my niece. This was in 1984, when I went for a couple of weeks to see my (fake) sisters in Jordan. Before I continue I like to ask you, the reader a question: who would travel 4 thousand kilometers to see his sisters and their families, at least 1-2 a year, I do not know your answer, but mine is because I loved them and did not see through their schemes neither I knew that they kidnapped me of my actual biological family on 10/11 January 1960. Any stupid person will see that I am spending so much time and money just to see them because I loved them and in return they were scheming to enslave me and steal not only my life, but also everything I love in this life, including the woman loved, my church, my friends, the country I loved most and the list is endless, and all this while they are repeatedly brainwashing me as this situation. I used to love to play squash, especially with my friends in the church and my work colleagues at Siemens AG. And one day this evil fake niece named May Abokurah said that her girlfriend named Randah Mufleh would like to play with me Squash, which I did play once or twice with her. She was short, maybe 135-145

cm, dark skin or light brown skin, she could have been another hidden daughter of king Hussein, just as my original fake brother was. One day before returning to Germany. This May Abokurah ask me to go with her to King Hussein sports club, because someone want to tell me something, and she did not want to tell me who or what. I went with her, and there was this short and digesting person called Randah Mufleh and as soon as she saw me she ran up to me placed her arms around me and kissed me on the lips and said I love you, here is my photograph to remember me in Germany. I did not know what to think or how to react, because it was all telepathy control, and do not allow me to think, but one thing I always knew for sure, in no way and if this insect was the last women in the world, I would not kiss her or even touch her. I have no doubt what so ever that my fake niece May Abokurah and at least her brother Ghasan Abokurah in Washington D.C. have telepathy and used their younger brother named Khalid Abokurah as target practice for telepathy, that literally drove him crazy and they locked him up in a mental institute in Cairo, Egypt since 1988 or 1991 to not have to visit him, and to my knowledge he still there. Back to Germany, I am again with my girlfriend Adelheid Kuczka and very happy to be back home also to see her beautiful friendly and smiley face. Then this Randah Mufleh calls me a couple of times and telling me she misses me, and then start to ask me to send her back her photograph, here too I did not know what to think or how to deal with it because someone evil with telepathy were preventing me. Then my fake niece May Abokurah calls me and says Randah Mufleh is upset and need her photograph back, then my fake sister Suhair Bdeir calls me with the same message, then my fake sister Afrah Abokurah calls me also from Jordan and with the same message, then my sister Fadia Nagar, this time from the UK calls me with the same message, all want the photograph back, and I have no idea how to react or where to send it, because someone with telepathy was controlling me. I think I throw away the photo sometime after arriving in Germany. All this to make people around me believe as if I love women from the Middle East, Palestinian women or this parasite called Randah Mufleh. Last but not least, which I did not know that at that time, the name Mufleh is also the name of some major leader family of the PLO-Palestine Liberation organization=terrorism, if it is the same family or not I do not know, it is just like the name Smith, not only one family using it, yet it was used on purpose to implicate me with terrorism, and this is also 100% contributed by not only the evil fake family, but also the evil BP-British Petroleum, my employer at that time. In 2017, the Jordanian Ambassador in the Netherlands was named Mufleh and was replaced in 2018 with another person with another name Tell, that and as far as I recall is also member of the royal family!!

- 26.6. May Abokurah and each time I visit them, and stay overnight, she would dress totally inappropriately, such as revealing night gown, or very short hot pants or more than micro skirt, while dressing sleeveless t-shirt and so on, as if she trying to force my mind to like her body as a part of the brainwash, which is really disgusting, but these people see their selves as tools for their goals, whatever that is, and there is no tool is forbidden. This while I was told that her father allegedly burned all the cloths of his wife alias my fake sister alias her mother because they had half sleeve and he considered that revealing, yet he did not mind that his daughter at that time over 20 years old (born around 1963/64) dresses like street prostitute to seduce the mind of her fake uncle while he was present at home!! This May Abokurah and her brothers Ghasan and Abdallah Abokurah that drove their younger brother named Khalid Abokurah literally crazy by using him since his birth as target practice for telepathy. Khalid Abokurah had many odd behavior, yet with me he was very normal and stops his odd behavior, and one time I confronted him why are you

doing all these odd things, his answer was: I hear voices in my head that tells me to do these things, such as throwing a glass at the TV and breaking it, or emptying his drink on the legs of the serving waiter or throwing things such as toys, cloths, trash, plates from the window and so on. At that time, I did not know what to think of these alleged voices he hears, because I did not know of telepathy, but today I know, and these nasty brothers and sister destroyed the life of their younger brother just to train their selves, today they are in Washington D.C. and Virginia, doing the same but on strange people as they did to their brother and their fake uncle, me!! Not to forget that I am claiming that their mother alias my fake sister is nothing else but a nanny, and no one will bring a nanny to raise children with telepathy, unless the nanny is has not only telepathy but also to teach them telepathy tricks to enslave others = concentrated evil where and how ever I turn it

- 26.7. The Abokurah sisters. Simultaneously to all the above, the two sisters of my fake brother-in-law Abdelghani Abokurah that allegedly are independent and have furniture stores and come often to Germany and Austria or even USA to buy furniture for their store(s), pretend as if they have an eye on me, among others by visiting me in Munich and inviting me to their hotel 4 season, while my 2 fake sisters in Jordan continuously asking me to ask one of them out, but I did not, yet they did not force me, and I do not know why, maybe because they just were toying with my mind! They are mentally sick and are dangerous to the safety of others and my life is the prove
- 26.8. Between 1982 and 1985 and each time I visit my fake sister in the UK, she either invite a specific girlfriend or take me to visit her. It is always the same lady, that allegedly from Aleppo, Syria. She was married, yet each time she sees me she dedicates her time to me, as if I am her boyfriend. I never understood that, until later, she was trying to force my mind to think that Syrian or Arab women are better than my girlfriend Adelheid Kuczka. And here I am saying it again, and this is only concerning this persons within my complaint and not Syrians or other nationalities in general: not in your family life time, you cannot measure up trash to actual cleanliness, cleanliness is a beauty and trash is ugly and smelly, and this page is the prove. And my ex-German girlfriend was supper clean and none of these evil and disgusting persons can ever measure up to her. This alleged Syrian lady, she tried hard to act as energetic as my girlfriend, tried hard to have debates with me over all kind of subjects, and even though she never was able to measure up to my girlfriends, yet she tried hard. This is what you call mind seduction through a married Syrian woman living in the UK that was nothing close to representing Syrian women that are kosher and faithful in all aspects and will never do such a disgusting thing. I never understood what these evil people had against my girlfriend Adelheid Kuczka, until after the year 2000, they did not want me to marry a German woman, then they cannot kidnap me to USA and use me as a multipurpose slave: prevent me to work in IT with multi-lingual specialty to prevent me to go to the Middle East, to force me raise one of their evil hidden children while forcing me to believe it is my own biological child, and to use me as a blackmail object against my biological family in USA. And if I marry a German woman then I would get the German citizenship which will make it harder to kidnap me, and they cannot prevent me going back to Germany because these criminals go often to Germany under other fake identities, among others because they do have major business in Germany. But also because the behavior of my ex-German girlfriend was beautiful especially with her daughter, which made me see how actual mothers treat their children, and not how nannies and evil telepathy teachers force these children to be as evil as they are, and alone through this beautiful onetime longtime ago ex-girlfriend of mine named Adelheid Kuczka as well as members of the church I was able

to see that these children are kidnapped from Europe, USA and taken to the Middle East faked their identities and then send them on destruction tours to other countries as Jordanians, Saudi Arabians, Kuwaitis, Syrians and so on, where do they send them? To Germany and USA to enslave people to buy businesses and gain influences to be able to control for example Germany while pretending to be Arabs (also pretend to be Africans but are Afro-Americans and British Americans or pretend to be from India, Pakistan and so in) but they are British and Americans!

- 26.9. Also, around the same time as above, my fake Aunt named Eftikar Kheir, that pretend to be Syrian and is raising a hidden royalty child, and one of these children is a young lady that she allegedly gave birth to her when she was older than 50 years, which was a lie to cover up that she is a nanny. In any case, I strongly suspect this evil woman and her very evil fake children that 2 of them took part on brainwashing me and performing some harm to me, which are Farhat Kehier (UAE/Oman) and Faihaa Kheir (Saidi Arabian). Now I was visiting my sister in Jordan, and this nasty woman called Eftikar Kheir come allegedly to visit me and bring along her alleged daughter named Fatina Kheir for one purpose only as a mean of multipurpose brainwash, first to show that she allegedly just came from Syria to visit, which I have no way of verifying where this nasty woman came from, second to add to the brainwash of forcing my mind to think that I love Syrian or Arab women, which I absolutely did not and still do not, because of one reason only: I never liked the behavior of my sisters, my nieces, my female cousins, the way they dress, the way they cover their faces with trash makeup and the way they talk, all they have in their mind is how beautiful they are going to look today, and they are not beautiful at all, I just accepted them at that time because I thought they were my family, in matter of fact they are disgusting and they disgust me, and I am sure most of the others find them also disgusting, only their victims would say they are beautiful and trust me beauty is not visible to eye, it is forced upon them, actual beauty it is never forgotten just as actual evil is also never forgotten!
- 26.10. My fake cousin Summer Baroudi. In around summer 1984, I went to visit my sister in the UK, at that time she was living in or around London. Then she told me that our female cousin is in London and would love to see me, even though I do not know her really. Her name is Summer Baroudi and is the daughter of my fake uncle Badeaa Baroudi and the sister of my fake cousins Bashaar and Basel Baroudi, both I met them only in Saudi Arabia. She is allegedly married to a Syrian civilian pilot working allegedly for the Syrian airline. So, I went to visit her in her hotel somewhere in London and called her from the reception that I am here, she asked me to go up to the room, which I did. She was totally dressed inappropriately, a see-through night gown, I was able to see her bra and her mini under pants, I felt really uncomfortable, she asked me to come in, which I did, and open the fridge and asked me what I want to drink, there is beer, whisky, juice and water, I said nothing thank you, and then she went and sat on the bed placing one leg on the other, where I can see her practically naked, she asked me to help myself with drinks, and I said no thank you I cannot stay long because I have an appointment and I am already late, I just wanted to get to know you, she asked me to stay longer, but I left. I am sure she did not want to have sex with me, she was just newly married, however I have absolutely no doubt in my mind that she wanted to force my mind to think that Syrian or Arab women are allegedly beautiful, in other words she wanted to seduce me without having to have sex, on the other side maybe she wanted to have sex with me, and that is alone on the bases how she was dressed, like the women you see standing behind a glass in Amsterdam and want you to pay to have sex with them. He had brown hair, green eyes

like her father mother and 2 brothers but shorter than them, she was around 160 cm short or tall! It was a very disgusting and awful situation. Never seen her before that and never saw her after that. Thanks God!

- 26.11. My fake cousin Rima Baroudi (Married to a Swiss Christian man and lives allegedly between Paris, France and Geneva Switzerland). Between 1980 and 1981, My employer Siemens AG sent me on business trip(s) to meet with and to represent Siemens AG at ECMA-European Computer Manufacturer Association and the British company ICL in Geneva, to meet with Mr. Hajjar (translated to Rockefeller) at IBM European Headquarter at that time in Paris, France; and in late summer of 1981 with the company Olivetti headquarter in Ivrea, Italy, whereby my at that time girlfriend Adelheid Kuczka accompanied me on this trip. We made a stop in Geneva to visit my uncle Jalal Baroudi that was a hidden Jordanian or Saudi Arabian royal family member originated most probably from UK or Spain royal family and living in Geneva pretending to be a full time Syrian consul, which he most definitely was not. After we visited him at their apartment in Geneva, and as we were leaving his housing and at the door exit, and very suddenly (this was a 100% telepathy force to destroy my relationship with my girlfriend Adelheid Kuczka), I went up to my female cousin named Rima Baroudi (her last name changed to a Swiss name due to her marriage) and kissed her on her lips, which I would have never done, and I never done something like that before that or after that, beside I loved my girlfriend Adelheid Kuczka very much (see why I loved her in the page "Thank You") and I had respect to my uncle and would have never done something like that in front of him and his wife, in other words they forced me with telepathy to do that enable to systematically destroy my relationship with my girlfriend that I wanted to marry. While cousin Rima Baroudi behavior, character, moral values and her look do not measure up to Adelheid Kuczka, beside I did not know her I just saw her in my entire life 3-5 times, and I really did not like her as a woman, but I loved my family and each individual one of them at that time, because I thought they are my biological family and not my kidnappers, and therewith I also loved my cousin as a family member no more and no less than a sister. This while a bit later, they also set me up with similar strategy and behavior with the Jordanian parasite and girlfriend of my fake niece May Abokurah named Randah Mufleh, where she out of nowhere comes up to me and kiss me on the lips and tells me I love you and gave me her photograph, which is mentioned above. These women are nothing else than cheap whores, that makes bad name for Arabs, and Muslims while trying to force my mind with brainwash and telepathy to think I love Arab and Muslim women. All I can say is once a person read the new testament then everything else is irrelevant and that is why the bible is very much one of the most hated books by brainwashers and criminals as members of my fake family, but also the CIA, MI6, AIVD and BND hate Christians and love Islam because they can use Islam as slavery and persecute people in the name of Islam and blame it on Islam or God, such as they are doing right now in Yemen and Syria, and before that in Iraq and before that in Afghanistan, and before that and until today in Saudi Arabia that left these countries in chaos until today
- 26.12. In 1982 I was set up by the evil Bdeir/Budier, Abokurah families that used the Syrian ambassador named Dr. Zafer Sawaf to send me to Egypt. In Egypt I tried to visit many that I knew before, but I was unsuccessful because I was prevented to among others because my fake family that was with me in Egypt pretend to have left Egypt in 1970 but they did not, and also had my twin that I never knew about him, that then took my identity in Egypt, because they used me as a place holder for him. One relative I was able to visit, the

alleged grand cousin of my fake mother, he was an alleged police officer and his father is a famous Egyptian military general named Ahmad Saleh Sulaiman and this cousin name is Alaa Ahmad Saleh Sulaiman. He had a sister named Najlaa that was a teacher and married to a teacher but then divorced, married again and divorced. This cousin told me that he and his sister Najlaa are marrying a brother and a sister because they are rich, and he kept on talking to me on the advantage of that, and it does not matter how ugly they look, the main thing that they are rich because then he and his sister will also become overnight rich. Just before I went to Egypt I was in Amman Jordan, visiting ASMO-Arabic standardization and Metrology Organization and also visiting my 2 fake sisters Suheir Bdeir/Budier and Afrah Abokurah/Najjar, whereby I did not know at that time that they are not my sisters but rather my kidnappers. In Amman, my 2 sisters and even the evil whore that pretended to be my mother named Hyatt/Hayat Baroudi, and all 3 of them were trying hard to force my mind to think that I want to propose to the younger sister of my brother-in-law Abdulghani Abokurah, named I believe Khawala/Chaula, she even came to Munich and invited me to visit her in her hotel, and they kept on nagging how nice she is, and that she is rich and so on, and today I believe that this stupid fake distant cousin of mine in Egypt named Alaa Ahmad Saleh Sulaiman was trying to help them to convince me to do just that by telling me that he and his sister are marrying a brother and her sister, and there with my fake sister Afrah Abokurah and me would be doing the same. Their only problem is that I loved my girlfriend Adelheid Kuczka in Germany and beside the 2 sisters of Abdulghani Abokurah have a very nasty behavior, character, and no moral value while their look is only suitable to be hidden and not talked about. Today I think they did not really wanted me to marry these stupid women that they continuously tried to force upon me, but rather it is a brainwash tactic and strategy to keep on talking about a subject until their victim believe and do what they say, the only problem with this strategy is that as a Christian I am immune of it, and that is why these evil nasty and criminal family members used telepathy. Beside they planned on kidnapping me to USA no matter what to blackmail my biological family in Connecticut, New York, Pennsylvania, California, Texas, Kansas and other states, where I was often tricked to go there and I realized I was not needed and never understood why I was given a job that I was not needed for=blackmail my biological family without me noticing, another time was the FBI dragging me to another city by lies and trick enable to brainwash me for their advantages, which they did several times. On the other side maybe this stupid fake cousin named Alaa Ahmad Saleh Sulaiman was trying to blackmail someone else that has telepathy and in Cairo, Egypt and are brother and sister and marrying also brother in sister enable to generate as many lookalike as they can, and these can possibly be my triplet a brother and sister or my fake brother Mohamad Nashaat Naggat at that time and one of my original fake sisters Fadia Nagar and/or Moni/Afrah Najar/Nagar that never left Egypt and are marrying brother and sister or 2 sisters I do not know, I just know that this nasty cousin of mine had 100% telepathy and in 1960s he was practicing his telepathy on animals that he simultaneously had: Mouse, Cat, Dog, and a snake, possibly also a bird try to have all these animals without them eating or killing each other's, but you cannot, he was able to=telepathy practice. On top of that he caused me a head injury in 1960 on purpose just enable I discover that I had telepathy and to force my mind to think due to head injuries, but it was not, it was 100% man planned and performed total amnesia

- 26.13. There were other women that they used in the Middle East and Munich, but I am skipping them because they were only minor such the following whores: Mrs. Assassa that was married to the sleazy Dr. Sami Assassa, Mrs. Sheikho that was married to Mohamad

- Sheikho and both were forced upon my life as reinforcement for this whore bitch called Najlaa Mahmoud, and a couple of others
- 26.14. Last but by far not least evil is the BP-British Petroleum, CIA, MI6 and BND whore Najlaa Mahmoud that was forced upon me 100% through these very destructive and indescribable network of evil: BP-British Petroleum, CIA, MI6 and BND
- 26.15. All the above are brainwash situation by making Arab and Muslim women look cheap, luckily, I know better, that a real Muslim woman, would never behave like that, luckily, I also meet many other Arab women that had a real Arab women behavior and not street hooker like behavior as some of these women that would do anything to cover up one thing or another. I am really ashamed to have been directly or indirectly involved with these people
27. In summer 1984. My niece named Reem Bdeir/Budier alias the double of princess Haya of Jordan or both are one and the same person, came allegedly to visit me in Munich and stayed at my apartment. She just came for around one week. She asked me to take her to visit her alleged school friends, she was already 22/23 years old, she was born allegedly between 1961 and 1962 and went to the American university in Beirut while her sister went to the university of Lafayette in USA and her brother went to 2 universities (or maybe they are a twin) in Leeds in the UK and in Dallas, Texas, where coincidentally and to my knowledge also ex-USA president George W. Bush resides now(!). Her school friends was really a lie at that time but I did not think of it at that time. I drove her to another small town or village outside of Munich, I cannot recall where it was, among others because she had telepathy, and when a person with telepathy is around and take control of my mind, I cannot register things, therefore I cannot remember them. They were 3 or 4 young men allegedly studying at the university of Munich, one or 2 of them were from the Malas family. I was supposed to pick her up later, but when I went to pick her up, she said she wanted to stay overnight, which she did stay over I believe for 2 nights. This is most definitely not the behavior of a Jordanian or a Muslim young lady by staying in the same house with other young men that are not her brothers, especially if her family are allegedly strict Muslims, build many Mosques and Islamic schools such as the Islamic Educational College of Jordan that was built by her family Bdeir/Budier and the family of my other fake sister named Abokurah. And that is why she has a fake identity, where she can do what she wants, and no one will know and complain that Princess Haya of Jordan did something like that
28. While I was in Jordan in 1984, my fake sister the official mother of Reem Bdeir, in reality she was her nanny, took me to visit their alleged family friend the Lebanese Consul named Ali Barq. At his home there was another guest and I immediately recognized him as the famous Syrian actor called Yasino, he used to act often with another famous actor called Ghawar, and these movies or TV series I used to see in Jordan when I visited them, because in Germany I had no way of watching Arabic TV at that time. This actor was a comedian actor and his real name of this actor was Yassin Bakoush and he was famous by the name Yassino. As soon as I saw him sitting there, I started laughing and was pleasantly surprised to see him, and I said Oh Hello Mr. Yassino, and my fake sister Suhair Bdeir took me to the side and said, this is not Yassino, do not insult him, because Yassino is stupid and this is a very educated Kurdish business man, so I apologized. Later on I put $1 + 1 = 2$, meaning, there was too many lookalike in my fake family, among other her official daughter Reem Bdeir alias the double of Princess Haya of Jordan or both are one and the same person, and they did not want me to link them, so they created many brainwash situations to dis-link themselves of the Jordanian royal family. Also they often say in Arabic "God created of each thousand lookalike" which is medically absolutely impossible, but they often uses this as an excuses for the hidden lookalikes, twins, triplets and more that they plan on generating and use as coverup for their bad and evil thoughts. In short, they were trying to force my mind to think that there are

- often and coincidentally lookalikes that are 100% not related, which is practically, theoretically, biologically and medically impossible, the gene of a human being is always inheritable by the children which makes the children look like parents, their other siblings, nephew, nieces, uncles, aunt, cousins and even grandparent, in my case none of these criminals that pretend to be one family look like me or even like each other's, with a couple of exceptions
29. The Haitham Edelbi and weaponry dealing. I knew the Edelbi brothers from 1967 summer vacation in Amman, Jordan, where they were the neighbors of my fake sister Suhair Bdeir and lived directly opposite the Islamic Educational college of Jordan in Amman, Jordan in an 8 apartment and 4 floor building. Later and after the year 2000 I started to recognize the schemes they were making, which is the entire building where this fake sister lived had hidden royalty children or foreign children that were brought to Jordan by the CIA and/or MI6, BP-British Petroleum or even Americans or British weaponry manufacturer, because Jordan has some hidden and useful natural resources such as phosphor, which is needed for weapons, but not enough petroleum or water, therefore they bring children to raise them as Jordanian and use them when they grow up. And the two Edelbi brothers were one of these children in 1967. In 1980s One of them was an attorney and was allegedly the private attorney of my fake brother-in-law Abdulghani Abokurah, and the other named Haitham Edelbi was an Airforce Pilot in the so called Royal Jordanian Airforce (in reality it is the British Air force disguised as Jordanian). In 1984 and when I was visiting my two fake sisters Afrah Abokurah and Suhair Bdeir/Budier in Amman, Jordan, the husband of Suhair Bdeir named Seif Aldin Bdeir/Budier said to me that Mr. Haitham Edelbi would like to talk to me about possible business cooperation and I should go visit him in his office. His office was at home, and his home was a very luxury apartment and he told me the following story about himself: He allegedly was an Airforce Pilot officer, and one of his duties was to negotiate with manufacturer the delivery of weapons, then he quit his job and started his own business of allegedly buying weapons for the Jordanian military and make commission on it and then he started to expand and now he sell weapons to any one including the PLO-Palestinian Liberation organization, and I have no idea why he was telling me all this, especially that the PLO was considered to be the biggest terror organization in the western world and was against the Jordanian royal family that betrayed them. PLO performed many terrorist attacks in Germany, UK, France, USA and even somewhere in south America. Later I recognized that he is filling my head with all this trash to reinforce my alleged relation to top Palestinian terrorist, but also to show as if he is against Israel, which is practically impossible, because Jordan was one of the first countries that made an official treaty with Israel, and in the hidden they do much more than this treaty, not to forget that Israel was created by the British and Jordan was also created by the British and if Jordan and Israel are not friends, then it would be as if the British are against each other's, where now and in Germany as well in Jordan I am being attacked from all sides, especially after I started to work for BP-British Petroleum and the project Calypso.
30. The al-Mukhabarat chief and Abokurah. This is mentioned above, but here is a short version of it: My fake brother-in-law Abdelghani Abokurah introduced me to his alleged friend and neighbor the chief of the Al-Mukhabarat sort of Stassi or SS like organization that want to look like a good organization. And this chief, with all this commotion and very unfortunately I forgot his name, he tried to distract me of IT specialty of multi-lingual computer systems and want to give me a project of monitors linked to PC to spy on other, which I declined while one of his employees always confiscate my passport at the airport and ask me to pick it up at the headquarter, and once they even asked me to convince my fake uncle Jalal Baroudi that lives in Geneva, Switzerland and pretend to be full time Syrian consul, to work for them in other words spy on Syria for them, which I also refused

31. The Alami family and the money transfer. The Alami family allegedly escaped the war between Israel and Arab countries in 1967 and immigrated to Amman, Jordan with nothing but their cloths, and very suddenly they are one of the most successful business families in Jordan and married to hidden royalties, which is my fake niece named Basmat Bdeir/Budier that is married to Mr. Makram Alami. A couple of days before I went to Jordan for a visit, my fake brother Mohamad Nashaat Naggar/Nagar/Najjar/Najar and his lookalike Nick Naggar sent me a letter from USA to Germany saying that he is still living in New York in sort of a motel and allegedly his employer Avon Cosmetics in Rye, New York is paying for it because he cannot afford a rent in New York, which was a lie to force me to gradually lose any reserve money that I may have. He allegedly immigrated through his employer to New York in around April 1982. And he said that he found a home in a small city nearby New York and is very cheap and he can afford but he cannot afford the down payment, which is 2000 US Dollars. So, I called him and said I am going to Jordan and from there I will send you some money. I thought he would want also furniture and relocation money, so I decided to send him 5 Thousand US Dollars. And when I was in Jordan, and since the Alami family has several currency exchanges businesses and are connected to local and foreign banks then they can send this money to New York. And they did that, not knowing that it was a part of a setup, first to make sure I do not have any reserve, but also to force me to transfer money through an alleged Palestinian company to make me look like more connected to terrorism. When I was kidnapped to USA in September 1986 and I met my fake brother for the first time since April 1982, I went up to him happy to see him and placed my arms around him and hugged him, he immediately pulled my arms away and pushed me away and gave me a look that said: what the hell are you doing, how dare you keep away of me. I never understood this behavior, especially that 6 weeks later he forced me to leave his house and live in a homeless shelter. His house that was financed with the 5 thousand US Dollar that I sent him 1-2 years earlier, but I did not think of it at that time because brainwash in combination with telepathy is something very powerful and very filthy as filthy as the people that perform it!!!
32. The Palestinian business. Also mentioned above, but here again a short version and while I was in Jordan in 1984, my fake brother-in-law Seif Aldin Bdeir introduced me to a businessman that allegedly would want to work and partner with me in his IT business. He was Palestinian. Nothing succeeded but it shows that I have too many connections with Palestinians. Later, I recognize it was nothing else but a set up and to refresh the set up they pushed me into in December 1969 among other by the same persons, and also Mr. Seif Aldin Bdeir. And this setup caused me to be taken to the American military base where I was severely brainwashed and enslaved under the CIA agent named Anita Disbray that pretended to be British. The BND in Germany was all over my life because of this setup, from January 1970 and until kidnapping me in 1986 from Germany to USA and again from 2001 and until 2006, where the Dutch immigration forced me many times with brainwash and by force to go to Germany illegally as a mean to force me to be locked up for 13 years and then blame it on me
33. The Bdeir/Budier PC extension board with multi-lingual design. One of the things they continuously tried to do in Jordan when I visited my 2 fake sisters, or when I visited my alleged family members in Saudi Arabia or even in Egypt, is to destroy my self-confidence. And here was one of them: They knew I was specialized in the design and development of multi-lingual computer systems, and one day my fake and evil brother-in-law Seif Aldin Bdeir, sent me to his nephews or grand nephews the adult children of his brother Mohamad Ali Bdeir that was practically one of the hidden kings in Jordan, allegedly because they are interested to work with me in the IT sector. When I went to their offices, they claimed to have designed and developed a PC board that you can add to any IBM or compatible PC and it will immediately turn it to a multi-lingual computer system. Which is technically and theoretically possible, yet it was not about working with me but rather they had 2

goals with this fake meeting: first to show me that they are smarter, they not only design on paper but also develop an electronic board that can be added to a PC, which I did not plan to do, not only because I did not have the knowledge, but rather because I wanted that as many computer manufacturer as possible develop multi-lingual computer systems enable to give the Arab countries more and better choices in technology. Anyone can build a computer and sell it, anyone can build a PC board and sell it, but what not any one can do, is to create a big company that manufacture and sell PCs in a quantity of hundreds of thousand or even in Millions while have a good established name and maintenance possibilities and from my thought at that time, the best is to make these companies create a multi-lingual computer system, companies such as IBM, Siemens, Nixdorf, Compaq, ICL, Olivetti, Silver Reed, and many others, and I succeeded by many, where the design that I was selling would cost the company only one time fee of around 30-100 thousand, depending on how much additional work I have to do, while the Bdeir family sales model is to sell one board for each PC, which will raise the cost of the PC always by at least 200 US Dollars, and my sales model will raise it only by a couple of US Dollars, because my Goal was to spread the multi-lingual PC as fast and as wide as possible. Therefore, I did not really care about their shitty board, because I knew it will not last long and they would have to stop the manufacturing, which they did. Their second goal was to force my mind to think that the evil and very destructive Bdeir/Budier family were persecuting me only for business reasons and not that they are kidnapper, rapist, thieves, brainwashers and killers of Palestinians and killers of innocent people's lives as they killed my life these savages, and above all that they are hidden royal family member and simultaneously CIA & MI6 agents and nothing they do without permission from USA or UK!!

34. Destruction of my relationship with my ex-girlfriend. It is very clear with all the above and below that there was a big cooperation and coordination in brainwashing me and destroying my life in Germany, between the BP-British Petroleum, the BND (German CIA like), CIA, MI6, German immigration, many members of my fake family that pretend to be Muslim in Jordan, Saudi Arabia, Egypt, Hamburg, UK, USA, Switzerland, France and elsewhere, but also in cooperation and coordination with the Syrian evil military intelligence that were in the BP-British Petroleum project called Calypso as described within. Their goal was to kidnap me from Germany to USA, and there was many obstacles for them to do that, one of them is my residence permit, which was sabotaged as mention in this point and the points below, another obstacle were my friends from the church and another obstacle was my German ex-girlfriend Adelheid Kuczka that I wanted ask her to marry me, and above all because I loved Germany, and systematically they destroyed all these obstacles. And here is how they destroyed my relationship with my ex-girlfriend Adelheid Kuczka. Before I go in to it, I like to mention that there were several attempts to destroy my relationship with this girlfriend, but each time and after a few days I realized that this is not what I want, and I try hard to fix the relation and I succeed. It happened at least 3 times between January 1984 and October 1984, which is 100% related to this evil project Calypso and the evil and most destructive company I have ever seen or heard of in my life: BP-British Petroleum, therefore they came up with a new scheme to force me to end my relationship with my girlfriend and use her as scapegoat for their destructive doings which was mainly 3 things: First ending my relation with her, second firing me of my work and blame it on her, third destroy my residence permit in Germany and blame it also on her because the German immigration refused to give me, and this after living there for nearly 16 years, a permanent residence permit because she filled a police complaint against me and that was the first step to destroying my residence permit in Germany. Here how they performed these 3 things including destroyed my relationship with Mrs. Adelheid Kuczka that I was going to propose to her and marry her (this situation is also mentioned elsewhere in my complaint pages): on 17 October 1984, my alleged real birthday, they gave me 2 birthday enable I would think that one of them is correct, and today I know that both are wrong, I invited Mr. Adelheid Kuczka to dinner, and

for the first time (possibly the second time) in 3 years I invite her to an Arabic restaurant, usually we go to Europeans or East Asian restaurants. After dinner and while we were in the car and I was driving her home, I said, I am ending my relationship with you, she said but we can still be friends, I said no I do not want to have any relation with you anymore, and then she asked me to stop the car and that she wants to get out of the car, I said no we are in a tunnel and it is just a couple of hundred meters to your home, so she tried to open the door while I am driving in the tunnel, I quickly grabbed the door on her side and closed it and locked all the doors and then she started hitting on me, and while I am holding the steering with one hand I was trying to block her attacks with the other hand. We arrived at her home and I tried to talk to her, but I was not able to, she was too angry, and she asked me to open the door, which I did, and she left. I was very disappointed and did not understand what happened, above all because I really did love her very much, and this alone shows how evil these persons that used telepathy to force this situation upon us. The next day she calls me at work and asked me to lend her 200 Deutsch Mark, which she never asked me for money before, and I went in lunch time to a café downtown Munich to give her the money, as I was approaching her I saw that she has brown eye and some brown marks on her neck and arms, and she said to me, do you see what you did to me, I said you deserve it and throw the 200 Deutsch Mark very rudely on the table and left on the way downstairs I was crying and Did not believe what I saw, I had difficulties to understand that I did that. Today I still have my doubts and conflicts about this situation and here is why:

- 34.1. First, I did not hit her, I did not have the thought or the intention, beside I was driving with one hand and blocking her with another hand, and it is impossible for me to have hit her that she had brown marks on both sides of her face, neck and arms, I have to be using both hands to do that, but I had one hand at all times on the steering wheel!
- 34.2. We both had too much to drink, I believe at least one bottle of heavy red wine and other strong drinks with desert, not enough to be drunk, yet enough to be tipsy
- 34.3. I know that I was setup to get to know her as distraction of the church and that the person who introduced her to me, and even he was officially Syrian, yet I get to know him through an American Sargent at the American military base McGraw kaserne, during a period where the CIA lured me to this military base to isolate me, re-brainwash me and enslave me under one of their agents named Anita Disbray that controlled my life for 7 years. Today I concluded that this Syrian man named Mohamad Attar was most probably working for the BND (German CIA like organization) that set me up several times between 1970 and 1986 and later also between 2001 and 2006. Therefore, she was most probably an agent of BND
- 34.4. Possibly she has telepathy capabilities, I have some reasons to believe that she has telepathy capabilities, among other, how she talks and behave, but also certain situations in a very contradicting ways, but I am not sure that she has telepathy. Yet, the way that, that night went, point out that she intended it to end this way, meaning either she had telepathy and controlled my mind to end the relation with her, and no one will blame a woman to force her partner to say I am ending the relation with you, or she had no telepathy and she acted this way on purpose, and the rest is possibly just a make up to confuse the life out of me, which she did successfully, or some evil person with telepathy, and that is my pick, manipulated both of us that evening, and that can be only through the evil project Calypso and BP-British Petroleum.
- 34.5. As a result of this night and on 17 October 1984, 2 days later the new project leader at the project Calypso brought from Stuttgart to replace Mr. Schilbach, my guess only to avoid that Siemens AG, be involved in this very destructive scheme, and the new project leader named Mr. Klein (=small) or Kleiner (=smaller) called me and said that my girlfriend

called him and said that I hit her and that I am cheating the company by stealing their client from them, and he fired me on the spot and asked me to get my stuff and leave. I was totally shocked, and did not even recovered of the shock of the day before and what happened between me and my girlfriend, I went sort of dizzy to my office gathered all my stuff and placed them in a very big box, which included all my multi-lingual research and design that I collected and wrote since 1978, Mr. Kleiner refused to allow me to take my own documents with me that I brought from home to help this evil company, and he threatened to call the police, above all and to my knowledge it was the best multi-lingual computer design so far and by far for Monitors, Keyboards, Printers and Software logic at that time, and I was told that even Siemens AG have received a price in Saudi Arabia for this design. These were 100% my own intellectual properties that these criminal BP-British Petroleum stole from me for one purpose only: to prevent me of ever working in this field again and to prevent me to travel to the Middle East to not discover that my family is not my family but rather criminals and my kidnappers and some of them are agents working for the CIA, MI6 and most probably also for the BND and AIVD, while the rest are members of Jordanian and Saudi Arabian royal families such as the following families in Jordan, Saudi Arabia, Egypt and other countries in Europe and USA: Baroudi, Abokurah, Bdeir/Budier, Malas, Kheir, Khayat and others, above all that I have a twin that took my place in Cairo, Egypt after they took me to Germany and they did not want me to discover that, meaning these criminals were using me among others as place holder for one of their criminal agents and his name is Mohamad Nuszhat/Nuzhah Najar/Najjar/Nagar/Naggar.

- 34.6. In the same week or month, I wanted to renew my residence permit in Germany and I had the right to have even the citizenship, or at least to have a so-called permanent residence permit that I was supposed to have years ago but was prevented enable they can remove me from Germany at any time. Anyway, when I applied to the permanent residence permit, they refused allegedly because my girlfriend has filed a police complaint against me that I hit her very badly and injured her very badly, where no one asked me to defend myself, they just judged me without me! And therewith they used my ex-girlfriend Adelheid Kuczka as scapegoat for their own crimes, who did that? The evil BP-British Petroleum, CIA, MI6, BND, my fake family the kidnappers, rapist, brainwasher and destroyer of innocent people's life
35. Further destruction based on the upper mentioned setups. I had a monitor at home that I was testing for the project. They asked me to return to the company, I refused and said give me property first, all my documents that I brought from home, then they called the police on me. At that time, I had a friend named Khalid Mian, I think he was Muslim from Pakistan, he was my work colleague at Siemens AG, and he too was trying to consume my time as destruction of my friends in the church, but I did not see that at that time. Somehow, I asked him to keep this monitor for me, and I thought if the police really come for it and search my apartment, then he will not find it. And the police really came and search my place and asked where it is, they did not take me to court or to district attorney, they just did that illegally to scare the life out of me, which they did, and asked me where it is otherwise they will place me under arrest, I strongly believe someone with telepathy force me to tell them it is at my friend's house and gave them the address, they left, in the same day, my friend Khalid Mian called me very angry and said: is this what you do for your best friend set the police on them, and he hanged up and I never heard of him again or seen him again. As far as I recall I tried to contact him, but I was not successful, and therewith they also destroyed my friendship with Mr. Khalid Mian, he was really a good man and hard working in the IT sector and was always trying to improve his IT knowledge. I was really disappointed to have lost this friend

36. The Mr. Asok incident. On 18 October 1984 and as mentioned above, the German project Leader of the BP-British Petroleum project Calypso, fired me under fake pretentions. However, they planned already to enslave me under none-German woman enable to prevent me going back to my girlfriend Adelheid Kuczka while forcing me to raise one of their hidden children by forcing me to believe it is my child, and to do that they needed me to have a steady income while I am under control and this is how they did that while blaming the situation on companies that they do not like, which is UDF- Unternehmensberatung Dr. Fischer. A couple of days after they fired me, and I was still trying to understand what happened and what hit me, an unknown man named Mr. Asok called me at home and said, he has heard of me and he would like to speak to me about an employment opportunity, he said he will be 30 minutes transit flight in Munich Airport and If can meet him there, which I did. Mr. Asok is most probably from the region in or around India. He made it short that he allegedly has an opportunity at the company UDF that is planning to open a branch in Munich and it will be great if I can join. I had no chance but to join and therewith BP-British Petroleum used UDF as distraction of their selves while setting me up to look like as if I am stealing their client the Syrian government, in that the Syrian project leader contact me about a project and if I am interested, I combined his offer with my new employer and said yes. The project was to design and supply a mass storage system that is capable to respond within seconds or at least under a minute with the possibility of having exchangeable disk. This project was designed to distract me of my specialty of the design and development of multi-lingual computer systems. For this new project I came with the idea of using Optical disks, which was at that time new, it was invented by the Dutch company called Philips, that also gave royalties to produce these optical disks to many other companies such as Sony. At that time the optical disk were the predecessor of CD-ROM and DVD, they were much larger than CD-ROM, around 30 cm in diameter and where able to write on each side and as far as I recall 1 or 2 GB. The design I made had to the following companies in a joint cooperation enable to create the jukebox with around 20 Optical disks: Philips in Netherlands, Honeywell Bull in France and Siemens AG in Germany. And therewith they achieved 3 goals by getting me to this company UDF: **Goal-1**, get me a steady income enable they can enslave me under one of their whore agents named Najlaa Mahmoud. **Goal-2**: make me look like as if I stole the client of BP-British Petroleum, which I did not, because the project Calypso was still by BP-British Petroleum, and the Syrian project leader approached me, I did not approach him, it was all a part of a joint set up between BP-British Petroleum and the German and Syrian project leaders. **Goal-3**: Keep me under control by forcing me to be busy with new project and a new environment that they control. The owner of the company UDF named Prof. Dr. Fischer was the economic advisor to the previous German chancellor Helmut Schmidt, now we have a new Chancellor from the opposite party named Helmut Kohl, shortly after my employment at UDF, I believe they set Prof. Dr. Fischer up for one reason or another, and they arrested him and placed him 3 months in an investigative jail. I do not know why they set him up, yet I am positive he was setup because he was an honest straightforward and very hardworking man, especially that I was in his company. The headquarter of UDF was and still is today in Stuttgart. All I can say is that prof. Dr. Fischer and all his staff were like ladies and gentlemen, never the less I was severely brainwashed during this employment, not by UDF, but rather by the following groups:
- 36.1. BP-British Petroleum
- 36.2. The staff of the project Calypso that continued to persecute me as alleged my friends and I did not know how to get rid of them, because they were Syrian military intelligence and I did not want to have anything to do with them, yet they are criminals and as such, they often called me and pretended to be in need for my help, while pretending to be stupid and do not know how to solve certain private problems, in short they always used the

- strategy to force me to feel sorry for them enable to help them in reality they were all over my life trying to keep me busy
- 36.3. The CIA that were involved in the hidden in this project
 - 36.4. The MI6 that were involved in the hidden in this project
 - 36.5. The BND that were involved in the hidden in this project
 - 36.6. Member of my fake family in Jordan, Munich, Hamburg, Brighton (UK), Saudi Arabia, Switzerland's and Jordan, including Dr. Sami Assassa in Munich and from the background the Malas, Bdeir and Abokurah family members, Baroudi and Kheir family members that lived around my life in and around Munich, but never told me that
 - 36.7. The Syrian consulate in Bonn, at that time Bonn was the capital of West Germany and East Germany was a different country. They joint together again in 1990s
 - 36.8. The immigration in Munich called KVR
 - 36.9. All the above-mentioned involvement in brainwashing me, enslaving me under the whore agent Najlaa Mahmoud and then removing me from Germany by kidnapping me to USA by using brainwash and telepathy and then blaming it all on me
37. The Hotel Excelsior incident. The Syrian project leader was setting me up where he can, and I never saw it coming. That disgusting evil man was closely working with BP-British Petroleum and my fake family. Here is one of them as a mean of damaging me: officially he approached me and offered me this project as mentioned above, where I was an employee of the company UDF and nothing I do is for me, I was only an employee and not a business man, prior to that I was a an IT consultant but did not succeed due to all the persecution and very destructive setups partially as mentioned within, but BP-British Petroleum stole that of me by stealing all my documents. Anyway, this sleazy Lieutenant Colonel Labeed Salamah, that would sell his mother for money, asked UDF to pay for his hotel at the Excelsior in downtown Munich. Prior to that he was always staying at the Hotel Bayerische Hof, which was the Best in Munich at that time, and the excelsior is just a regular 3 to 4 stars hotel, one out of over 20 in Munich. And therewith, whatever happened through this evil man, UDF will hold me responsible, but and due to all the severe brainwash and telepathy control I did not see it at that time. Another setup, also one out of many, somehow, I was forced to write him a cashier check for 10 Thousand German Deutsch mark, luckily, I recognized that on time and 2 days later I was able to cancel the check just on time= power of telepathy control. With these 2 setups alone, it made me look like as if I am cheating my previous employer or even Germany by siding with this piece of trash called Lieutenant Colonel Labeed Salameh, which I was not, I had no chance against telepathy nor brainwash, especially when so many around me doing the same to me, brainwash, and I was not able to see it
38. In the first 2 weeks of my employment the company UDF get me a temporary office at one of their partner companies, I forgot their name. The UDF company opened an office in Munich within 2 weeks of my Employment in an area called Theresien Hoehe, which is almost downtown Munich and I was there until one month before kidnapping me in September 1986 to USA, which very much shows that they planned to fire me on this date enable to kidnap me and make it look like as if I am doing it all, among others because I get fired by UDF. In USA they severely re-brainwashed me for 2 years in a very hustle environment between Bridgeport and Fairfield, Connecticut, USA, which clearly pointed out later to me that the lookalike of my original fake brother named Nick Naggjar, that exchanges places with at least another person named Mohamad Nashaat Najar/Najjar/Nagar/Naggjar, and both were 100% working very closely with the CIA and MI6, but I did not see all that at that time, I started to see what these criminals did to me after the year 2000
39. The evil whore woman that pretended to be my mother named Hyatt/Hayat Baroudi came to Munich just before they destroyed my relationship with my ex-German girlfriend Adelheid Kuczka, she stayed partially at the housing of the sleazy man Dr. Sami Assassa, that had a house with over

10 rooms and other times at my small 2 room apartments enable she can help in brainwashing me, and therewith they used her as distraction of the BP-British Petroleum, CIA, MI6, members of my fake family and others as mentioned above. Please note that my original fake mother had telepathy, and I have absolutely no doubt about that, and the original fake mother from 10/11 January 1960 either left sometime around 1962-1965 and was replaced with a lookalike, or she continuously exchanged place with another lookalike, and both of these 2 women look different than this whore that pretended to be my mother and is all covered up pretending to be Muslim and making a bad name for Muslims and Arabs, which is a brainwash strategy to force my mind to hate Arabs and Muslims enable to force me not mix with them and speak with them about this disgusting evil and criminal fake family called Baroudi, Kheir, Khayat, Bdeir/Budier, Abokurah, Malas and others. I do not know if this lookalike has also telepathy, and really, she does not need to have it, because she was used as distraction of the others as mentioned previously and the evil Syrian military intelligence staff in the project Calypso were already all over my life at least since Spring of 1984

40. The CIA whore Najlaa Mahmoud. Please be patient with this point, this is the first point where I write in detail how some persons that have telepathy and are pure and pure evil force others to do something they do not want to do. I know this situation sounds more than stupid, and makes me look like stupid, but I cannot help it that some of the people that have telepathy are so evil and use it to force others to do whatever they want. 2 days after I lost my job at the BP-British Petroleum and the project Calypso as well as losing my girlfriend that I loved very much, and losing both simultaneously was a catastrophe not only for me, but for anyone else who just lost the one he loves, all his work that he worked hard for 5 years were stolen and therewith his profession and specialty was in one way or another destroyed and in addition also losing the job. Around 2 days after that, this evil whore that pretended to be my mother named Hyatt/Hayat Baroudi, came to live with me in my 2 rooms apartment, that really was meant for either one person or a married or friend couple, she came from the housing of Dr. Sami Assassa that had over 10 rooms, and he was only with his wife, 2 daughters and a nanny. This alone shows that this evil woman came only with evil intention, not to forget that I once invited her for dinner along with Lieutenant Colonel Labeed Salamah and she pretended not to know him. Back to the brainwash and telepathy force. This brainwash had 2 goals: **Goal-1**: to enslave me under the whore agent Najlaa Mahmoud. **Goal-2**: to force my mind to believe that the Kheir family is Syrian, the Kheir family a very evil Saudi Arabian and UAE hidden royal family members that pretended to be the children of my alleged aunt from Syria named Eftikar Khier, that turned out to be nothing else than another whore that work for these people as a nanny for one of their hidden children named Fatina Kheir. Why is this important? Because in 1982 I was setup by my employer Siemens AG in cooperation with the Saudi Arabian manager of the Jeddah Port to recognize that my sister fake Fadia Nagar and my alleged cousin named Faihaa Kheir (short 160 cm, dark blond and blue eyes, I believe she is from a family named Taylor in USA or UK, above all she had 100% telepathy) that lived in Jeddah and pretended to be Syrian is in reality Saudi Royal family member while her brother Farhat Kheir (blond Blue eyes 180 cm tall, I believe he is from USA or UK, above all he too had 100% telepathy) is a member of one of the royal families in the UAE-United Arab Emirate, where he also lived, and the Saudi Ports manager tried to get my attention to that (including Siemens AG), but I was forced not to understand it at that time. Back to my fake mother now living with me since I lost my girlfriend and my job and all my irreplaceable professional documents, to prevent me to go back to my girlfriend or think clearly. Around 18 or 19 October 1984, just 2-3 days after losing my girlfriend, and all my documents were stolen by Bp-British Petroleum and lost my job, I said to my fake mother (please understand that this is what some telepathy people do, enslave people by forcing their own thoughts upon them), so I said to my fake mother I cannot be alone any more, I need a woman in

my life (I was living alone in this apartment since approximately April 1981 and loved my life, my church and my friends and my work and therewith I never felt bored or being alone or the need to have a woman live with me just for the sake that she is a woman and I am not alone), I continued talking to my fake mother (actually she or someone else was dictating me with telepathy to say what they want me to say, and if the words come out of my mouth then I would think this is what I want= wrong it is a force telepathy=slavery), don't you know a woman from Syria that is willing to come here, she said, the only one I know is your cousin, but she is all covered up as strict Muslim and I know you do not like that (this was to confirm to whomever listing that we are allegedly Syrian Muslims), but wait there is a woman I know, her name is Najlaa Mahmoud, she is renting a room at your aunt's house (therewith she placed this fake aunt in Syria instead of Jordan, Saudi Arabia or UAE), she is Allawi Muslim and very modern, not strict Muslim, she dress casual and behave casual, the only thing is that she has 4 children, but they do not live with her, they live with their father. She is divorced. If you want, you can call her and ask her if she would like to come to Germany. I had a telephone, but I was forced to go and call her from a nearby public phone, which is not only more expensive, but very uncomfortable to call from the street in +/- 0 degree, it was winter. My guess this evil whore woman that pretended to be my mother did not want me to call from home, maybe the BND, CIA, MI6 or even the evil Syrian military intelligence staff that set me up to take over my apartment for 4 weeks and force me to live in the hotel Holiday In, placed microphones in my apartment, I do not know, but it seemed that this whore knew something, that there is microphones at home and she did not want anyone to hear the conversations. I guess by now you get the idea how some evil persons with telepathy force others to do something they do not want to do. The rest in short, I was forced to call some number allegedly in Syrian, where some woman answered and I asked to speak with Najlaa Mahmoud, it must have been around 22 Hours or so, in any case, and today I believe she was waiting for the call and she was acting as follow: she pretended to have been a sleep, people in these countries and due to the heat and other factors such as social life traditions and other reasons they never sleep before 1 or even 2 in the morning, so it was 100% acting also to make sure I believe that the Kheir family are Syrian that also lives in Syria. In short, she said yes, I would come to Germany but first you have to ask my mother and my older brother named Mahmoud (first name is Mahmoud and family name is also Mahmoud!???) and she gave me their phone numbers and said, but call them tomorrow, because they are most probably a sleep now! All this was a brainwash trick to make me look like I really want to have this whore called Najlaa Mahmoud, a whore woman that I never seen before, never had any contact with before and I really hated Arab women, not because they are bad, but rather because the women with in my fake family were disgusting and I just accepted it them because they were my sisters, nieces, cousins, aunt and so on. In matter of a fact I believe that these women of my fake family are not worthy to call them self-Arab or even Muslim because they do not measure up to a real Arab Muslim, Christian, Jewish or even atheist woman, when I think of any male or female member of my fake family, then I get the feeling that I want to throw up, because they disgust me. Very unfortunately, I know through situations but nothing that I can prove, that the German government through at least BND was helping these 2 whore women: Hyatt/Hayat Baroudi and Najlaa Mahmoud, which is visible in the above and below, and especially in the below situations, and once I discovered that in the year 2002 I was so disappointed of the German government that I did not want to go to Germany anymore and wanted just to die in the evil Dutch refugee camp where they brainwashed me by force to recognize what they did to me, and once I recognize it, I also recognized other things that they did not want me to recognize, so they locked me up for 13 years and blamed it on me. From this day around 18/19 October 1984 and until 24 December 1984, this whore that pretended to be my mother never left my side to not allow me to get free of this evil telepathy brainwash and control. During this entire period I was under control to not go back

to my ex-girlfriend that I loved so much, that was also set on me by the evil CIA or BND through their agent named Mohamad Attar that I get to know him through an American sergeant during a severe brainwash that the CIA was performing on me between March 1970 and summer 1972 (for more info see the page Slavery in Germany), during which they enslaved me under one of their agent named Anita Disbray while her alleged working colleague was an Afro-American agent named Ray Thomas that was married to a German woman and had a son of her that was also blue/black eyes. This Ray Thomas set me up and performed so many slavery brainwash setups on me while always pretending to be my friend between 1970 and 1978, which was the last time I saw anyone what so ever that is related to the American military base McGraw kaserne where they re-brainwashed me and enslaved me from March 1970 to summer 1972 and in reality never left my side they just forced others upon my life that pretended to be Germans or Syrians such as my fake mother Hyatt/Hayat Baroudi, my Fake brother Nick Naggar, and others as well as this Mohamad Attar to use him against me whenever they want, where he introduced me to Adelheid Kuczka and I literally fell in love with her from first sight and the more I get to know her the more I fell in love with her, and now and here on 18/19 October 1984 my fake mother forced me to call someone I do not know and despise (an unknown person that I never heard of before or talked to or even saw) to come and marry me. This is how evil is MI6, CIA and BP-British Petroleum and very unfortunately also BND is as evil as them because not only they did nothing to stop them and protect me, but they helped!

41. 24 December 1984, The CIA & MI6 whore Najlaa Mahmoud arrives in Munich on Christmas Eve, this is how evil these people are, they knew all my thinking is Christianity, because they not only can read my mind, but they set me up to become Christian enable they can persecute me in the name of Islam, and therewith these evil fake family members: Baroudi, Kheir, Khayat, Bdeir/Budier, Abokurah, Malas and the rest they were on purpose making bad name for Arabs and Muslims. 24 December to force my mind to think I was brainwashed because I allegedly became Christian and as cover up for that they tried very hard for many years to blame it on Jewish and Israeli, in other words force my mind to think that the members of my fake family are Jewish pretending to be Muslim, the only problem is I read the Torah which is the Old Testament and their disgusting behavior and moral values are nothing like Jewish, Jewish are family oriented and have moral values, these people do not, Muslims are family oriented and have moral values, these fake family members do not have any moral value or any ethical values what so ever, which is very clear in my complaint. Above all, it is very clear that the BND and the German consulate in Syria was helping my fake family to brainwash me and enslave me, among others because I was forced with telepathy and brainwash to request in October 1984 for Najlaa Mahmoud to come to Germany, yet the German consulate gave her the alleged visa only on 24 December in the morning and she allegedly took the plane in the afternoon and arrived around 18:00 hours on 24 December 1984=German government was helping and cooperating in brainwashing me and enslaving me, which is very clear below but also it was murdering my life once and for all, where the evil CIA and MI6 are very efficient in it, especially in cooperation with my fake family, where they create terrorist situations to force Christians to hate Muslims, to force Jewish to hate Muslims to force Muslims to hate Christians and to force Christian to hate Jewish and vice versa, here where they benefit by creating hate the CIA and MI6 and the alike prosper whenever there is hate=big business. Back to the disgusting whore Najlaa Mahmoud, below I will list a summary of this evil and most disgusting human being I have ever seen in my life. I strongly believe that she is socially handicapped (born psychologically impaired) and has telepathy and this is a very destructive combination. During the entire time this whore and evil woman that pretended to be my mother and named Hyatt/Hayat Baroudi never left my side until sometime for short period in April or May 1985, just to make sure that my mind is trained enough not to run away of this situation. But I tried

several times, and these criminals were quickly back and all over my life preventing me to leave until summer 1999.

42. Destroying my residence permit in Germany-Part-1, 1976 and thereafter. This setup partially started in 1977, when my attorney named Rolf Bossi, set me up to become Christian enable I can get rid of my asylum waiting status that was forced upon me by the CIA and BND from January 1970 and until 1976 and the only way, he said, is to change religion and then send me the baptism paper and I will immediately get you a political asylum status, who knows maybe he really meant to help me, yet the evil CIA and MI6 saw through and set me up not to get this status as follow: first and after I was baptized on Easter Sunday 18 April 1976, some very evil person or a group of people forced the following telepathy thoughts on me as follow: **“now I am Christian and I want to be honest, and if I take the baptize certificate to my attorney as he requested, then it would look like as if I am using Christianity, and no Christian will do that”**, and therefore I did not take any action. Immediately in April or Mai thereafter the German immigration said to me, if you renew your Passport we will give you a residence permit, prior to that and for almost 7 years I was having a piece of paper that says I am waiting for asylum that I had to renew every 2-3 months as well as a work permit for the same period, this was 2 different permits from 2 different government departments that I had to fill a form for enable I can renew each and every single 2-3 months, and naturally when someone offer me that, where I do not need to renew my residence permit and work permit every 2-3 months, where I have limited rights, I will take the offer, especially if this offer was designed by the evil CIA, MI6 and BND and I was 100% and hopelessly enslaved under their whore agent named Anita Disbray that had telepathy and was controlling my life while pretending to be suppressed by me, in other words she at home was forcing me to do what the evil CIA + MI6 + my fake family decide for me and I had absolutely no chance what so ever, among others because she had telepathy and was controlling my mind, which had a huge very negative and destructive side effect that took several years to heal, among others with the help of Siemens AG, my friends from the church and my girlfriend Adelheid Kuczka from around 30 March 1981 to 17 October 1984, but then they re-brainwashed me again and enslaved me again under the CIA & MI6 whore agent Najlaa Mahmoud and blamed it on the Syrian military intelligence and my fake mother in Munich. Therewith they forced me to have a Syrian passport based on my fake Syrian identifications=Syrian members of the Syrian consulate in Bonn, Germany where 100% bribed and were through and through corrupt. And therewith in 1977 they already planned to kidnap me to USA because they prevented me to have a permanent status in Germany. A very important note: during that period I was told that my fake sister named Fadia Nagar at that time living in London, UK was working, and as far as recall as a secretary of the Syrian Ambassador in London, and this is a very nasty coincident! Therewith I will not think that they are setting me up and preventing me of getting a permanent status in Germany. I am sorry, but today and based on my knowledge that the Germans were helping the Syrians against me, and were helping my fake family in and the CIA, MI6 and BP-British Petroleum repeatedly against me and since day one I set foot in Germany on 10.10.1969, then I have to think that the evil Syrian government are originated from Nazis and the Nazis are originated from Germany in 1940s and therewith their relatives in Germany are helping them and that will explain the illegal project calypso as well as the top electronic security project created to protect the housing of at that time president Hafez Al-Assad and his family and up to one kilometers of his housing was also performed in Germany and by my employer at that time in 1980s, but also that would explain why the British created Israel, as a military country against Nazis in Syria and Saudi Arabia, because this behavior is 100% a Nazi behavior and not a Christian, Muslim or Jewish behavior, whereby and very unfortunately the Nazi were supported by some Christians and also by some Muslims as a result they are enslaving Arabs,

which shows that no one should ever make a pact with the devil, because Nazis, Syria, Saudi Arabia are devils disguised in cheap clothing and that is fact because the devils killed hundreds of thousand if not Millions between Yemen, Syria and Iraq!!!! Back to the residence permit setup, this setup in 1977, forced me to renew my Syrian passport enable to force me to be under the official control of the evil and disgusting Syrian nationality, and believe me the Syrian nationality is evil and disgusting, because it is a Nazi nationality, and the prove for that, is that several Millions Syrians made homeless and refugees all over Europe and the Middle East where they lost everything they had and only Nazis can do that as they did it in 1930s and 1940s. The Syrian Passport was renewed in 1977 for 2 years, and accordingly the German were giving me a residence permit depending on the length of my passport, also 2 years, this mean these evil people expanded my 2-3 months residence permit renewal to 2 years, but this time I am not any more dependent on the Germans only but also on the Syrians, while the German immigration pretend to be also dependent on the Syrians, in other words they created a severe worried and instability in my life on purpose where the Germans will always refuse to give me a residence permit if my passport is not renewed and the Syrian will stop renewing my passport at any time they feel like it to cover up for the Germans, where the Germans will not renew my residence permit because I have no valid passport, and there with each of them is blaming the others and I am in between the loser=a severe brainwash performed by the Germans in cooperation with the Syrians=both were 100% working hand in hand to brainwash me and kidnap me from Germany to USA to blackmail my biological family. And who did that? The German government because I allegedly become Christian in an alleged Christian country and to be precise in a totally Catholic region, which is the state of Bavaria where I lived for 17 years and I considered it to be my home, the only home I ever get to know, where Catholics is the official State religion. It hurts me to say that because I loved Bavaria, but Bavaria was the headquarter of Adolf Hitler and the Catholics Bishop strongly supported the Nazi regime in 1930s and 1940s, even though not all Catholics agreed on that, also this it hurts me very much to say, but Siemens AG was one of the biggest supporters of Nazi and Adolf Hitler and that is why their bosses were arrested and jailed by the Americans and their allies in 1945, until they had to release them for economic and political reasons against the ex-Soviet Union. I am sorry to have to mention all that, because I loved working for Siemens AG and I am in debt to them for all what they taught me and the opportunity that they gave me during a very difficult time of my life, yet facts are facts and I cannot change history nor I can change what was done to me, especially if the criminals members of my fake family and each one of them, even those that I knew them either since birth or childhood, yet their behavior including my fake mother, brother, sisters, cousins, nephew and nieces is 100% Nazi behavior, Nazi had one goal only and this goal was without any discriminations: enrich their selves no matter what, even by killing Jewish Gypsies, southern Europeans, darker looking people and so on, it was all a distraction to steal their goods in the name of fake purposes, in matter of facts and today, I admire Jewish, Muslim, Hindu and other religious people such as some Christians, because they really stick together and help each other's no matter what, unlike Nazi, which is really a wrong name for them, the right name would be a an organized crime party because the words Nazi=National socialism is a good and idealism which means financial equality to get more equalities between people, yet NAZI is not a good goal that steals in the name of fake flags and fake politics and that alone describe most members of my fake family. Here is a bad joke about it, in the year 2000s they had a joke: Come and visit Poland, your car is already here. This joke is because some polish (very minority) used to steal cars from western Europe and take them to Poland and sell them. A similar joke for the Middle East: come and visit Europe and USA, your wealth and natural resource is already here, but also your land is here, because we own it and we own everything in it including you and now we need workers here (slaves), in USA alone there is around 30 Million illegal aliens and they lie and say 12 Millions, that are nothing else but

slaves and work for pennies, some for a few dollars per day, just like me, I worked my ass off since 1969, and for what? To retire as a government slave, depending on the courtesy of the Dutch government income, the government that severely brainwashed me and tortured my life between 2001 and 2016 as a result I am still complaining today in May 2019. All the discoveries mentioned within about Nazis, make me understand why the German government a couple of years back and as the only country took (probably selected) over 1 Million refugees from Syria, possibly much more, because they are children and grand children of Nazis in Syria and most probably also of very aged Nazis, which makes them relatives of many Germans. But this is all speculation based on my situations

43. Destroying my residence permit in Germany-Part-2, 1984-1986. The systematic destruction of my residence permit in Germany. This is a cooperation between BP-British Petroleum, the German immigration several members of my fake family such as Jalal Baroudi, Hyatt/Hayat Baroudi, Bdeir/Budier, Abokurah families and others. As highlighted in the point above, they set me up to lose my residence permit, gradually but definitely. The Syrian consulate started to give me hard time to renew my passport and instead of renewing it for at least 2 years, they renewed it only for 3-6 months at a time. And this was in the Syrian consulate in Bonn and in Geneva, where each is 600 KM far from my residence in Munich, Bonn in the north and Geneva in the south. Each time my passport ends, my residence permit for Germany also ends. Therefore, and after each renewing of my forced upon me fake Syrian passport I also have to immediately renew my residence permit, and each time I renew my residence permit which is given to me in form of stamp in my passport and as long as the validity of the passport, then I have to renew also my work permit, which is given to me as long as my residence permit, now I have to renew 3 things, and before this evil setup it was only 2, and there with I was forced by force of brainwash to live in fear that if one of these permits does not work, because each of the 3, passport, residence permit and work permit are depending on each other's and that is how nasty the situation that these criminals created for me and pushed me into. At the end the Syrian consulate refused to renew my passport and therewith I was not able to renew my residence permit nor my work permit=preparation for kidnapping. See the following 5 points to understand these vicious brainwash and systematic planned destruction of my life
44. Destroying my residence permit in Germany-Part-3, 1985. The fake uncle Jalal Baroudi incident in the Syrian consulate in Geneva. Since the Syrian consulate in Bonn was giving each time hard time to renew my passport, especially during the project Calypso (1984) and thereafter, so I called my fake uncle named Jalal Baroudi in Geneva and asked him for help, because he pretend to be a full time Syrian consul in Geneva, Switzerland. He said come here and I will help you, so I drove from Munich to Geneva, 600 km there and 600 km back. When I get there, my uncle claimed to be working in the UN-United Nation in Geneva representing Syria and also Syrian Consul. At that time, I had no reason to disbelieve him or to doubt anything that he tells me, but later I recognized that the Syrian consul office he invited me to, was not his office, he just borrowed it to deceive me. As far as I recall he went to another room allegedly for the stamp and came back with 6 months renewing, claiming he cannot do it any longer otherwise they suspect him to be doing something wrong, because I live in Germany and not in Switzerland and I should be renewing it in Bonn not in Switzerland (he could have told me that on the phone when I called him and asked him for help and before I came!), usually people pay a lot of money for this renewal, he said, just to deceive my mind as if he is going a long way to help me with this 6 months while toying with my mind that he wants a bribe money for that, if renewed it for 2 or 5 years, then I would accept this criminal statement that he is allegedly helping me. Beside all consuls that I visited, and I visited many in my life time, have all their stamps locked in their own desk and not in another room. This is how nasty this evil Jordanian royal family members that pretended to be not royal family members, but rather

- my uncle, my sister, my nephew and nieces. Today I strongly suspect him to be there to manage the illegal drug money, sort of an accountant, and illegal other unknown to me business in this huge criminal enterprise that includes all those I am complaining about
45. Destroying my residence permit in Germany-Part-4, 1986. The Syrian consul in Bonn with the name Walid Trapolsi (meaning from Tripoli, relating to the illegal drugs in Tripoli as mentioned above). Another very vicious and criminal person, him and his boss the evil Syrian Ambassador at that time, very unfortunately forgot his name. Both pretended to be friends of my uncle Jalal Baroudi as a mean to vouch for him that he is full time Syrian consul. This nasty person and his Ambassador that I met and complaint to him about their treatment and not renewing my passport for at least 2 years. In around July or August 1986 I went again to the Syrian Embassy in Bonn to renew my passport, where each time I had to drive 600 KM to Bonn and 600 KM back just to renew my passport for a few months. The consul named Trapolsi, that pretended to be the friend of my uncle and my alleged Syrian family, he refused to renew my passport, he said he has a special order not to renew my passport or do anything consular for me. Then took me to side and spoke to my ear, and I am quoting this conman and criminal "the walls have ears here and I can't speak to you, come to my house this afternoon and I will tell why" and he gave me a piece of paper with his address, then he said I am going to renew your passport only for 2 months so you can get your situation in order, but I cannot renew it again for you. And I left the consulate and went to have lunch and then went to his home. At his home he again said the "walls have ears, let's take a walk". And on the street, he said to me: the Syrian government had issued an order to either arrest you or eliminate you, sort of dead or alive arrest warrant. I said why, he said they claim you stole 5 Million US Dollars from the project that you are working on with them. I said I do not deal with money, I am an IT man, I just design systems. He said I know, but someone in the government wants you dead and, in your place, I would go somewhere and hide for a few years until things calm down. I went back home to Munich and did not know what to think of all this, I know I did not do anything wrong, so I do not have to worry, but on the other side these people are criminals and vicious as you can see of my complaint
46. Destroying my residence permit in Germany-Part-5, 1984-1986. The German or Munich immigration (called KVR-kreisverwaltungsreferat) brainwash. In 1984 and once I started to have problems to renew my forced upon me fake Syrian passport and there with also started to have problems to renew my residence permit, I spoke about it with the Siemens Salesman that was assigned to the project Calypso, his name was Mr. Pfefferkorn. He said, do not worry, in the KVR (the German immigration in Munich) ask for Mr. Schneider the manager of the IT department, I know him well because we set for him the IT department, just go to him and tell him I sent you, and I will call him. This situation is most unusual, and even though I am supposed to be thank full, yet I have my doubt, especially that his name is Schneider same as the name of my baptize witness from 1976, name also Mr. Schneider, which at that time seemed to me absolutely coincident, but in 2001-2003 I was forced to recognize it as not coincident and was meant to confuse my mind about the church, sort of creating paradoxes in the situation which prevented me to decide: was that good or was that bad. And the same thing with the name Fischer also my friend from the church, I was implicated very negatively several times with persons with the name Fischer and the same with the name Schultz and other names of people I loved at the church where I was baptized and used to think of them as my friends, it was a very evil strategy to force my mind to hate even the names of my friends due to destructive situations created by others with similar names=severe brainwash
47. Destroying my residence permit in Germany-Part-5, 1985. I was already hopelessly enslaved under the CIA & MI6 where agent Najlaa Mahmoud that was forced upon my life 100% with telepathy and brainwash and I had no chance to be free. Her alleged visa was for 3 months. This mean I had

to get her a residence permit. I went to Mr. Schneider that helped me several times and told him I do not know how to get her a residence permit, he said no problem just get me her passport, which I did, he went with it and came back after 10 minutes with a residence permit for 2 years, longer than mine, because her passport was valid for a longer period than mine. And here where it is not normal. Usually it is impossible to get a residence permit for a person like her and in this situation, I know that for fact, because previously I helped a couple of foreigners to get residence permit for their family, which practically impossible. And that is why they used Schneider, to force my mind to think that it is only possible because of the Siemens salesman that was helping me, which is not true, it was all planned by them and they needed a front excuse for the unusual and wrong things they are doing to me, by forcing my mind to think they are doing exception and are helping me because possibly this man Schneider possibly related to my baptize witness Mr. Schneider, which was 100% brainwash forced upon me, in reality, they were helping to enslave me as preparation for kidnapping me from Germany to USA to use me as a blackmail object against my biological family!!

48. Destroying my residence permit in Germany-Part-6 between 2001 and 2003. In 2001 the American government brought me by force to the Netherlands where I was locked up for 13 years, and in the hidden until 2016 by forcing me to continuously relocate from Bellingwolde to Amsterdam, to Brighton, to Kerkrade, to harrow, London, to Assen and in September 2014 I recognized being severely persecuted and decided the best way is to relocate to Den Haag/The Hague seeking protection by the Dutch government, Dutch royal family and all the foreign Embassies. However between 2001 and 2003 I was severely brainwashed and tortured mentally as well as physically by the Dutch immigration, and naturally all in the hidden, among other by forcing me with brainwash and telepathy to leave the Netherlands and go to Germany illegally twice in 19 December 2001 for 2 days and again on 7 January 2002 as a mean to refresh my feelings to the church, my friends and my ex-girlfriend in Germany, which is a very nasty means of brainwash, which I will skip. However and when I was in the church in the city of Unterschleissheim in January 2002, my alleged friend family named Wiedemann (I will skip first names) asked me do you remember Erik Schultz, I said yes, he was my friend, she said he relocated to Munich and somehow she repeated this and emphasized it and I noticed that but did not understand it. A week later I went to the KVR-kreisverwaltungs-referat (Munich immigration) and tried to get my old residence permit back, but they refused, and I asked to speak with the manager, and was delegated to the manager, his name was Mr. Schultz, he too refused while treating me as if I am a trash, always with a very grim and threatening face. He said go back to the Netherlands within 24 hours or else, I said I am not moving I want my residence permit back, I lived here 17 years, and it was my home. He called the police, they arrested me and placed me in prison for around 6 weeks and then took me by force back to the Netherlands. Then I recognized that Mrs. Wiedemann reminded me with my old friend Schultz just to shock me, meaning they knew I will go to and see Mr. Schultz in the immigration and wanted me to associate him with my friend and with the church. Why? Because it was a brainwash paradox, the Dutch immigration brainwashed me and practically forced me to go to Germany and in particular to the church to force my mind to remember the friends and the church and when I go to them they block me and push me away, which will cause a shock to the victim, in this case me, and force the victim to try to understand, then they feed the victim with anything they want. In short, the Dutch immigration were 100% either directly or through the German BND working with the church members for this severe and very nasty brainwash, then I remembered Mr. Schneider at the immigration and his alleged help from 1984 and 1985 and also related him to the church, name wise only, yet recognized it was not help it was 100% destruction of my life in Germany while pretending to be helping me in the name of Siemens AG. I know Siemens AG was at that time and by far the largest company in Germany and the largest electronic company in Europe and the

largest foreign electronic company in USA, and since their headquarter was in Munich, they can practically do anything, because they own the city and the entire state of Bavaria as well as have a great influence in the German government at that time. Today Siemens AG is not the biggest company in Germany any more, but it is the second largest by employee amount and it is between 4th and 6th largest company in Germany

49. Suddenly everything went so fast, and I was forced with brainwash and telepathy to fear for the life of my (fake) son, my wife and myself and have to run and hide because the Syrian government allegedly want to eliminate me, kill me. And I had no time to dispose of my apartment, and was forced to leave it for some guy I do not know except through the CIA & MI6 whore Najlaa Mahmoud, that forced me with telepathy and brainwash to do things I do not want to do, among others to get her Arabic movies, because she allegedly does not understand German and does not understand the TV, so I looked for a video rental place and I was delegated to this one on Schleissheimer Street in Munich, it was a very run down small shop, owned by a 25 years old Palestinian, again a Palestinian in my life! Somehow I was forced to give him my apartment with all its furniture=forced telepathy, and therewith these criminals were reinforcing my relation to PLO-Palestinian Liberation Organization that at that time was considered to be the number one terrorist organization in the world and I was set up in December 1969 by the evil CIA. MI6 and many members of my fake family to look like as if I am related to them, and they repeated and refreshed the situation again and again many times over since then and now again in September 1986 I am giving my entire apartment with everything in it to this unknown to me Palestinian. Who would do that? No one not only to give it to a Palestinian, which is nothing wrong with Palestinians, but to give it to anyone what so ever, is only possible with brainwash and telepathy control, then I was forced to think I am escaping voluntarily to USA. But it was not voluntarily, it was 100% kidnapping as highlighted in these complaint pages.
50. BP-British Petroleum planned to enslave me to raise a hidden child of one of their hired agents in the government in EU and other areas in the Middle east or even in Germany, which is my fake son Abdulhamid Najar
51. Here is a summary of that CIA & MI6 and BP-British Petroleum who did to cover up for these above-mentioned criminals:
 - 51.1. Throwing away my small painting (approximately 30 x 40 CM) from the living room that reminded me of my girlfriend Adelheid Kuczka and replacing it by her own naked painting of at least 60 x 120 cm, where her bosom and vagina are very visible, no Muslim will do that, only Nazis would do that
 - 51.2. Throwing away the album where I had photos of the other CIA whore named Anita Disbray that the CIA enslaved me under from 20 August 1970 to September 1977, and therewith I have no photo of her or her evil identical lookalike
 - 51.3. Destroying my friendships in Germany in cooperation with BP-British Petroleum, CIA, MI6 and members of my fake family
 - 51.4. Indirect she was also responsible before she even was forced upon my life and in cooperation with BP-British Petroleum that BP-British Petroleum stole all my multi-lingual documents and I tried to replace them, and she pretended to be helping me by that, but in reality, she was sabotaging my efforts, therefore I was not able to recover any of them
 - 51.5. In 1985 she left and said that she is going to Syria to complete her alleged high school diploma, she was away for at least 3 months from May to begin of August, then claimed to have been pregnant of me, because I was trying to get rid of that bitch. The fake son named Abdulhamid Najar was born on 26 March 1986, which 100% makes him not my son, because during the conception she was nowhere near me. She was 2 weeks over due, meaning she was pregnant allegedly 9 months and 2 weeks, if you calculate that

- backwards, then she must had conception 7 June 1985 enable to have a child on 26 March 1986, but she was already away since the first 2 weeks of Mai 1985 = fake child, but also he looks nothing like me and I have distinctive facial and body features, such as larger ear lips, split chin, at that time was 176 cm, he is over 180 cm, he is pal white, I am not pale white and his alleged mother is light brown or light beige and so on and this makes BP-British Petroleum an organized crime institution for slavery in Germany
- 51.6. In August 1985, and after I was told that she is pregnant I carried her and placed her outside my apartment and closed the door and said go away, but I was forced to let her back in. Then they forced upon me a scheme performed with telepathy to prevent me to leaving her, by forcing my mind to think it is not good to let her go like this, I must ask her brother to come and get her, and I called her evil criminal brother, she allegedly had 3, with the names, from oldest to youngest, all were allegedly either Syrian military officers or working with the military, which very much means that they are top criminals that kill Syrians for profession, the names are: Mahmoud Mahmoud, Jameel Mahmoud and Muneer Mahmoud, so I called Mahmoud and invited him to come over paying all the expenses, and he agreed, and I was forced to think, once he arrives, then I will tell him to take his bitch whore ugly stinking sister with him to back to where she came from, to Syria. One night before arriving, they called allegedly from Syria and said that Mahmoud went to get his sister Najlaa Mahmoud a gift from Lebanon and on the way there or back he had a deadly car accident, and therewith he cannot come = a brainwash mixed between telepathy and actions, meaning they forced me with telepathy to think this idea and then they performed the action. Even if I did not have this idea this bitch and whore called Najlaa Mahmoud had telepathy and I had no chance, all this to kidnap me from Germany to USA and while I am enslaved under this disgusting piece of animal shit, that not only monitor my actions, but also can read my mind ahead of time and know the actions I am going to do before I do them. This is how nasty BP-British Petroleum and the British evil government that were covering up for my twin and the other CIA & MI6 agents while preventing me to visit members of my fake family in Jordan, Saudi Arabi and Egypt that had different identities than what they told me and to use me as a blackmail object against members of my actual biological family in USA while using me to raise one of their criminal children by forcing me to believe it is my biological son
- 51.7. She is 100% the cause of me losing all my furniture and else what is found in a house hold, in that she set me up in cooperation with the CIA, MI6, Syrian consulate and the German immigration called KVR to be kidnapped to USA while she and the others forced me to give my full furnished apartment to an alleged Palestinian for free
- 51.8. In November 1986 she on purpose through away my bag with camera (I had 3) that included many recent photos of the evil members of the project Calypso, and this alone shows that she was working with BP-British Petroleum and covering up for the employees of the project Calypso
- 51.9. In December 1990 she noticed that I still have a camera and photos from Germany and she thrown them away, and the photos included shots of some members of the evil Syrian military intelligence that were working in the project Calypso, and therewith I had no more cameras and nor more photos of these criminals
- 51.10. In Summer 1999 She conspired with the CIA, MI6 and my fake attorney named William F. Harmeyer, where they exchange my fake son with a look alike, which I just suspect and cannot prove
- 51.11. In the year 2000 she conspired with the CIA and MI6 and my attorney to lose every single thing that I had in USA and every single photo that I had of members of my fake family,

and then was arrested locked up for 6 months and brought to the Netherlands by force of American INS and FBI for a re-brainwash and another 13 years lock up between jails, prisons and refugee camps

52. Ever since the evil BP-British Petroleum using their connections to keep me enslaved under this bitch whore named Najlaa Mahmoud, by among others not allowing me to succeed in anything, except to make enough money to feed this whore and my fake son while providing them with good shelter, and there with I was always busy just trying to survive, by working for a few months and then be 1-3 months looking for another job, and this while forcing me to live as an illegal alien for 15 years, and therewith I cannot take any employment and was dependent on consultancy projects, and here where they used me to blackmail my biological family by getting me projects at their locations, such as UtiliCorp United in Kansas city, Kansas energy company that filed for bankruptcy a few years later and was dissolved, Koch industries in Wichita, Kansas, Gibraltar Saving in Semi valley, California, and others in Indiana, Pennsylvania, Connecticut, Louisiana, Alabama, Missouri and above all, Houston, Texas where many members of my biological family either live or come to on a regular base, where also ARAMCO headquarter was or still is located and my fake brother-in-law Alaa Ali the husband of my fake sister Fadia Nagar was working in Saudi Arabia allegedly as a medical doctor, where today I have my doubts that he was a medical doctor, especially that he looks very similar to the al Naser family such as the CEO of ARAMCO named Amin H. Nasser as if they are brothers or at least cousins, and this while I know that the following persons of my fake family are not only very evil, but they are 100% members of the Saudi Royal family while they pretend to be Syrian: Jameel Baroudi the father of the famous Egyptian actress Shams Baroudi, his cousin Mamdoh Baroudi that I suspect to be some kind of a higher up prince or even a brother of one of the previous kings, and there with his son Dr. Basam Baroudi and his daughter Hyam Baroudi are also Saudi's, but also my fake uncles: Jawdat Baroudi and Badeaa Baroudi While Jawdat Baroudi was working in the internal affair court system either as a judge or judge consultant, and that is what he told me, but these criminals always lies, and if his brother Mamdoh Baroudi is as I suspect a higher prince or a brother to one of the previous kings from 1960s, then so these Baroudi members and my fake mother that are all originated from USA and/or UK and/or Germany and/or the Netherlands
53. Afrah Najjar-part1. This situation is a paradox, meaning it contradict itself and I do not know how to un paradox it, which is using me as a decoy to my fake sister Afrah Najar/Najjar/Abokurah, that allegedly applied for political asylum in Washington D.C. and was accepted, and I was used as a confirmation as if she is my sister from Syrian, but I never seen this evil woman in my life before 1967, the original Afrah Najar disappeared of my life in 1961 and was replaced in 1967 with this one. Therefore, I strongly suspect that this one is either British from England that pretend to be Syrian origin or British from Greece that pretend to be Syrian. Greece royalties is another branch of the British royalties, and there with the UK uses people with fake identities in the USA to use them in the American government as they used hundreds of thousands thousand like that since the USA declared to be independent of Great Britain, and ever since they use this concept to cover up that they are controlling a big portion of USA through these fake people. Where to note, this fake sister visited me twice in USA after these criminals including her and her daughter and other children helped in enslaving me under Najlaa Mahmoud as highlighted above by using women as prostitutes to seduce my mind for the alleged Arab women beauty, but these women were neither Arabs nor they have any moral values, ethical values and they absolutely have no beauty in them what so ever, you check that yourself, they can be found on Facebook, and while you are at it, you will see that these are not one family, because they are not networking together. When I was forced to live in Bridgeport, Connecticut, and in spring or summer 1990 I went once to visit this fake sister in Washington D.C., which was under 300 miles from my housing thereafter I was forced to relocate

to Houston, Texas, where it was for me impossible to visit her again because it was over 1400 miles.

54. Afrah Najjar-part2. Najlaa Mahmoud and as she pretended to be just arriving in Munich, was eating pork, drinking gin and dressing and applying makeup like a prostitute and I hated makeup and hated flashy clothing, suddenly I was forced to buy suites for 2000 Deutsch Mark, just to make me broke that whore. Above all she never prayed as Muslim do. In USA and very suddenly this bitch and CIA whore exchange places with another lookalike person even worse one than she was, and told me, and I am quoting her "Your sister Afrah Najjar/Abokurah taught me how to pray". My original fake sister Afrah Najar alias Moni never prayed, her lookalike that was forced upon me in 1967, never prayed in 1967, where I was there almost 3 months in Jordan, and again 2 weeks in 1969/1970 and again she visited me 3-4 times as my alleged Syrian sister that is living in Jordan, but she was neither my sister nor was shy Syrian, she was through and through Jordanian royalty originated either from Greece or UK and pretending to be Syrian to avoid being persecuted either by press or by criminals to kidnap the children either as blackmail or as revenge for all the bad things these criminals do. The only couple of times she prayed is after I became Christian and only a couple of times and only in front of me to deceive me, because now I know how Christian behave, how Jewish behave and how atheist behave, and she was most definitely no Muslim, neither her behavior nor the way she dresses nor the way she talks nor the way she behaves nor her moral values nor her ethical values nor how she treat her children, if she prays, then the least she would do is to teach her children that I never ever seen any of them praying. Back to CIA, MI6 and BP-British Petroleum whore Najlaa Mahmoud she exchange places with another lookalike that was even more disgusting than her, and that new one prays and had praying marks on her forehead and on her knees, the original one did not have it, and you cannot have it within 1-2 weeks, you get it after praying for at least 5 times a day for at least 10 years, then there will be a brown circle spot on the forehead and on the knees due to the prayer kneel to the floor and touch the floor with their knees and forehead and when they do that for a longer period of time, then they will have these marks, it is just like pressing the knees and forehead with your entire weight to the floor, which then leaves the mark. I noticed these spots by the whore Najlaa Mahmoud in 1990/1991, but I was prevented to ask or talk about it. None of my fake sisters or fake mother had this brown spot=they pray only in my presence, in matter of fact I saw no one in the entire fake family that has these brown spots, not a single one = they are all con people, they force others to be busy with Islam, but they do not do it their selves and there with they steal the lives of people as these evil criminal stole my life. And there with the whore Najlaa Mahmoud was covering up for BP-British Petroleum that created this situation because they were at that time owned by the British government and the British government owns Jordan and everything in it and my fake sisters and their husbands work for them, and now they are in Washington D.C. and Virginia doing the same to others as they did to me.
55. Last, but not least, which will show that the immigration in Munich called KVR or at least the BND that have power over the immigration and many other governmental departments, was involved in my kidnapping but also that the evil CIA was all over my life and is the number-1 organizer of kidnapping me to USA, as follow and this because USA is the land of the CIA and not the land of the evil and criminal MI6 or BND or Syrian government:
- 55.1. In August or September 1986, the Syrian government refused to renew my passport which was planned since 1976, as highlighted in several points above
- 55.2. The Syrian consulate threatened me by want to kill me and/or harm my alleged son that at that time I was forced to believe it was my biological son named Abdulhamid Najar. He already changed his name and I do not know where he is now, because he never left USA, because this is what these criminals do, they take one of a twin or triplets to one country

and the others to other countries and built upon that to exchange them as they see beneficial for them, which I will skip the details, yet it is just like they did to me as I was younger

- 55.3. The German immigration refused to renew my residence permit, because I have no valid passport any more, which was also planned since 1976 as mentioned in some points above
- 55.4. I did not know what to do, the CIA. MI6 and BP-British Petroleum whore named Najlaa Mahmoud, that they enslaved me under had 100% telepathy and had 100% 2 lookalikes, which I did not know these facts at that time, and she was forcing my mind to whatever this criminal disgusting bitch wants
- 55.5. My employer fires me just 1 month before kidnapping me to USA to make it easy for them to manipulate my thoughts, which means and very unfortunately my Employer at that time today is called UDF AG, was working with them, because if they did not fire me then they would have get me legal papers
- 55.6. I was forced to think I have to run and hide to protect my son that was at that time 5 months old in August of 1986, and I was forced to think to call my brother Mohamad Nashaat Nagger that turned out he is a lookalike of Mohamad Nashaat Naggarr and told him the situations and he said, don't worry come over to USA and everything is easy here, I can get you a residence permit and work permit in no time and you can stay at my place as long as you need until you get on your feet, just get a tourist visa and come here and I will take it from there. I insisted that he asks an attorney and I said I will pay for it, he said no problem call me after a couple of days. A couple of days later I called him to USA and he said the attorney said there is absolutely no problem for you to get a residence permit as long as you have a job, and he will get you job if you cannot get a job yourself. Which was all lies= 100% not my brother but rather a criminal and CIA agent
- 55.7. I had no passport to go to USA and was forced to apply for a so called "Fremden Pass" translated from German "Foreigner Passport", which is a passport in Germany that they usually give to accepted refugees but not yet German citizens to allow them to travel outside Germany. However, I was no refugee anymore, because they set me up in 1976 to lose my refugee status that would have gave me a permanent residence permit and the way to citizenship, which they wanted to avoid because they planned already to kidnap me to USA. The immigration in Munich played around with me and my mind to show as if everything is coming from me, and refused to give me a "Fremeden Pass"/Passport for foreigners, and I was forced to get an attorney, the attorney was a woman, and I told her everything, very unfortunately I forgot her name, I believe she really wanted to help me and was thinking for me, because I was prevented to think with brainwash and telepathy, and she requested from the immigration that they give me a signed authorization to come back in the future, but the immigration refused. They issued for me a Fremden Pass/Foreigner Passport for 6 months only, because they knew I am in process of being removed from Germany and kidnapped for ever to USA.
- 55.8. I went to the American Embassy in Munich and asked for a visa, they gave me one within minutes, maximum 30 minutes. And this alone shows that the evil CIA and American government were all over my life and are kidnapping me to USA, because there is absolutely no way what so ever to give a person a visa to USA within a few minutes on a temporary Foreign passport that is limited to 6 months, especially if he is allegedly from Syria, have no job, was working on project Calypso and with a very shady Syrian military intelligence lieutenant Colonel Labeed Salameh, while was repeatedly implicated as if he has top connections to top terrorists, Russian Agents, Drug lords and do on, which was all

setups by the evil CIA, MI6, BP-British Petroleum and members of my fake family as mentioned repeatedly above and in other pages. Let's assume that the CIA management and the American government are innocents of this kidnapping, then it will show that the evil BP-British petroleum have their own agents within the CIA that forced the American embassy to break the rules and give me a visa and the following point prove that these criminals where kidnapping me because they planned to re-brainwash me in USA and as soon as I land, and that is why I am mentioning the following point

- 55.9. Then I immediately was forced to leave for USA, while losing my apartment, my furniture, my friends in Germany, the woman I very much loved named Adelheid Kuczka, and here if there is something called the first love, then this woman would be it, losing the country I loved most and called home for the last 17 years. Took the plane to John F. Kenney airport in New York city USA
- 55.10. Arriving in New York Kennedy Airport, the criminal Nick Naggar that pretended to be Mohamad Nashaat Naggar and my brother, was waiting for us. As soon as I saw him, I felt relief, because I thought now I am safe of being killed, not knowing that I am already dead, because they killed my own mind the latest on 17.10.1984, when separated me of my girlfriend by force, fired me of the project to give the blame of what yet to come to my next employer UDF-Untenehmungsberatung Dr. Fischer, today it is called UDF consulting AG in Stuttgart, and was used as front for my slavery and brainwash and distraction of the evil BP-British Petroleum. Therefore and as soon as I saw my (fake) brother, I went up to him and hugged him with all my heart, because I felt he saved not only my life, but the life of my (fake) son Abdulhamid Najar, then he pushed me away very aggressively as if he does not know me and behaving as if he is thinking how dare you hugging me, I never understood why he did that at that time. Then he took us to his house on Indian Avenue in Bridgeport, Connecticut, USA, that he bought with down payment money that I sent him 1-2 (5 Thousand US Dollars) years earlier.
- 55.11. This fake brother Nick Naggar said I changed my name to Nick because it is more suitable to USA, in reality this criminal was a totally different person that I knew before, which makes him the second lookalike of my original fake brother Mohamed Nashaat Najar/Najjar/Nagar/Naggar. Unlike his evil promises, he refused to help me, I asked to see the attorney that he talked to, he said get your own attorney, I will not give you my attorney number. I asked him to get me a job at Avon cosmetics, where he allegedly works, he said he is in process of being fired. After around 5 weeks he asked me to leave his house, and I was forced to look for a church to help me out, which was also 100% planned by these evil criminals
- 55.12. The following points are the reasons they forced me to be with the pastor's family/ When they force me to go somewhere, then they always have a plan how to force me to be in a controlled environment, which is very visible in the above and below points:
 - 55.12.1. Forcing me to feel comfortable, living between people that I trust (Christians) during which I really forgot the time, and that was 100% an essential part of the brainwash and killing my time until the temporary German passport expires, then I cannot go back home to Germany
 - 55.12.2. For later on and when I remember some of the negative and destructive situations or brainwash incidents, then I will blame the church and dislike the church, however it is not easy to force me to hate the church
 - 55.12.3. Creating situations that create paradox in my mind and therewith I do not know should I curse the pastor and his family and his church or should I say thank you

- 55.12.4. Whatever their real goal was, the pastor family done for me much more than anyone in my fake family have ever done to me. Also, whoever lies to me, or control my mind with telepathy, can also do the same to others
- 55.13. I looked up in the phone book and I called the Evangelical Lutheran Salem Church on Park Avenue in Bridgeport Connecticut and asked them for help, the Pastor Jack Stevens, said give me a couple of days to think of a solution. After a couple of days, he said you are welcome to stay at my house. He lived with his wife Diana, and his 2 almost adult children, allegedly 16/17 and 17/18 years old, Sean and Gregory. And therewith and after being 6 weeks living at the house of this criminal named Nick Naggar that pretended to be my brother, we left and lived with the pastor family in the city of Fairfield, even though he was a pastor in a church in Bridgeport, Connecticut. I was told that this house is rented for him through the church and the church pays the rent.
- 55.14. Then I was at this house for around 4 months or so, during which I had no attorney to help me and was not able to find a job. I was sending around 50-200 letters every weekend for jobs, and the church was paying for mailing the letters. I had absolutely no more money.
- 55.15. They gave us a room in the second floor, which was the room of one of their sons, and the son slept in the room of his brother. One day, I guess after 1-2 moths, living at the home of the pastor, I was so angry, upset and frustrated of lack of progress and felt that I am locked up, which I was, above all because my (fake) brother betrayed me and I was not able to understand it, because I was always good to him, but also angry because I was not able to find a job, it was night time and the baby, was now around 8-9 months old, was crying in the middle of the night, and I lost my nerves, because I was in a situation I did not want to be in and was scared, and I carried the baby and started to shake him to keep him quiet and not to wake up the others, but he did not stop crying and I squeezed him really hard and was talking to him and saying shut up, you are the cause that I am in this position, shut up otherwise they too will kick us out and then we have to sleep in the street. I will never forget that evening or night, I was totally out of control and blamed everything on this baby, as if I am here just because of him, and this in itself was a brainwash to force my mind to think it is my fault that I get that whore CIA agent pregnant and now I am trying to do the right thing for this child, and this is a brainwash method to force the mind to cease to think about other possibilities and blame it all on the baby. I know for sure that this criminal whore disgust me and I do not want her anywhere near me, but I cannot escape this bitch and this situation, above all because they set me up and forced me to live with the pastor family, and there with all the Christians around will protect him and prevent anyone to come near me to help me out of this situation, in other words living with the pastor home was a trap just as they forced me to live in the American military base McGraw kaserne between March 1970 and summer 1972, where no one would dare to come near me in the military base either to help me or to see what these criminals were doing to me or to talk to me about my past and my fake family, see slavery in Germany for details on this situation. In matter of fact I **suspect** that the 2 children of the pastor were possibly either not his children but rather agents of some kind and were older that they claimed to be. Officially Greg and Sean were 16 and 17 and both were much larger than me
- 55.16. A day or Shortly after the above situation and to reinforce the brainwash, this CIA & MI6 and BP-British Petroleum whore named Najlaa Mahmoud pretended to have severe pain in her stomach going to her lower back. This fake sickness was very sudden and not gradually, and it disappeared as sudden as it came, but she acted with this sickness for

around 3 days. During which the pastor's wife Diana said she made an appointment for her in the hospital and the church will pay for it, in the hospital they allegedly gave her a thorough checkup and including x-rays, blood tests and other women tests. At the end the gynecologist and other doctors determined that she allegedly has a few drop of blood outside her womb and that is causing this severe pain that she allegedly was screaming of it (only 3-5 times screaming), and the doctor said there is no cure for it and that she has to live with it, and I should help her with her daily duty to relieve her of the pain, and that sometimes it will calm down but it will never go away and she will have pain at least 1-2 times per week and the more she works the more she has pain. This was another severe brainwash to force my mind as a Christian to feel sorry for her and not to leave her alone with this very odd sickness, in short it was a slavery brainwash. After a few weeks, I never heard her complaining any more about this alleged sickness and as the doctor predicted that no matter what she will have severe pain 1-2 days per week. Today, I think maybe the doctor was trying to give me a hint that she was lying, maybe they asked him to lie to me. This situation along with countless others was designed to force me to be enslaved under this whore and public bitch. Don't forget, they can read mind and know what I am going to do before I even start to do it, for example, if I think tomorrow at 13:00 hours I am going to a supermarket for shopping, then they can plan to create one setup or another in the supermarket or on my way to it, such as force me to a car accident, which they did as a mean to systematically destroy my friendship with certain people, which I will explain in another more appropriate section. Please note that their goal is to keep me under control for several reasons, but the number 2 reasons is to prevent me to discover that members of my fake family that went with me to Egypt never left Egypt and above all that my twin took over my place after they took me to Germany in October 1969, and the number 2 reason is to keep me by force in USA to use me as a blackmail object against my biological family in various states where they tricked me to go there for a job and it turned out either I was not needed professionally or was totally unwelcome

- 55.17. I went to the Salem church in Bridgeport on Christmas 1986 and went up to take a part on the Christian eucharist along with most of the other people. My host, pastor Stevens was holding the church Service, and he was also serving the eucharist (meaning the pastor service each with a piece/one-bite of bread and a sip of wine in memory of Jesus Christ), and when he came up to me, he said to me I cannot give it to you because you are not Christian, however I can give you my blessing. I was like stoned and was not able to react and respond to him and say, what are you talking about, I am Christian, otherwise why would I have contacted the church for help, if I was Muslim, then I would have contacted the Muslim Mosque and if I was Buddhist then I would have contacted the Buddhist temple. This and other situations show me that either the pastor was handpicked to cover up for the CIA and MI6, maybe he is related to some members of my fake or biological family, I do not know, but it was too many situations that speaks for it. It was as if they wanted to force me to forget Christianity and the church, which I did until end of summer of 1999. Why do they want me to stay away of the church? Because they want to avoid that any one help me get free, they even done a lot of very sadistic brainwash to force me to hate Muslims to not interact with them and speak with them about members of my fake family but also to avoid that Muslims help me, because a true Muslim, is just like true Christian and true Jewish or other religions they like to help people that are in trouble, and I was all my life in trouble, and in severe trouble from day one that I was dragged to the BP-British Petroleum project Calypso!

- 55.18. March 1987, I was always thinking about back home in Germany, my girlfriend that I lost, my friends from the church that I lost my home in Munich that I lost. And here is another severe brainwash setup that very unfortunately do not know who started it, but it can be only one of the persons living in this house, therefore I would guess and say it most probably was either the pastor, his wife or one of his children, which was: Why don't you go back to Germany, and I immediately jumped over the idea and looked at my temporary German passport, but it was expired, so I called the German consulate in New York and asked them to renew it, they said no problem, just come over and we will do it for you. I went there and asked for the woman I spoke with, she came took my passport, said thank you and good bye, I said I am here to renew it and not to give it up, but she said this passport is not renewable and it is the property of the German government and that is why I am taking it, and I started to argue with her about that and saying you told me on the phone no problem and that you will renew it, then she called the guards and they escorted me out with force. And therewith they planned this situation to kill any hope I may have to go back to Germany while forcing my mind to hate Germany and Germans=severe brainwash to kill my hopes and what I was missing in my life and always thinking about it, yet not telling anyone about how I feel and what I think
- 55.19. Around March 1987, we are here in the pastor home for nearly 4 months, Mrs. Pastor Diana Stevens said to me it is best if you apply for political asylum and then you can be free of the pressure and I already spoke about it with Mrs. Oliver she is the director of International Institute of Connecticut, an organization that helps refugees (to 80% funded by government=CIA+MI6!!!). I went there and spoke to her. It was nothing else but a very destructive setup and to make it short, they forced me to do that because they want me to be illegal in USA with no rights what so ever while giving me the possibility to work illegally, in that when I applied to political asylum they gave me a temporary residence permit for until September 1987= 5 months and therewith I am back at square one of where I was in Germany in 1970-1977 where they renew my papers only for 2-3 months while not allowing me to leave the country and again 1985-1986 by renewing my papers for 3-6 months and then canceled everything enable they can kidnap me to USA. Therefore and through applying for political asylum I was able to apply for 2 things, Social Security card, that is always needed for employment and everything else in life in USA and Driver license that is also always needed for employment and everything else in USA such as opening a bank account, later on and as I was forced to relocate to Houston, Texas in December 1990, in Houston they also broke the law by allowing me to have new ID and a new Driver license even though I was already illegal since September 1987 and I did not even think about it, I was just happy to have them because by then I was saying I have the best wife in the world, even though I hated her guts, her smell, her look, her makeup, her cooking, her dressing manner and every single thing about this stinky bitch.
- 55.20. Also in March 1987, Mrs. Pastor said to me, one member of our congregation is a manager at Shearson Lehman & brothers and I asked him if he can get you an interview, and he said yes, and that you should go on Monday to the office of Mr. XXXX (name forgotten) and gave me the address of Shearson, Lehman & brothers, at that time and to my knowledge it was owned by American Express. I went to New York City in the building of Shearson Lehman & brothers or American express building for the interview, which was around 60 minutes and the manger I met he said I have job opening that you are very suitable for, which is research to integrate new IT technologies and asked me if I can start the following Wednesday, which was in 2 days, I said yes. He said it is only formality, but you need to go to the next interview with our security manager, which I did, it lasted only

around 10 minutes and the main thing he asked me is why are you in USA, and I told him honestly why. Then I went to the pastor's house and was extremely happy to have found a job, I think they offered me 80 Thousand US Dollars yearly salary. The following day on Tuesday Mrs. Pastor, Diana said to me that the manager that get me the job just called her and said he cannot hire me because the security manager advised him that I may bring danger to the company and maybe Syrians may follow me and cause damages to the company or even bomb the building. This was one of many brainwashes set ups to force me to keep quiet about my past and to not speak to anyone about it. And Mrs. Pastor Diana was very angry. The next day or 2, she came up to me and was very angry and asked me to take my family and leave her house right now, I said where should I go, she said I do not care, I just want you out of here right now. I called around and found a homeless shelter and went there. This was a continuation of the brainwash to force my mind to think that she is afraid to be attacked by Syrians and if I keep on talking about it, then this is what will happen to me=severe brainwash to forget my past

55.21. For the following 3 months I was forced to live between a motel for one day, because I had money only for one-night, homeless shelter and 4-5 days at the house of the criminal fake brother, which was in this order, because it was 100% brainwash and the order was important:

55.21.1.

55.21.2. September-November 1986 lived at the house of the Nazi criminal Nick Naggar's house then he kicked me out while I am most venerable

55.21.3. November 1986-March 1987 Lived at the pastor's house until end of March

55.21.4. Moved to homeless shelter that was more than disgusting

55.21.5. The CIA & MI6 and BP-British Petroleum whore Najlaa Mahmoud and in the shelter said is best that we move back to your brother's house. I said no way. We stay here. She said he contacted me (I never questioned how did he contact her), and he says he is sorry and would love you to come and live at his house, I refuse, but then I had to say yes for the sake of the baby, because the shelter was filthy and most of the people were totally unhygienic and therewith the entire place was unhygienic. Then I agreed, and he came and picked us up with his car.

55.21.6. After 3- 4 days and out of the blue and in the night around 19:00 hours, he get up and said I want you to leave my house right now and he get his very vicious German shepherd dog and chased us out, during which and through all the commotion I lost some of my cameras, I had 3 different sizes, including some very valuable photos of these criminals that chased us in Germany, therefore I believe they were stolen by these criminals

55.21.7. We went to a motel for one night because this is all the money I had. In the motel, around 22:00 hours I went walking a couple of miles to the next supermarket, some of them open 24 hours others until midnight, to buy milk for the baby, that now is 12 months old, and was crying because I just about had enough money to buy food for the baby, which is a brainwash strategy to force me to forget everything else and concentrate on the baby

55.21.8. Following day went back to the same homeless shelter.

55.21.9. Then I asked my fake brother to give me the 5 Thousand US Dollar that I sent him as down payment to buy his house, he refused and I started a process to get prove from the banks that I sent him the money and was going to the police and/or to an attorney to sue him, and he realized that I am doing that,

because the bank is in Jordan and is owned by the fake family they and they told him, so he called me and said, I do not have the money but I borrowed it and made me sign a very stupid paper written with 4 or 5 colors as if he is mentally restated and in this paper he deducted around one thousand five hundred Dollars and he listed for what such as for hosting us, he even had money for food, drinks, cigarettes and gas money for his car picking us from the airport this is how mentally sick these criminals are, just the same as the rest of this criminal family

- 55.21.10. I looked for a real estate agent and asked him to find me an apartment, which he did. The real estate agent was on Main street in Bridgeport and was Italian, and get me the second floor of a small house also owned by an Italian named Enzo on Queen Street in Bridgeport, Connecticut just 150 meters of main street
- 55.21.11. I went walking on the streets up and down and asking shops for a job. I get a job as a car salesman by a company named Chrysler of Bridgeport. I worked there for 4 days and made 5 sales, then they set me up and fired me and refused to pay me and made it look like as if they are Jewish and do not want to see me here. I went to the municipality and filed a complaint that they refused to pay me, they called them, and they said that was a misunderstanding and I should go back, and they will pay me. I went back, and they paid me only half of what they owed me, and I thought it is not worth it to fight them for the rest
- 55.21.12. I went back on the street and from shop to shop asking them for a job. I found one as a cashier in a nearby gas station that was also owned by Italians, it was on the corner of Queen street and Main street, I think it was Mobile gas station owned by a man called Bob Deluca that was previously engineer as Sikorsky plane manufacturing also in Bridgeport. They were paying me 5 US Dollar per hour. My rent was 650 US Dollar, therefore my income was not even enough for the rent, Therefore I was working 14 hours 6 days a week and around 280 hours a month and making one thousand and four hundred US Dollar, during which I was exhausted , then I even took additional job as a lunch supervisor at an elementary school and also as a school bus driver, while cutting my hours at the gas station. And there with these criminal and with brainwash they were forcing me to get used to it being with this CIA & MI6 and BO-British Petroleum where Najlaa Mahmoud while raising a child that is the child of one of their hidden agents in Germany or the Middle East, and while forcing me to think it is my own biological child
- 55.21.13. FBI contacts me via telephone and said you have applied for political asylum and we have to interview each person that applies for political asylum, and they gave me an appointment, not in the office but rather in a restaurant on the river in Westport at 10 in the morning. I went there. The restaurant was empty and had only 2 tables that were used, each with 2 men, one of the men stood up as soon as he saw me and welcomed me, his name was Allen, last name forgotten, to make himself known to me as an FBI agent. Later on, I believe that the other table was also used by 2 FBI agents. In short they treated me as the evil Jordanian Al-Mukhabarat (secret service) treated me by saying come with use to a hotel for a few days, where we would like to ask you questions about your family and if you cooperate then we will help you to get

asylum and if you do not we will make sure that your asylum is refused, which is exactly what the evil Jordanian secret service also did to me. And therefore, they blame the failure on me, because as soon as he said your family as soon as I responded no I will not talk about my family with you. At that time, I sued to think that my family are a very honorable people that are religious and do only good things. The meeting was ended unsuccessful for me, because it was a 100% setup to blame the failure of asylum on me.

- 55.21.14. A month later my asylum was denied in and I had a temporary residence permit that is expiring in a couple of months in September 1987 and did not know what to do so I went back to the nasty International Institute of Connecticut, and spoke with the director Mrs. Myra Oliver and asked her to appeal the court decision but she said if I do that then they will arrest you and deport you and you do not want that, I would suggest accept the court decision and just continue to live in USA, as long as you do not make any trouble, not one will know about you and no one will deport you, I had no choice but to accept her criminal suggestion, because I was still scared shit of the Syrian coming to kill me and hurt the baby in this process, and there with the FBI and CIA and most definitely influenced this evil woman to convince me to live illegal in USA as an alleged scared and hiding of the Syrians
- 55.21.15. The above point means that the evil and most criminal BP-British Petroleum, CIA, MI6 and members of my fake family are brainwashing me to blame everything on the Syrians as distraction of their selves and forcing me to live in fear for 15 years while using me to raise a strange child and using me as a blackmail object against my biological family and simultaneously while preventing me to visit members of my fake family that are criminals and members of the Jordanian and Saudi Arabian royal families and are working for them and not to forget the other evil criminals that are agents in Egypt among other my twin that I never knew of its existent
- 55.21.16. From 1988 to 1999 I was totally lost and forced to think what they forced me to think, among others that I love USA, I love my wife the most beautiful woman in the world, and that was a brainwash because she was never my wife, she is not anywhere near nice or perfect or beautiful or a good woman or a good human being, she is the absolute the opposite of all that, she is a criminal like BP-British Petroleum that forced her upon me and enslaved me under her control by force of telepathy and brainwash, anything else is a lie
- 55.21.17. From April or May 1987 and until December 1990, I had countless no good jobs, that were forcing me in one way or another to be slave under the CIA whore Najlaa Mahmoud. Alone through so many totally underpaid jobs I forgot everything and even myself and was concentrating only on surviving and feeding these 2 that were 100% forced upon my life by the criminal BP-British Petroleum, CIA, MI6 to cover up for their agents alias members of my fake family: the Baroudi, Kheir, Khayat, Bdeir/Budier, Abokurah, Malas, and those that were working for ARAMCO and the Saudi Government, but also the working in Egypt as agents such as Mohamad Nashaat Najar, Mohamad Nuzhat Najar, Fadia Najar, Afrah Najar, Hyatt/Hayat Baroudi and many others. They do not send agent by one person that is blond, blue eyes and speaks only English with American or British or Australian or Canadian accent, but they teach them Arabic, then send them to an evil country as Jordan, Saudi Arabia

or UAE to practice the Arabic and tradition and then send them to the destination intended, which it can also be Jordan, Saudi Arabia, UAE, Egypt or another. Meaning they practice in Jordan and go to Saudi Arabia as Jordanian to Syrian. Or practice in Saudi Arabia and go to Egypt as Syrian, Jordanian or Saudi Arabian, and believe me there are ton of Saudi Arabian in Egypt and in other so called Arab country, where they create a lot of damages as the damages they created in my life and around my life

- 55.21.18. Summer 1998 to summer 2000, this is 2 years, they systematically were re-brainwashing me to separate me of my fake son and force me to leave USA voluntarily, which they did in that they placed me in deportation jail from July 2000 and in 11 February 2001 brought me by force to the Netherlands, where I was locked up for 13 years as an illegal alien or refugee in over 30 or even 40 jails, prisons and refugee camps
- 55.21.19. Last but not least and through all of the above brainwash they kept me far away of my specialty of the design and development of multi-lingual computer systems and kept me away of any IT profession/jobs by force of brainwash in that they forced me to live in a very hustle environment fighting for survival while thinking I am fighting for the safety of my son that turned out to be another criminal just like them, because he disappeared of my life in summer 1999, any other possibility is a lie.

There are many other bad and most destructive situation that were forced upon me between 1984 and 1986 and again in USA between 1986 and 2001, but I am skipping them, one thing is worth mentioning, is that in USA and in the first one year these criminals pushed me to a total hustle situations that I found myself fighting for survival=severe brainwash to enslave me more under the CIA & MI6 whose agent Najlaa Mahmoud, while destroying any hope what so ever of me being free.

After math of the project Calypso ([Go to Index](#))

Here I will try to keep in to under 10 points

- From 1986 to 1988 I was severely brainwashed in USA to prevent me to leave this bitch and CIA whore Najlaa Mahmoud, during which I was prevented to have legal papers, work as an employee (both with the exception of 2-3 months, where I had temporary legal papers that they then pulled away of me by performing the same brainwash as the Al-Mukhabarat (secret service) in Jordan did to me, where the FBI asked me to help them against my family, where at that time did not know it is not my family but rather my kidnappers, and they said if you help us we will help you get papers, I refused to help them so they pulled the legal papers that I had temporary from me and forced me to live additional 14 years as an illegal alien in cooperation with the Lawyers that was supposed to help from the offices of International Institute of Connecticut that was supposed to help refugee and they were working with the FBI against me, and the FBI was working with the evil CIA, MI6 and BP-British Petroleum that was owned by the British government and the British government owned the entire north East of USA, the so called "New England" which consist of the following US States: Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, and Connecticut. Also, they own New York, and that is why it is called New York, because York is a city in England, but these are only a portion of what these evil people control. Evil because any one brainwash another person, enslave them, rape them and use them for their own benefit, then it is 100% slavery and there is nothing more evil in our lives than slavery. In short after they repeatedly and severely brainwashed me by forcing me to live on the street then with a pastor family then on and off in homeless shelter, while

using dogs to scare me and destroy my self-confidence, preventing me to work in IT, employer refuse to pay me my salary, forcing me to work for 5 US Dollars an hour, where I had to work 12-14 hours just to have enough money to pay the rent, that became a severe brainwash to enslave the mind and force the mind to concentrate on survival and forget everything else, after a while a person forgets and gives up, especially when these evil people use telepathy. This is BP-British petroleum, CIA, MI6, BND=Germany + USA + UK using their power to enslave innocent people for their own benefits and for the destruction of heir victim

- 15 Years as illegal alien, 15 years living with a whore that make me want to throw up each time I just think of her, 15 years of a filthy smell and sight of this whore 15 years I was just working to feed and provide for these criminals = 100% slaveries by force of National Evil Security!!!
- During the entire time I was confined work as a freelance consultant for certain handpicked companies that only toyed with me and planned and performed brainwash tactics, while blaming it either on me or on members of my fake family that were around me and performed very damaging actions against me such as my fake brother Mohamad Nashaat Naggar and his evil lookalike and hidden King Hussein son and one of at least these 2 evil lookalike named Nick Naggar, my fake sisters Fadia Nagar, Suhair Bdeir/Budeir and Afrah Abokurah/Afrah Najjar, my fake cousin name Hani Baroudi that came and prevented me to become free, Texaco that created several brainwash situations or blackmail situation while forcing me to believe that they were helping me, Chevron that made their best effort to destroy my self-confidence while training my mind not to advance in life by firing me just because I went to a Microsoft convention and told them in writing one month ahead of time, Shearson Lehman brothers (went bankrupt) that created a situation to make my host the pastor family fear for their lives as long as they helping me, Shearson Lehman and brothers at that time was owned by American Express. American Express Travel Related Services firing me for the same reason as Chevron, and within 8 weeks after Chevron incidence, while they were just in the next building of Chevron, in Houston, Texas where they fired me because I went to an IT exhibition in Houston for one lousy afternoon, here too, I gave them a written notice one week in advance and they did not reject it, and the list goes on and on for 15 years, these criminals terrorized my life, prevented me to advance in life to not make enough money and be free. Even Koch Industries did similar thing but in a more gentleman manners than the others, some agent hired me for his client and did not want to tell me who is the client except when I arrive and they send me a plane ticket from Houston Texas to either Oklahoma City or Tulsa, where the agent was waiting for me in the airport and then drove me 3 hours to Wichita, Kansas, and then took me to Koch Industries, where they somehow were surprised to see me, and the project was for at least 2 years, but they brushed me off with small developments for a week and then said the rest I can do from home and asked me send the developments to them, which it took all in all around 2-3 weeks work instead of 2-3 years. The same happened at the company UtiliCorp United in Kansas City, Kansas, but they were not as gentlemen as Koch Industries, and gave me really hard time and created many very destructive situations to destroy myself confident. And this repeated for 15 years. Meaning the BP-British Petroleum and their allies were sending me to companies where either member of my biological family owned, worked in or they were members of my fake family that had fake identity as Syrian
- In summer 1999, they separated me of my fake son, persecuted me with telepathy while making sure I know it is telepathy and not imagination, scared the life out of me by among others using very destructive scare acts, such as lifting my upper body and forcing it to lay down and up very fast and very violent, creating a lot of red spots on my legs that was hurting me as if I get 50 bites of bees or other insects, but there was no insects, I even repeatedly purchased for the apartment a so called insect bomb, where you place them in the apartment, activate them and leave the apartment for 24 hours, then any and all insects will die no matter where they hide, I placed at least 2 bombs in each

room, including kitchen and bathroom, but I did not see any dead insect, I purchased anti-insect spray for my skin, it did not help, I asked many for help, including the church, but they all looked at me as if I making things up, at the end I just wanted to run away and did not know where to go, because where ever I go they do the same to me, so I went and lived in the airport to leave the entire country, but they did not allow me, I protested for days on the street in front of the immigration office in Houston, Texas with big signs let me go let me free, at the end I was placed in deportation prison and brought to the Netherlands, where I was re-brainwashed and locked up for another 13 years between prisons, jails and refugee camps between Netherlands and also Germany, where the Dutch forced me to go to Germany illegally, until the Germans issued an entry prohibition in 2001 or 2003, and they lifted it in November 2018 backward dated to 2014.

- Now I am 67 years old, have nothing, they literally stole everything from me, from profession, to friendships to money to furniture to photos to girlfriend that I loved and wanted to marry to church and church friends, while they continue to want to force my mind to think that my fake family are either Jewish, or Russians, or Syrians, or Libyans or Turkish and the and so on.
- Split this into points: Companies coordinating and cooperating together to brainwash me through their existing networking either to prevent me to going to the Middle East, to use me to blackmail my biological family, to prevent me of staying in USA and other reasons, yet here and now I am adding only those companies that were directly related to and business partners with BP-British Petroleum: BP-British Petroleum, ARAMCO (members of my fake family as distraction of BP-British Petroleum), Jordan Petroleum (members of my fake family as distraction of BP-British Petroleum), Texaco Inc., Shell, Chevron, Associated Canvas Products Inc, Koch Industries, UtiliCorp United, Flour Daniel, CPC-Caspian Pipeline Consortium that had many partners including but not limited to Compaq Corporation and BP-British Petroleum
- In July 1998 they get me into the project CPC-Caspian Pipeline Consortium and were staging many things to force me to think about Germany. The project IT development was under the control of the American company at that time named Flour Daniel in Sugar Land, Texas and opened an office in Houston especially for this project at 9720 or 9724 Beechnut St, Houston 77036, third floor, just as BP-British Petroleum did with Calypso and SCS. The project leader, very unfortunately I forgot his name, had a lot of look similarities with ex-USA President George H. W. Bush, they could have been brothers or cousins. Later he was spending most of his time allegedly on site in Khuzestan and Russia and brought a replacement for him with the name Kowalski. This Mr. Kowalski had some look similarities with the second project leader in the project Calypso named Mr. Klein or kleine. They staged many things for me as if they knew my past, yet I was not able to think and gather my thoughts at that time and thought of over 200 situations as coincident. In April 1999 I was fired of this project because I started to think strongly about Germany and therewith they reached their goal. Then everything went fast, among other separating me of the CIA & MI6 and BP-British Petroleum where agent Najlaa Mahmoud and made it look like as if I kicked her out of my life, during which I believe either they switched the fake son 20% or replaced him later in the Netherlands on 27 December 2002 with another look alike (80%). Then I was prevented to work, forced to be homeless and had to live in a hotel, which was a part of the brainwash to force my mind to leave the country. I was severely attacked by telepathy and made it look like as if my fake son in cooperation of the family of the CIA where agent Najlaa Mahmoud were attacking me because I allegedly separated of her, but today I suspect that it was members of my biological family but also they planned to separate me of this whore and of my fake son, which they did and in July 2000 I was arrested twice and the second time for 6 months in a deportation prison near the airport in Houston, Texas and on 10 February 2001 brought me by force of the INS, FBI and the municipality of Houston, Texas to the Netherlands to keep me locked up for additional 13 years and then kept me busy for additional 3 years until I relocated to Den Haag/The Hague on 1 March 2016 and started

to file written complaints. Here are some of the partners of the project CPC-Caspian Pipeline Consortium: Russia Kazakhstan and Omani governments, Chevron Corporation, Mobil, LUKoil, Royal Dutch Shell and Rosneft. BP-British Petroleum joined the consortium in 2003. For more information see https://en.wikipedia.org/wiki/Caspian_Pipeline_Consortium and <http://www.cpc.ru/en/about/Pages/default.aspx>

- I was locked up for 13 years in the Netherlands and then 3 years I was severely persecuted and forced to move around from Bellingwolde to Amsterdam, to Brighton, to Kerkrade, to Harrow London, to Assen in Netherlands and in September 2014 I decided to relocate to Den Haag/The Hague seeking protection of these persecutions by the Dutch government (that locked me up for 13 years in first of all), the Dutch Royal family and all the foreign embassies that are all located in Den Haag/The Hague, yet I had no money for a repeated relocation and had to start to save for it. Today I am thinking how connected Netherlands with the 2 projects is that repeatedly destroyed my life: Calypso in 1980s and CPC in 1990s, and here are the connections that I found between the Netherlands, my pasts and companies that persecuted me:
1. Calypso project had the Dutch Philips
 2. Calypso project was trading technologies for hostages, and there were Dutch hostages involved
 3. It is very possible that the whore agent that the CIA enslaved me under in 1970-1977 and named Anita Disbray is originated from the Netherlands, because I had an indication, but it was not enough to be fact
 4. BP-British Petroleum is a big partner with the Dutch Shell and both are owned either in the hidden or officially by royalties, also British royalties are involved in Shell
 5. Many members of my fake family are hidden royalties from Jordan and Saudi Arabia, and therewith they are also members of the government and government partners also with the Netherlands but also business partner with them
 6. The Dutch Shell is partner with ARAMCO and Jordan Petroleum, and both set me up very badly
 7. The Dutch Shell are partners with Chevron, Chevron set me up at least 3 times
 8. The Dutch Shell are partners with Texaco and had marketing joint venture with Texaco, Texaco set me up. Texaco was purchased by Chevron, but not the gas stations
 9. The Dutch Shell are partners with Koch Industries, and I was set up by Koch Industries
 10. The Dutch Shell are partners with Flour Daniels, Flour Daniels set me up very destructively
 11. The Dutch AIVD is partner with the CIA, MI6, BND, and Al-Mukhabarat in Jordan and Saudi Arabia, and each of them set me up very destructively
 12. Philips is business partners with some members of my fake family and with the project Calypso
 13. The Dutch government is a big business partner with Compaq Corporation (was purchased by HP), and Compaq Corporation set me up very badly in cooperation the FBI and the INS in Summer 2000 as preparation of forcing me to leave the USA, 2 month later I was in deportation prison for 6 months and thereafter I was delivered to the Netherlands
 14. The way I was brainwashed in Netherlands between 2001 and 2003, showed me that the Dutch government knew everything about my past
 15. The way I was forced to be locked up between 11 February 2001 and summer 2012, shows that the Dutch government are trying to hide something and protect the fake identity of others but also cover up for BP-British Petroleum that brainwashed me, enslaved me and kidnapped me from Germany to USA in cooperation with the CIA, MI6, BND and members of my fake family and most probably covering up for kidnapping me as child in 10/11 January

1960, faking my identity to Syrian and taking me to Egypt as fake Syrian and ever since I have been severely mistreated as described within my complain pages

- This point is 100% related to BP-British Petroleum and members of my fake family that are related to them, but it needs a bit of explanation enable to understand it, be patient because it is longer than I wanted it to be. In August 2006 I was taken to the refugee Camp in the village Dokkum, during which they continue to brainwash me and force me to write about my past, and later forced me to place all my writing on the Internet under the website(s) with the title "Wanted" on each page and forcing me to create a page about each individual I ever get to know in my life, how I get to know, what is my relation to him/her, married or not, children profession and so on, and this to each person also of his/her family members. Therewith it will look like as if I am voluntarily doing that, where everyone can read it on the Internet. On 28 February 2008, the Dutch Immigration in cooperation with their slave, brainwashers and mind destructive company called COA-Centraal Orgaan opvang asielzoekers (in English: Central Agency for the Reception of Asylum Seekers) forced me to live isolated in the village of nowhere called Bellingwolde on the German border, which very much was a brainwash message to me that means "this is as far as you are going to go to Germany" which was one of hundreds of other sadistic brainwash to force me to complaint and continue to write. In this isolated village many very destructive and tortures actions were performed upon me, among others not allowing me to have a regular good sleep of 8 or even 6 or even 4 hours on a daily basis, because some nasty person(s) were always waking me up using telepathy shortly after I sleep. And therewith they also continued to force me to write on the website but this time they were forcing me to write about things that does not concern me, I am not interested in, while forcing me to literally attack every royal family every where in Europe and the Middle East, attack many government members in various countries and so on. And this to make me look bad while corrupting the complaint I am writing that they forced me to start in the first of all. One of the things I discovered is that my middle (fake) sister named Afrah/Mona Najjar/Abokurah is not only not my biological sister, but also is not the same evil fake sister that went with me to Egypt on 10/11 January 1960 and I never saw her prior to that. To make it short this fake sister was working in the Egyptian TV as a news Anker and other program moderator/announcer, they even had her photo in the cover page of a very famous Egyptian magazine in end 1960s or begin of 1961, I believe it was the magazine Al-Musawer (the photographed), and as the title under the photo they had the text "Open the TV to see this beauty!". The TV was new at that time and without any doubt what so ever it was established by Americans, because in the test phase they had almost 20 hours per day American cartoons such as Micky Mouse and not Russians or from other countries of the previous Soviet Union, where they were also very famous in cartoons such as the former Czechoslovakia (later it was split in 3 countries), and this I discovered after I was taken to Germany, where the German TV was showing also their cartoons and their movies along with American, British and French programs along side their own German programs, which I did not see in Egypt, there was mainly American cartoons and American and Arabic movies=American TV. This sister disappeared of my life, allegedly she went to Jordan to help her sister Suhair Bdeir to give birth to a daughter named Reem Bdeir/Budier alias Princes Haya double or both are one and the same person. She never came back of this trip and I was told she get married to Mr. Abdalghani Abokurah and stayed in Amman, Jordan. Then I was sent to Jordan in 1967 for a summer vacation and for the first time in my life u saw her, where I was there 3 months. During which I was tricked in Egypt by giving me a cookbook of my fake sister Afrah Najar that she allegedly left behind. And therewith they forced my mind to think that Mrs. Abokurah is my original fake sister. What can I say, they are very efficient in brainwash. When she went to Jordan, she left many of her belonging, but it was disposed of and were not sent to her, except this cookbook that she allegedly hand written it, and then sent it to her through me. I may add that 2-3 years earlier my fake sister Suhair Bdeir came from Jordan to Cairo,

Egypt for a visit and did not take anything with her of her alleged sister belongings. Today I strongly believe that this fake sister either never left Egypt and continued to live in Egypt but elsewhere, or she left Egypt to somewhere else because Mrs. Abokurah alias Afrah Abokurah alias Afrah Najjar is 100% not the same sister as from 1960. And while I was forced to live in Bellingwolde after the year 2008 and was often waken up shortly after I sleep, often I was forced to look at photos on the Internet that did not concern me, and one of these photos was a Greek princess named Princess Marie-Chantal of Greece. And was forced to write about her as if she was my fake sister Afrah Najjar, which she was not, even though they had a few similar facial features but age wise there was a big gap, simultaneously writing about the son of Onassis and his alleged brother (but it was not his brother) and wrote some more about other Greek. During that period of time I had a lot of problems with dentists in that area, and I do not mean one, I mean over 10 of them that were either refusing to treat me or giving me a totally and on purpose a very bad and painful treatment. Therefore, I was always looking for a good and honest dentist and was asking around (for more info see the page "Slavery in Netherlands"). Suddenly a school colleague, as school that the immigration forced me to visit named Noorderpoort College allegedly to be integrated, but it was nothing else than a severe brainwash, and this incident it one of them. This school female colleague, originated from Thailand named Titi (nick name), coincidentally or not she was also my neighbor, she came up to me and said this is a good dentist and gave me his address, and I went to that dentist that was 2 villages further in a village named Scheemda. Please note some of these nasty dentists has telepathy and can force their victims to anything they want and I cannot defend myself against telepathy, this dentist was located as the only dentist in the village Scheemda and had several dentists one of them that treated me or mistreated me was Greek named Dimitrios Loakeimidis, he was allegedly new in Netherlands and did not speak Dutch (which very much force me to question how can that be?), he forced me to think that I need to pull all my teeth out, and I had no chance to say no, I even went to another dentist at a local hospital in the village of Winschoten and this Dutch dentist, said to me If I am you I would visit an additional dentist for a third opinion, because I think this suggested treatment is not necessary. But I was forced to ignore him. This nasty and Nazi dentist named Dimitrios Loakeimidis and his nasty and Nazi colleagues forced me to think that this must be done and forced me to agree and gave me an appointment, during which he allegedly prepared already 8 or 10 anesthetic syringes, he gave me the first and waited and tried to pull out the first tooth and I screamed that you can almost hear it in the next town, I felt that he was taking my entire head out, and he said sorry that hurt, let me give you another anesthetic syringes, and tried again, with absolute the same result, he allegedly prepared these 8-10 syringes to take out my fully healthy teeth, they were 14, the others I lost during the lockups between USA, Netherlands and Germany from the year 2000 to current, where they said they cannot treat my teeth, they can only pull them out=sadistically mean and vicious torture in these jails, prisons and refugee camps. To make it short, he gave me all 8-10 syringes and nothing changes, and during this torture he was able to pull out only 2 teeth because I was always screaming and pushing him away, there was 100% no anesthetics in these syringes, it was 100% water, it was a scare and torture tactics to force me to think that he was revenging for the Greeks that I wrote about. Please note, that the Greek royalties are 100% British origin and the current husband of the queen Elizabeth is German origin and also prince of Greece. In the end they forced me to pull out all my healthy teeth in the hospital in Groningen, where these savages also in Groningen did not prevent this fake diagnosis, which makes them 100% criminals and Nazi. In short, they wanted to force me to be scared to complain, please note they brainwashed me by force to complain and then did not like my complaint and forced me to attack others that are not involved such as Princess Marie-Chantal of Greece and the Onassis family. Who placed me these in this evil village and forced me by law to live there? The Dutch Immigration and their destructive company called COA that they use as a tool to brainwash innocent refugees as they

did to me be between 11 February 2001 to Mai 2012, then I was forced to relocate to Amsterdam and they made it look like as if I am doing it voluntarily, but I had no other choice. In matter of fact and today and based on how they treated me and treated hundreds of other refugees, I know that they have agents or even locals in the village Bellingwolde, Winschoten, Scheemda and Veendam that get paid to brainwash refugees and concentrate on some more than other, as they did to me these savages. What does this have to do with BP-British Petroleum? I was crying out loud and complaining about them and the project Calypso and that I never want to leave Germany but that these criminal brainwashed me, enslaved me under the CIA & MI6 and BP-British Petroleum whose named Najlaa Mahmoud ad then kidnapped me to USA by force to a country I always hated to go to because what they did to me in the American military base McGraw Kaserne in Munich between March 1970 and Summer 1972 that in the hidden continued ever after even in Netherlands because I discovered that the CIA and the American government perform a 100% illegal activitie(S), plural with capital "S" in Egypt, Jordan, Saudi Arabia and with the project Calypso also in Syria and most probably also in Lebanon, and most definitely also in Germany and this in cooperation with many British companies such as BP-British Petroleum. How much more sadistic can this company and their evil network be! The most important point here is also to force my mind to blame everything on Jewish and the Jewish state Israel as distraction of the BP-British Petroleum, the MI6 and CIA. And the only reason I know for fact it is the evil BP-British Petroleum and MI6 and CIA that were doing all this to me and much more since 1969 and not the Jewish, is because the members of my fake family are also hidden members of the Jordanian royal family and the Jordanian royal family was 100% established by the British royal family and that is a fact that no one can deny, and also the British who established Israel through the British general named Belfort in 1948, and that is also a fact, why they established Jordan, because they think they own the world and every one should submit to them. However the reason that they established Israel is not because they love Jewish and want to help them but rather for at least the following 2 reasons: reason one, they either discovered or helped that countless Nazi were established in the Middle East to help to use their knowledge to control the Middle East for them, and Israel was set there as a backup measure to prevent them to start a third World War. The second main reason is to use Israel as distraction and force all the neighboring Arabs to blame Israel for every ting in their lives, because all the major governments in the Middle East were constantly lying to the population and saying all the money is going for your defense against the evil Israel that want to conquer the world, which is a true lie and distraction of the money that are being constantly stolen by many members of the government and this from Saudi Arabia to Jordan to Egypt and the rest of the Arab world that is and until today is 100% controlled in the hidden by UK, USA and other European countries such as Greece, Italy and Spain, anything else is a lie. Israel was never the enemy of the Arabs and Muslims, they were only used as distraction. In matter of fact most Israeli live in fear of being unjustly killed, but also the Palestinian are fighting for their freedom that was systematically stolen of them. This as the true problem and the solution is simple, over come these obstacles that were placed in our lives and go towards what you think is your enemy and give him a hand or even a hug, because both have at least one thing in common: which is being suppressed! (sorry I get side tracked!)

Last but not least, all the above is the prove that the Dutch immigration re-brainwashed me and forced me to be busy with fake situations enable to cover up for the evil and criminal BP-British Petroleum, CIA, MI6, BND and the members of the project Calypso, but also to cover up for my fake and biological family that I have absolutely no doubt what so ever they know both of them, they are business partners with them, and they are most probably related to them. Don't think for one second that a country like Netherlands, or Germany or for the matter of fact any other country, would help me, one suppressed and enslaved person since 1984 and be fair and just to me against their partners such as BP-British

Petroleum, a very strong partner to the Dutch Shell or even the CIA, MI6 or BND and I also strongly suspect that they helped in 1984 to enslave me under their whore agent Najlaa Mahmoud and kidnap me to USA in 1986, because if the project Calypso was trading technologies for hostages, then yes because and to my knowledge also Dutch were kidnapped in that period of time and were held illegally in Lebanon, and therewith there is absolutely no different between the terrorists that kidnapped Americans, British, French and Dutch and kept them hostages in Lebanon, partially for 9 years and the Dutch, American, British and the German governments that all together brainwashed me, enslaved me under their whore agent Najlaa Mahmoud and kidnapped me to USA where they kept me as slave for 15 years and then took me to the Netherlands for more re-brainwash and lock ups of additional 13 years, equal at least 28 years and I am still counting!

A onetime criminal in the hidden, is always criminal in the hidden!

Is my fake family Jewish OR Americans & British & Dutch mixed with Nazis, you decide?
